

6929 N. Lakewood Avenue
Tulsa, OK 74117

PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)

February 29, 2024

Carrier: Verizon Pennsylvania LLC, 900 Race Street, Philadelphia, PA 19107

Contact: For additional information on these planned network changes, please contact:

Lisa Thompson
Global Data Network Engineering
Verizon Wireline Network Operations
13100 Columbia Pike, Floor 5 Room 505
Silver Spring, MD 20904
(410) 375-9777

Quadre Washington
Associate Director – Global Engineering and System Performance
Verizon Wireline Network Operations
320 Saint Paul Place
Baltimore, MD 21202
(410) 736-4261

Implementation Date: On or after January 2, 2025

Planned Network Change(s) will occur at the following locations in Pennsylvania:

Verizon Central Office	Address	CLLI
PALMYRA PA 5ESS Switch	124 N. Locust Street Palmyra, PA 17078	PLMYPAPADS0
HARRISBURG PA CS2K Switch	210 Pine Street Harrisburg, PA 17101	HRBGPAHAPS0

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Palmyra PA 5ESS switch are associated with CLLI code PLMYPAPADS0 and will not be repeated throughout this notice.
- All references to the Harrisburg PA CS2K switch are associated with CLLI code HRBGPAHAPS0 and will not be repeated throughout this notice.

Description of the Planned Network Change(s):

The Verizon Palmyra PA 5ESS switch, located at 124 N. Locust Street, Palmyra, PA 17078, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Harrisburg PA CS2K switch, located at 210 Pine Street, Harrisburg, PA 17101. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Harrisburg PA CS2K switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Palmyra PA 5ESS switch will be required to reposition the codes to the Harrisburg PA CS2K switch.

All ASRs for the Harrisburg PA CS2K switch must be received no later than October 28, 2024 to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Palmyra PA 5ESS switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Palmyra PA 5ESS switch (**on or after January 2, 2025**). This will serve to guide interconnect re-routes of traffic for the six (6) native codes currently served by the Palmyra PA 5ESS switch to reflect the Harrisburg PA CS2K switch as the new home switch. All ASRs for the Harrisburg PA CS2K switch must carry the project code of **PLMYPAPADS0**.
