

AUDIT COMMITTEE CHARTER

PURPOSE AND AUTHORITY

The purpose of the Audit Committee is to assist the Board of Directors in its oversight of: (1) the integrity of the Corporation's accounting and financial reporting and its systems of internal controls, (2) the performance and qualifications of the independent registered public accounting firm (including the independent registered public accounting firm's independence), (3) the performance of the Corporation's internal audit function, and (4) the Corporation's compliance with legal and regulatory requirements. Consistent with this oversight function, the Committee shall have the authority to conduct investigations into any matters within the Committee's responsibilities and, in doing so, have full access to the Corporation's records, employees, and independent registered public accounting firm (with or without the presence of management).

The Committee shall have the authority, to the extent it deems necessary or appropriate, to retain, utilize and rely on legal, accounting or other advisors for advice and assistance. The Corporation shall pay the costs of any such advisors retained by the Committee.

COMPOSITION AND QUALIFICATIONS

The Committee shall have at least three members and shall consist solely of independent Directors, consistent with applicable stock exchange listing standards and applicable legal requirements. All members of the Committee shall be financially literate. In addition, the Committee Chair shall have accounting or related financial management expertise, consistent with applicable stock exchange listing standards, and at least one member of the Committee shall be a financial expert, as defined by the rules of the Securities and Exchange Commission.

The Board of Directors will assess and determine the qualifications of the Committee members with reference to the requirements set forth in this Charter. The members of the Committee shall be annually appointed by the Board of Directors, on the recommendation of the Corporate Governance and Policy Committee, and may be replaced by the Board of Directors according to the Corporation's Bylaws.

The Board of Directors shall select the Audit Committee Chair. If a Chair is not designated or present, a Chair may be designated by a majority vote of the Committee members present.

Director's compensation is the only compensation which members of the Committee may receive from the Corporation.

A Director who is serving on the audit committees of three or more other public companies shall not be appointed to the Committee unless the Board of Directors determines that such simultaneous service would not impair the Director's ability to serve effectively on the Committee.

MEETINGS

The Committee shall meet at least four times each year or more frequently as circumstances dictate. The Committee shall meet separately with each of management, the internal auditors and the independent auditor at least quarterly. At least annually, the Committee shall meet separately with the General Counsel.

RESPONSIBILITIES AND DUTIES

The Committee recognizes that the Corporation's management is responsible for the completeness and accuracy of the Corporation's financial statements and disclosures and for maintaining effective internal controls. The Committee also recognizes that the independent auditor is responsible for auditing the Corporation's financial statements and the effectiveness of its internal controls over financial reporting. Accordingly, management and the independent auditor have more knowledge and more detailed information about the Corporation than do Committee members and the Committee's primary responsibility is oversight. In carrying out its oversight responsibilities, the Committee will be relying, in part, on the expertise of management and the independent auditor.

The Internal Audit department shall report functionally to the Committee.

The Committee shall be responsible for the appointment, compensation, removal, and oversight of the work of the independent auditor. The independent auditor shall report directly to the Committee, and the Committee shall oversee the resolution of disagreements between management and the independent auditor in the event that they arise.

To fulfill this oversight responsibility, the Committee shall:
