Report of Independent Auditors

The Board of Directors
Verizon Foundation

We have audited the accompanying balance sheets of Verizon Foundation (the "Foundation") as of December 31, 2011 and 2010, and the related statements of activities and cash flows for the years then ended. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Foundation's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Verizon Foundation at December 31, 2011 and 2010, and the changes in its net assets and its cash flows for the years then ended in conformity with U.S. generally accepted accounting principles.

Notes to Financial Statements

December 31, 2011

1. Organization

Verizon Foundation (the "Foundation") is a private, nonprofit organization incorporated under the Not-for-Profit Corporation Law of New York. Officers of Verizon Communications Inc. ("Verizon") serve as officers or directors of the Foundation.

The Foundation was formed in December 1985 exclusively for charitable purposes, as specified in Section 501(c)(3) of the Internal Revenue Code of 1986 (the "Code"), including making contributions to organizations which qualify as exempt organizations under the Code.

2. Summary of Significant Accounting Policies

Use of Estimates

The financial statements are prepared on the accrual basis in conformity with U.S. generally accepted accounting principles, which require management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements and accompanying notes. Actual results could differ from those estimates.

Unrestricted Net Assets

Unrestricted net assets represent funds which are fully available, at the discretion of the Board of Directors and management, for the Foundation to utilize in any of its programs or supporting services.

Cash and Cash Equivalents

All highly liquid financial instruments with an original maturity of three months or less when purchased are classified as cash equivalents. Cash equivalents are stated at cost, which approximates fair value, and include amounts held in money market funds. The Foundation has cash and cash equivalents on deposit with one financial institution of high-credit quality and, at times, such cash and cash equivalents may be in excess of federally insured limits.

2. Summary of Significant Accounting Policies (continued)

Contributions

The Foundation records cash contributions and unconditional promises to make cash contributions as revenue upon receipt of the cash or the unconditional promise. Noncash contributions are recorded at fair value upon receipt. The Foundation received equity securities from a subsidiary of Verizon with a fair value of $853,566 and $7,668,317, which were subsequently sold for $842,962 and $7,059,073 in cash in May 2011 and June 2010, respectively. The Foundation recorded no cash contributions during 2011 and 2010. Additionally, Verizon contributed certain legal, tax and investment services and office facilities to the Foundation. The estimated fair value of the contributed services ($63,688 for 2011 and $61,238 for 2010) is reflected in the accompanying statements of activities as Contributions and as General, administrative and other expenses.

Investments

Investments are carried at fair value according to the accounting pronouncement on fair value measurements. Income earned from investments, including realized and unrealized gains and losses, is included in the accompanying statements of activities.

Premiums and discounts related to debt securities are included in the cost of investments and are amortized over the life of the investment using the constant yield method. Realized gains and losses on the sale of investments are determined on the specific-identification basis.

Fixed Assets

Fixed assets are recorded at cost and primarily consist of data processing equipment and software. Depreciation is calculated using the straight-line method over the estimated useful life of three to five years.

2. Summary of Significant Accounting Policies (continued)

Grants and Commitments

The Board of Directors may approve grants that are not disbursed in the year approved. Commitments that are unconditional promises to give are recorded as liabilities at their present value at the date of grant. Commitments that are not unconditional promises to give are recognized as liabilities when certain conditions are met. The discount rate applied to multi-year grants approximates fair value in accordance with the accounting standard on fair value measurements. At December 31, 2011, grants payable were discounted using interest rates ranging from 5.79% to 6.32%.

Taxes

The Foundation is exempt from federal income taxes under the Code. However, as a private foundation, the Foundation is subject to an excise tax not to exceed 2% of net investment income, including realized gains, as defined under Code Section 4940(a). The current (benefit) provision for federal excise tax for the years ended December 31, 2011 and 2010 amounted to ($23,754) and $279,604, respectively. The deferred (benefit) provision for federal excise tax, representing taxes on unrealized appreciation on investments, amounted to $(413,130) and $307,262 for the years ended December 31, 2011 and 2010, respectively. The current and deferred benefits for federal excise tax in 2011 reflect an adjustment in the excise tax rate applicable to the Foundation from 2% to 1% for the years ended December 31, 2011, 2010 and 2009. Management has determined that the Foundation had no uncertain tax positions that would require financial statement recognition as of and for the years ended December 31, 2011 and 2010, respectively.

2. Summary of Significant Accounting Policies (continued)

Fair Value Measurements

Fair value represents the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. The accounting standard on fair value measurements also establishes a three-tier hierarchy for inputs used in measuring fair value.

Level 1: Quoted prices in active markets for identical assets or liabilities

Level 2: Observable inputs other than quoted prices in active markets for identical assets and liabilities

Level 3: No observable pricing inputs in the market

Financial assets and liabilities are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement. The Foundation's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of the assets and liabilities being measured and their placement within the fair value hierarchy. The Foundation recognizes transfers between levels of the fair value hierarchy as of the end of the reporting period. There were no transfers within the fair value hierarchy during 2011 or 2010. Refer to Note 3 for the classification of investments, which are carried at fair value, within the three categories described above.

Subsequent Events

The Foundation has evaluated subsequent events through September 7, 2012, the date the financial statements were available to be issued.
