One Verizon Way
Basking Ridge, NJ 07920

SHORT TERM PUBLIC NOTICE UNDER RULE 51.333(a)

November 2, 2026

Carrier: Verizon New Jersey Inc., One Verizon Way, Basking Ridge, NJ 07920

Contact: For additional information on these planned network changes, please contact:

Lisa Thompson
Global Data Network Engineering
Verizon Wireline Network Operations
13100 Columbia Pike, Floor 5 Room 505
Silver Spring, MD 20904
410-375-9777

Michael Childs
Associate Director
Verizon Network Engineering
5055 North Point Pkwy.
Alpharetta, GA 30022
469-497-4466

Implementation Date: On or after December 30, 2026

Planned Network Change(s) will occur at the following locations in New Jersey:

Verizon Central Office	Address	CLLI
Little Falls NJ 5ESS Switch	19 Maple Street Little Falls, NJ 07424	**LTFLNJLFDS5**
Rochelle Park NJ CS2K Switch	65 W. Passaic Street Rochelle Park, NJ 07662	**RCPKNJ01PS0**

This notice may also be viewed at
http://www.verizon.com/about/terms-conditions/network-disclosures

PLEASE NOTE:

- All references to the Little Falls NJ 5ESS switch are associated with CLLI code LTFLNJLFDS5 and will not be repeated throughout this notice.
- All references to the Rochelle Park NJ CS2K switch are associated with CLLI code RCPKNJ01PS0 and will not be repeated throughout this notice.

Description of the Planned Network Change(s):
The Verizon Little Falls NJ 5ESS switch, located at 19 Maple Street, Little Falls, NJ 07424, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Rochelle Park NJ CS2K switch, located at 65 W. Passaic Street, Rochelle Park, NJ 07662. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):
Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Rochelle Park NJ CS2K switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Little Falls NJ 5ESS switch will be required to reposition the codes to the Rochelle Park NJ CS2K switch.

All ASRs for the Rochelle Park NJ CS2K switch must be received no later than December 1, 2026, to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Little Falls NJ 5ESS switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Little Falls NJ 5ESS switch (**on or after December 30, 2026**). This will serve to guide interconnect re-routes of traffic for the six (6) native codes currently served by the Little Falls NJ 5ESS switch to reflect the Rochelle Park NJ CS2K switch as the new home switch.
