

Your 2017 pension payment schedule

To help you plan for the coming year, we are providing the pension payment schedule for 2017.

Please keep this information handy so you will know when your check is being mailed.

We ask that you provide us with your e-mail address so we can notify you by e-mail each month on the date your pension check is mailed to your home address. This will be the only way you will be notified of the date your pension check is mailed to you.

Providing us your e-mail address is easy.

Go to BenefitsConnection at verizon.com/BenefitsConnection. Then, click on **My Profile > Update Email, Phone and Communication Preferences > Update telephone or email address** and enter your current e-mail.

Important: Pension mail date will not be provided by the Verizon Benefits Center.

We receive thousands of inquiries each month about pension mail dates, and that prevents retirees with more complex issues and other types of benefits questions from reaching a representative to receive the help they need. We appreciate your cooperation in referring to the schedule, and not calling the Verizon Benefits Center, to find out when your pension check is being mailed. If you don't receive your pension check within seven business days after the mail date, the Verizon Benefits Center can have your check reissued. Please do not call until the eighth business day following the mail date.
