NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

1. Basis of Presentation and Recent Accounting Pronouncements

Verizon Maryland Inc. (Verizon Maryland or the Company) is a wholly owned subsidiary of Verizon Communications Inc. (Verizon). The unaudited condensed consolidated financial statements include the accounts of Verizon Maryland Inc. and its wholly owned subsidiary Verizon Online Maryland LLC. The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim periods. These condensed financial statements reflect all adjustments that are necessary for a fair presentation of results of operations and financial position for the interim periods shown including normal recurring accruals and other items. All significant intercompany accounts and transactions have been eliminated. The results for the interim periods are not necessarily indicative of results for the full year. The condensed balance sheet at December 31, 2008 has been derived from the audited financial statements at that date but does not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. For a more complete discussion of significant accounting policies and certain other information, you should refer to our December 31, 2008 audited financial statements.

In April 2009, the Financial Accounting Standards Board (FASB) issued Staff Position (FSP) FAS No. 107-1 and APB 28-1, *Interim Disclosures about Fair Value of Financial Instruments* (FSP FAS 107-1 and APB 28-1), which amends Statement of Financial Accounting Standards (SFAS) No. 107, *Disclosures about Fair Value of Financial Instruments*, to require disclosures about the fair value of financial instruments for interim reporting periods, as well as annual reporting periods. FSP FAS 107-1 and APB 28-1 are effective for all interim and annual reporting periods ending after June 15, 2009 and shall be applied prospectively. We do not expect that the adoption of FSP FAS 107-1 and APB 28-1 will have a significant impact on our condensed consolidated financial statements.

2. Shareowner's Investment

(Dollars in Millions)	Common Stock	Contributed Capital	Reinvested Earnings
Balance at December 31, 2008	$ 735	$ 143	$ 425
Net income	---	---	31

Net income and comprehensive income were the same for the three months ended March 31, 2009 and 2008, respectively.

3. Commitments and Contingencies

Various legal actions and regulatory proceedings are pending to which we are a party and claims which, if asserted, may lead to other legal actions. We have established reserves for specific liabilities in connection with regulatory and legal matters that we currently deem to be probable and estimable. We do not expect that the ultimate resolution of pending regulatory and legal matters in future periods will have a material effect on our financial condition, but it could have a material effect on our results of operations.

From time to time, state regulatory decisions require us to assure customers that we will provide a level of service performance that falls within prescribed parameters. There are penalties associated with failing to meet those service parameters and we, from time to time, pay such penalties. We do not expect these penalties to have a material effect on our financial condition, but they could have a material effect on our results of operations.

4. Subsequent Event

On May 1, 2009, we declared dividends in the amount of $95 million to our parent, Verizon.
