# International Regional Calling Plan

**Effective November 19, 2009, International Regional Calling Plan is grandfathered and no longer available to new Customers. No moves, changes or additions will be allowed for existing Customers.**

## General Description

The International Regional Calling Plan is offered to Business Customers for outbound direct dialed calling to a frequently called region, from presubscribed switched or dedicated Access Lines. The International Regional Calling Plan Customer chooses one of four regions - Asia Pacific, Europe, Latin America, or Middle East for which a specific pricing plan applies as described below. The Customer subscribing to this plan must also subscribe to a Company domestic calling plan.

The Customer can only subscribe to one international calling plan and may only choose one of the four regional options per account.

Charges incurred contribute to minimum spending levels for the Simple Options Customer.

## Billing Increments

Each direct dialed call is billed in six (6) second increments after an initial minimum call duration of eighteen (18) seconds.

## Other Terms and Conditions

Taxes and Fees apply in addition to the stated rates.
