RE: Notice of Intention to Inspect, Survey and Install/Upgrade Cable Television Facilities and Service at:
338 Lincoln Place, Brooklyn, NY

Dear Property Owner/ Manager:

I have been advised by Verizon New York Inc.'s ("Verizon") NYC Fios Real Estate Department of Verizon's unsuccessful attempts to inspect, survey and/or install Fios facilities at **338 Lincoln Place, Brooklyn, NY** ("Property"). Our records indicate that we have not yet been able to obtain access to the Property. The purpose of this letter is to restate and explain our need to gain access to your Property.

By way of background, Verizon is attempting to gain access to your Property because we have received a request for Fios service(s) from resident(s) in your building and/or resident(s) of another building on your block, and our access to your Property is necessary to provide cable television services to such residents. We are very excited about the opportunity to provide world-class voice, data and video services to area residents using a fiber-based network to deliver these services at unprecedented speeds and capacities. Your cooperation in allowing Verizon access to your Property will enable your tenants and/or other residents on your block to receive the services they want in a timely manner.

It is Verizon's position that under Section 228 of the New York Public Service Law and Title 16, Part 898, of the New York Codes, Rules and Regulations ("NYCRR"), Verizon has the right to install cable television facilities upon the Property. In addition, Verizon's Cable Franchise Agreement with the City of New York requires Verizon, subject to certain terms, conditions, and exceptions, to provide cable television service to residents in its franchise area who request it, and Verizon has a limited timeframe in which to do so. Verizon's ability to meet these expectations may be compromised by the delay we are experiencing in trying to gain access to and install cable television facilities at your Property.

Verizon's proposed installation will protect the safety, functioning and appearance of the premises, and Verizon will bear the cost of the installation of its cable television facilities. Verizon will also indemnify the landlord for any damage caused by the installation of Verizon's facilities. Verizon's policy is to work with you to arrange convenient dates for access and to reach agreement on engineering plans / designs for the Property. **Please contact Verizon's NYC Fios Real**

02-065001

Estate Department at (888) 364-3467 within two weeks of receipt of this letter so that we may move forward with the process of bringing Fios to your Property and/or other properties on your block.

If you believe that Verizon's installation of cable television facilities constitutes an undue "taking" of your Property, you may file a petition for "just compensation" with the New York State Public Service Commission under the procedures set forth in Section 228 of the New York Public Service Law and Title 16, Part 898, of the NYCRR. Please note, however, that the filing of such a petition does not delay Verizon's right to access your Property. The complete text of Section 228 may be found on the enclosed copy of the notice of Verizon's intention to survey/install/upgrade cable television facilities and service.

If we do not hear from you within two weeks as mentioned above, Verizon's Legal Department may be forced to file a Petition for Order of Entry to the New York State Public Service Commission, after which you will be afforded, per 16 NYCRR 898.4(b)(9), twenty days to answer the Petition and set forth any additional matter not contained in the Petition. The Petition will seek an order granting Verizon the right to survey for and/or install/upgrade cable television facilities and service at your Property. If you have specific legal questions about Verizon's rights under New York law or Verizon's Cable Franchise Agreement, we recommend that you consult with an attorney. You may also contact Michael Morano, Assistant General Counsel for Verizon's National Operations, at (908) 559-3332 to discuss legal issues or questions, but please be advised that he represents Verizon and cannot provide you with legal advice.

Your cooperation in this matter would be greatly appreciated. We look forward to hearing from you.

Sincerely,

Alyson Seigal
Manager, Fios Franchise Assurance – New York City

If you believe that Verizon's installation of cable television facilities constitutes an undue "taking" of your Property, you may file a petition for "just compensation" with the New York State Public Service Commission under the procedures set forth in Section 228 of the New York Public Service Law and Title 16, Part 898, of the NYCRR. Please note, however, that the filing of such a petition does not delay Verizon's right to access your Property. The complete text of Section 228 may be found on the enclosed copy of the notice of Verizon's intention to survey/install/upgrade cable television facilities and service.

If we do not hear from you within two weeks as mentioned above, Verizon's Legal Department may be forced to file a Petition for Order of Entry to the New York State Public Service Commission, after which you will be afforded, per 16 NYCRR 898.4(b)(9), twenty days to answer the Petition and set forth any additional matter not contained in the Petition. The Petition will seek an order granting Verizon the right to survey for and/or install/upgrade cable television facilities and service at your Property. If you have specific legal questions about Verizon's rights under New York law or Verizon's Cable Franchise Agreement, we recommend that you consult with an attorney. You may also contact Michael Morano, Assistant General Counsel for Verizon's National Operations, at (908) 559-3332 to discuss legal issues or questions, but please be advised that he represents Verizon and cannot provide you with legal advice.

