Amsterdam	Luxembourg
Australia	Madrid
Barcelona	Milan
Brussels	Paris
Dusseldorf	Rome
Frankfurt	United Kingdom
Geneva	Vienna
Hong Kong	Zurich
Japan	

(N)

Term Commitment Plans (N)

The minimum service period for PL Services is one year. A subscriber to PL Services must select a Term Commitment Plan period ranging from one year to three years at the appropriate discounts of rates shown in the Rates and Charges Section.

The Term Commitment Plan discount percentage is applied to the currently effective monthly rates. When recurring published rates are changed, existing Term Commitment Plan Customers will be effected, thereby causing an increase or decrease in the rates applicable to the customer.

In the event that Company-initiated cumulative rate increases of 10% or more during the Service Period of a Customer's Term Commitment Plan, the Customer may cancel its Term Commitment Plan without termination liability as set forth below.

The Customer must exercise the Term Commitment Plan cancellation option within 90 days of the effective date of the cumulative 10% rate increase.

The Term Commitment Plan discount percentage will not be subject to Company initiated decreases during the Service Period for existing Customers. The Company can increase discount percentages.

Termination Liability

If the Customer terminates service in whole or in part after the installation of the service but prior to completion of the service period, the Customer shall be obligated to pay the remaining payments, i.e., the monthly charge times the remaining months of the service period selected.

Termination Charge = Remaining Months x Monthly Charge

Extension of Service Period

A Customer may, prior to the expiration of the selected service period, replace the initial Term Commitment Plan with a longer service period Plan. No termination liability charges will apply for the circuits extended to a longer service period. The new service period begins with the date requested.

Nonrecurring charges will not be applied to the replacement Term Commitment Plan.

Term Commitment Plans, (Cont'd.) (N)

Renewals

Upon the expiration of the initial Term Commitment Plan service period, the Term Commitment Plan shall automatically renew for a service period equal to that of the initial Plan unless the

Customer notifies the Company otherwise in writing at least thirty (30) days prior to the expiration of the initial Term Commitment Plan or the renewal Plan then in effect, as applicable.

The Customer will be charged the then-prevailing rates for the newly renewed or selected Term Commitment Plan.

Replacement Service

If within sixty (60) days of the date the Customer issues its termination notice to the Company for a particular service, the Customer orders replacement service, the Company shall waive the termination liability charges above for the service which was terminated by the Customer if:

When the replacement service is ordered by the Customer, such replacement service is specifically identified as being a replacement for the terminated service; and

The monthly charges for the replacement service are equal to at least ninety percent (90%) of the monthly charges for the terminated service for which it is a replacement; and

The expiration date of the Term Commitment Plan for the replacement service is no earlier than the expiration date of the terminated Service Commitment Plan.

Other Terms and Conditions

Taxes and Fees apply in addition to the stated rates.
