International Plan K-Unlimited Service (Freedom/Freedom Extra)

General Description

Customers that subscribe to Plan K-Unlimited domestic services automatically default to International Plan K-Unlimited Service that provides discounted calling for international calling. The discounts include free calling to Canada and a waiver of the monthly recurring charge for international service. This service is not available with any other domestic calling plan and is not offered as a stand-alone international service.

Alternatively, the Plan K-Unlimited Customer may select any of the Company's International Options instead of the default International Plan K-Unlimited Service. The Customer that selects a different International Option will still receive free calling to Canada, but will pay all other monthly recurring and usage charges associated with the International Option that they selected.

Other Terms and Conditions

Taxes and Fees are in addition to the stated rates.

If the Customer does not remain subscribed to the qualifying Plan K-Unlimited domestic service, they will no longer receive International Plan K-Unlimited Service. If the Customer does not select a different International Option, they will default to International Option 2 Service international rates.

Plan K-Unlimited Customers that select a different International Option and do not remain subscribed to the qualifying Plan K-Unlimited domestic service will no longer receive free calling to Canada. They will continue to receive all other International Option Service rates for the International option that they selected.

Service is offered subject to the availability of the necessary facilities, equipment and/or Customer information, including, but not limited to, billing systems and information required for billing. The Company may decline applications for service to or from a location where the necessary facilities or equipment are not available.

Rates and Charges

Each call is billed individually in one minute increments after an initial minimum call duration of one minute. Any partial minute is rounded up to a full minute. Fractional charges are rounded up to the next cent.