Your cooperation in this matter would be greatly appreciated. We look forward to hearing from you.

RE: Notice of Intention to Inspect, Survey and Install/Upgrade Cable Television Facilities and Service at:
4141 Broadway, New York, NY

Dear Property Owner/ Manager:

I have been advised by Verizon New York Inc.'s ("Verizon") NYC Fios Real Estate Department of Verizon's unsuccessful attempts to inspect, survey and/or install Fios facilities at **4141 Broadway, New York, NY** ("Property"). Our records indicate that we have not yet been able to obtain access to the Property. The purpose of this letter is to restate and explain our need to gain access to your Property.

By way of background, Verizon is attempting to gain access to your Property because we have received a request for Fios service(s) from resident(s) in your building and/or resident(s) of another building on your block, and our access to your Property is necessary to provide cable television services to such residents. We are very excited about the opportunity to provide world-class voice, data and video services to area residents using a fiber-based network to deliver these services at unprecedented speeds and capacities. Your cooperation in allowing Verizon access to your Property will enable your tenants and/or other residents on your block to receive the services they want in a timely manner.

It is Verizon's position that under Section 228 of the New York Public Service Law and Title 16, Part 898, of the New York Codes, Rules and Regulations ("NYCRR"), Verizon has the right to install cable television facilities upon the Property. In addition, Verizon's Cable Franchise Agreement with the City of New York requires Verizon, subject to certain terms, conditions, and exceptions, to provide cable television service to residents in its franchise area who request it, and Verizon has a limited timeframe in which to do so. Verizon's ability to meet these expectations may be compromised by the delay we are experiencing in trying to gain access to and install cable television facilities at your Property.

Verizon's proposed installation will protect the safety, functioning and appearance of the premises, and Verizon will bear the cost of the installation of its cable television facilities. Verizon will also indemnify the landlord for any damage caused by the installation of Verizon's facilities. Verizon's policy is to work with you to arrange convenient dates for access and to reach agreement on engineering plans / designs for the Property. **Please contact Verizon's NYC Fios Real**

02-065007

Estate Department at (888) 364-3467 within two weeks of receipt of this letter so that we may move forward with the process of bringing Fios to your Property and/or other properties on your block.

The complete text of Section 228 may be found on the enclosed copy of the notice of Verizon's intention to survey/install/upgrade cable television facilities and service.

RE: Notice of Intention to Inspect, Survey and Install/Upgrade Cable Television Facilities and Service at:
4206 Carpenter Av, Bronx, NY

Dear Property Owner/ Manager:

I have been advised by Verizon New York Inc.'s ("Verizon") NYC Fios Real Estate Department of Verizon's unsuccessful attempts to inspect, survey and/or install Fios facilities at **4206 Carpenter Av, Bronx, NY** ("Property"). Our records indicate that we have not yet been able to obtain access to the Property. The purpose of this letter is to restate and explain our need to gain access to your Property.

By way of background, Verizon is attempting to gain access to your Property because we have received a request for Fios service(s) from resident(s) in your building and/or resident(s) of another building on your block, and our access to your Property is necessary to provide cable television services to such residents. We are very excited about the opportunity to provide world-class voice, data and video services to area residents using a fiber-based network to deliver these services at unprecedented speeds and capacities. Your cooperation in allowing Verizon access to your Property will enable your tenants and/or other residents on your block to receive the services they want in a timely manner.

It is Verizon's position that under Section 228 of the New York Public Service Law and Title 16, Part 898, of the New York Codes, Rules and Regulations ("NYCRR"), Verizon has the right to install cable television facilities upon the Property. In addition, Verizon's Cable Franchise Agreement with the City of New York requires Verizon, subject to certain terms, conditions, and exceptions, to provide cable television service to residents in its franchise area who request it, and Verizon has a limited timeframe in which to do so. Verizon's ability to meet these expectations may be compromised by the delay we are experiencing in trying to gain access to and install cable television facilities at your Property.

Verizon's proposed installation will protect the safety, functioning and appearance of the premises, and Verizon will bear the cost of the installation of its cable television facilities. Verizon will also indemnify the landlord for any damage caused by the installation of Verizon's facilities. Verizon's policy is to work with you to arrange convenient dates for access and to reach agreement on engineering plans / designs for the Property. **Please contact Verizon's NYC Fios Real**

02-065005

Estate Department at (888) 364-3467 within two weeks of receipt of this letter so that we may move forward with the process of bringing Fios to your Property and/or other properties on your block.

If you believe that Verizon's installation of cable television facilities constitutes an undue "taking" of your Property, you may file a petition for "just compensation" with the New York State Public Service Commission under the procedures set forth in Section 228 of the New York Public Service Law and Title 16, Part 898, of the NYCRR. Please note, however, that the filing of such a petition does not delay Verizon's right to access your Property. The complete text of Section 228 may be found on the enclosed copy of the notice of Verizon's intention to survey/install/upgrade cable television facilities and service.

