<tr>
<td>Retirement of Copper network facilities in the areas listed in Exhibit A</td>
<td>Pinecrest</td>
</tr>
</tbody>
</table>

Description of the Planned Network Change(s):
Verizon intends to retire certain copper facilities in the Pinecrest, Florida central office area at the locations listed on the attached Exhibit A and to provide services over a fiber network infrastructure. Verizon has deployed its FiOS fiber-to-the-home network in the areas identified in Exhibit A.

Description of reasonably foreseeable impact(s) of the planned change(s):
After the retirement of copper facilities, Verizon will: (1) no longer be required to offer UNEs or other services over copper facilities; and (2) remove or cease maintaining the copper facilities. However, to the extent required by applicable agreements and federal law, Verizon will offer to requesting carriers a 64 Kbps voice grade channel over fiber loops that have been deployed where copper loops were retired.

Exhibit A

9900 to 10500 block of Allen Rd.
