

6929 N. Lakewood Avenue
Tulsa, OK 74117

PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)

November 1, 2022

Carrier: Verizon New England Inc., 6 Bowdoin Square, 9th Floor, Boston, MA 02114

Contact: For additional information on these planned network changes, please contact:

Marcia Chaffin
Verizon Network Engineering
385 Myles Standish Blvd.
Taunton, MA 02780
978-552-3638

John Dunne
Manager – Global Engineering and System Performance
Verizon Wireline Network Operations
999 W Main St., 4th Floor
Freehold, NJ 07728
732-683-5126

Implementation Date: On or after June 1, 2023

Planned Network Change(s) will occur at the following location(s) in Massachusetts:

Verizon Central Office	Address	CLLI
Dracut, MA DMS10 Switch	1212 Mammoth Road, Dracut, MA 01826	DRCTMAMMDS0
Lowell, MA Packet End Office (PEO) Switch	115 Appleton Street, Lowell, MA 01852	LWLLMAAPPSA

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Dracut, MA DMS10 switch are associated with CLI code DRCTMAMMDS0 and will not be repeated throughout this notice.
- All references to the Lowell, MA PEO switch are associated with CLI code LWLLMAAPPSA and will not be repeated throughout this notice.

Description of the Planned Network Change(s):

The Verizon Dracut, MA DMS10 switch, located at 1212 Mammoth Road, Dracut, MA 01826, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Lowell, MA PEO switch, located at 115 Appleton Street, Lowell, MA 01852. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Lowell, MA PEO switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Dracut, MA DMS10 switch will be required to reposition the codes to the Lowell, MA PEO switch.

All ASRs for the Lowell, MA PEO switch must be received no later than April 14, 2023 to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Dracut, MA DMS10 switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Dracut, MA DMS10 switch **on or after June 1, 2023**. This will serve to guide interconnect re-routes of traffic for the two (2) native codes currently served by the Dracut, MA DMS10 switch to reflect the Lowell, MA PEO switch as the new home switch. All ASRs for the Lowell, MA PEO switch must carry the project code of DRCTMAMMDS0.