If we do not hear from you within two weeks as mentioned above, Verizon's Legal Department may be forced to file a Petition for Order of Entry to the New York State Public Service Commission, after which you will be afforded, per 16 NYCRR 898.4(b)(9), twenty days to answer the Petition and set forth any additional matter not contained in the Petition. The Petition will seek an order granting Verizon the right to survey for and/or install/upgrade cable television facilities and service at your Property. If you have specific legal questions about Verizon's rights under New York law or Verizon's Cable Franchise Agreement, we recommend that you consult with an attorney. You may also contact Michael Morano, Assistant General Counsel for Verizon's National Operations, at (908) 559-3332 to discuss legal issues or questions, but please be advised that he represents Verizon and cannot provide you with legal advice.

Your cooperation in this matter would be greatly appreciated. We look forward to hearing from you.

Sincerely,

Alyson Seigal

RE: Notice of Intention to Inspect, Survey and Install/Upgrade Cable Television Facilities and Service at:
1601 Beverly Rd, Brooklyn, NY

Dear Property Owner/ Manager:

I have been advised by Verizon New York Inc.'s ("Verizon") NYC Fios Real Estate Department of Verizon's unsuccessful attempts to inspect, survey and/or install Fios facilities at **1601 Beverly Rd, Brooklyn, NY** ("Property"). Our records indicate that we have not yet been able to obtain access to the Property. The purpose of this letter is to restate and explain our need to gain access to your Property.

By way of background, Verizon is attempting to gain access to your Property because we have received a request for Fios service(s) from resident(s) in your building and/or resident(s) of another building on your block, and our access to your Property is necessary to provide cable television services to such residents. We are very excited about the opportunity to provide world-class voice, data and video services to area residents using a fiber-based network to deliver these services at unprecedented speeds and capacities. Your cooperation in allowing Verizon access to your Property will enable your tenants and/or other residents on your block to receive the services they want in a timely manner.

It is Verizon's position that under Section 228 of the New York Public Service Law and Title 16, Part 898, of the New York Codes, Rules and Regulations ("NYCRR"), Verizon has the right to install cable television facilities upon the Property. In addition, Verizon's Cable Franchise Agreement with the City of New York requires Verizon, subject to certain terms, conditions, and exceptions, to provide cable television service to residents in its franchise area who request it, and Verizon has a limited timeframe in which to do so. Verizon's ability to meet these expectations may be compromised by the delay we are experiencing in trying to gain access to and install cable television facilities at your Property.

Verizon's proposed installation will protect the safety, functioning and appearance of the premises, and Verizon will bear the cost of the installation of its cable television facilities. Verizon will also indemnify the landlord for any damage caused by the installation of Verizon's facilities. Verizon's policy is to work with you to arrange convenient dates for access and to reach agreement on engineering plans / designs for the Property. **Please contact Verizon's NYC Fios Real**

02-136031

Estate Department at (888) 364-3467 within two weeks of receipt of this letter so that we may move forward with the process of bringing Fios to your Property and/or other properties on your block.

If you believe that Verizon's installation of cable television facilities constitutes an undue "taking" of your Property, you may file a petition for "just compensation" with the New York State Public Service Commission under the procedures set forth in Section 228 of the New York Public Service Law and Title 16, Part 898, of the NYCRR. Please note, however, that the filing of such a petition does not delay Verizon's right to access your Property. The complete text of Section 228 may be found on the enclosed copy of the notice of Verizon's intention to survey/install/upgrade cable television facilities and service.

If we do not hear from you within two weeks as mentioned above, Verizon's Legal Department may be forced to file a Petition for Order of Entry to the New York State Public Service Commission, after which you will be afforded, per 16 NYCRR 898.4(b)(9), twenty days to answer the Petition and set forth any additional matter not contained in the Petition. The Petition will seek an order granting Verizon the right to survey for and/or install/upgrade cable television facilities and service at your Property. If you have specific legal questions about Verizon's rights under New York law or Verizon's Cable Franchise Agreement, we recommend that you consult with an attorney. You may also contact Michael Morano, Assistant General Counsel for Verizon's National Operations, at (908) 559-3332 to discuss legal issues or questions, but please be advised that he represents Verizon and cannot provide you with legal advice.

Your cooperation in this matter would be greatly appreciated. We look forward to hearing from you.

RE: Notice of Intention to Inspect, Survey and Install/Upgrade Cable Television Facilities and Service at:
925 Union Av, Bronx, NY

Dear Property Owner/ Manager:

I have been advised by Verizon New York Inc.'s ("Verizon") NYC Fios Real Estate Department of Verizon's unsuccessful attempts to inspect, survey and/or install Fios facilities at **925 Union Av, Bronx, NY** ("Property"). Our records indicate that we have not yet been able to obtain access to the Property. The purpose of this letter is to restate and explain our need to gain access to your Property.

