Verizon Tariffs, Product Guides, Agreements and Related Materials

Verizon Communications believes this to be an accurate electronic representation of its tariffs, which are officially filed at State Public Utility Commissions and the Federal Communications Commission. However, users of this electronic library should note that the documents herein are not the official documents, users assume sole responsibility for any reliance on the tariffs in this library. Verizon bears no responsibility or liability for the accuracy of documents in its electronic library.

To find state specific information, click on the state you would like to view.

For Verizon Federal Documents, click on the flag.
Finding Tariff and Related Information On the Web

Content Search Page Displays
(Establish Search Parameters: Search by State)

Select a state from the Search Menu

To select a State Code, click on the ellipses
Finding Tariff and Related Information On the Web

State Code Lookup Page Displays
Select the State from the Menu and Click OK
TIMS Type

To narrow Search Results, select the type of document – for example:
L = Local
(TIMS Type can be left blank if searching for all types, or type not known.)
TIMS Status:

Search can be done by entering: P (for Pending), E (Effective), A (Archive), H (Historical), or Cancelled status. Not selecting a status will bring back all results with a status (as above).
Finding Tariff and Related Information On the Web

To search for a particular word in a document, type the word in the Search For box.

Click on Show Adobe Reader toolbar
Select the binoculars

Network Services

7. Rates

7.1 Special Construction

7.1.1 Bases for Rates and Charges

Rates and charges for special construction will be based on the costs incurred by the Company and may include (1) non-recurring type charges, (2) recurring type charges, (3) termination liabilities, or (4) combinations thereof.

7.1.2 Basis for Cost Computation

The costs referred to in 7.1.1 may include one or more of the following items to the extent that they are applicable:

(a) Cost installed of facilities to be provided, including estimated costs for the rearrangements of existing facilities. Cost installed includes the cost of:

(1) equipment and materials provided or used,
(2) engineering, labor and supervision,
(3) transportation, and
Finding Tariff and Related Information On the Web

Type in the word rates and click Search
Finding Tariff and Related Information On the Web

Adobe Acrobat Search finds the word *rates* in the document and highlights the word.
Please Note: When doing a Content Search from the State web page, the state must still be specified in the state code field of the Content Search screen.

(State – web page)
Example: Selecting Content Search from MD State Web Page – specify state MD
Finding Tariff and Related Information On the Web

More than one state can be specified when doing a Search. Also, state does not have to be populated and Search Results will return every state that has the word specified in the "Search For" field.

Results of Search – MD and NY documents – search performed for rates

Click on Document Name tab to order the document link Results alphabetically
TIPS ON USING SEARCH

Other tips that may help return the most accurate search results:

Narrow your search. Narrow your search by linking them with AND; the search engine will find pages containing all the keywords.  (see Example 1)

Expand your search. Expand your search by linking keywords with OR and the search engine will find pages with at least one of the keywords.  (see Example 2)

Double quotations: Enclosing a word with double quotations marks (see Example 3)
Example 1:

Narrow Search Using AND to link keywords

Search For: DS1 and DS3
Total Records returned = 439
Click on Document Name tab to order the document link Results alphabetically
Finding Tariff and Related Information On the Web

Select DEBTA2
1. Click the binoculars when the document opens
2. Type in DS1
3. Adobe finds 3 references in the document for DS1
Finding Tariff and Related Information On the Web

Adobe finds 3 references in the document for DS1
Finding Tariff and Related Information On the Web

Click on New Search
Adobe also finds a reference for DS3 in the same document

4. Click on New Search
5. Type in DS3
6. Adobe also finds a reference for DS3 in the same document
Example 2:

Expand your search by linking keywords with OR and the search engine will find pages with at least one of the keywords

Search For: foreign exchange or central office
Finding Tariff and Related Information On the Web

Total records returned are 1001
Finding Tariff and Related Information On the Web