By way of background, Verizon is attempting to gain access to your Property because we have received a request for Fios service(s) from resident(s) in your building and/or resident(s) of another building on your block, and our access to your Property is necessary to provide cable television services to such residents. We are very excited about the opportunity to provide world-class voice, data and video services to area residents using a fiber-based network to deliver these services at unprecedented speeds and capacities. Your cooperation in allowing Verizon access to your Property will enable your tenants and/or other residents on your block to receive the services they want in a timely manner.

It is Verizon's position that under Section 228 of the New York Public Service Law and Title 16, Part 898, of the New York Codes, Rules and Regulations ("NYCRR"), Verizon has the right to install cable television facilities upon the Property. In addition, Verizon's Cable Franchise Agreement with the City of New York requires Verizon, subject to certain terms, conditions, and exceptions, to provide cable television service to residents in its franchise area who request it, and Verizon has a limited timeframe in which to do so. Verizon's ability to meet these expectations may be compromised by the delay we are experiencing in trying to gain access to and install cable television facilities at your Property.

Verizon's proposed installation will protect the safety, functioning and appearance of the premises, and Verizon will bear the cost of the installation of its cable television facilities. Verizon will also indemnify the landlord for any damage caused by the installation of Verizon's facilities. Verizon's policy is to work with you to arrange convenient dates for access and to reach agreement on engineering plans / designs for the Property. **Please contact Verizon's NYC Fios Real**

Estate Department at (888) 364-3467 within two weeks of receipt of this letter so that we may move forward with the process of bringing Fios to your Property and/or other properties on your block.

If you believe that Verizon's installation of cable television facilities constitutes an undue "taking" of your Property, you may file a petition for "just compensation" with the New York State Public Service Commission under the procedures set forth in Section 228 of the New York Public Service Law and Title 16, Part 898, of the NYCRR. Please note, however, that the filing of such a petition does not delay Verizon's right to access your Property. The complete text of Section 228 may be found on the enclosed copy of the notice of Verizon's intention to survey/install/upgrade cable television facilities and service.

If we do not hear from you within two weeks as mentioned above, Verizon's Legal Department may be forced to file a Petition for Order of Entry to the New York State Public Service Commission, after which you will be afforded, per 16 NYCRR 898.4(b)(9), twenty days to answer the Petition and set forth any additional matter not contained in the Petition. The Petition will seek an order granting Verizon the right to survey for and/or install/upgrade cable television facilities and service at your Property. If you have specific legal questions about Verizon's rights under New York law or Verizon's Cable Franchise Agreement, we recommend that you consult with an attorney. You may also contact Michael Morano, Assistant General Counsel for Verizon's National Operations, at (908) 559-3332 to discuss legal issues or questions, but please be advised that he represents Verizon and cannot provide you with legal advice.

Your cooperation in this matter would be greatly appreciated. We look forward to hearing from you.

Sincerely,

Alyson Seigal

RE: Notice of Intention to Inspect, Survey and Install/Upgrade Cable Television Facilities and Service at:
309 W. 55, New York, NY

Dear Property Owner/ Manager:

I have been advised by Verizon New York Inc.'s ("Verizon") NYC Fios Real Estate Department of Verizon's unsuccessful attempts to inspect, survey and/or install Fios facilities at **309 W. 55, New York, NY** ("Property"). Our records indicate that we have not yet been able to obtain access to the Property. The purpose of this letter is to restate and explain our need to gain access to your Property.

By way of background, Verizon is attempting to gain access to your Property because we have received a request for Fios service(s) from resident(s) in your building and/or resident(s) of another building on your block, and our access to your Property is necessary to provide cable television services to such residents. We are very excited about the opportunity to provide world-class voice, data and video services to area residents using a fiber-based network to deliver these services at unprecedented speeds and capacities. Your cooperation in allowing Verizon access to your Property will enable your tenants and/or other residents on your block to receive the services they want in a timely manner.

It is Verizon's position that under Section 228 of the New York Public Service Law and Title 16, Part 898, of the New York Codes, Rules and Regulations ("NYCRR"), Verizon has the right to install cable television facilities upon the Property. In addition, Verizon's Cable Franchise Agreement with the City of New York requires Verizon, subject to certain terms, conditions, and exceptions, to provide cable television service to residents in its franchise area who request it, and Verizon has a limited timeframe in which to do so. Verizon's ability to meet these expectations may be compromised by the delay we are experiencing in trying to gain access to and install cable television facilities at your Property.

Verizon's proposed installation will protect the safety, functioning and appearance of the premises, and Verizon will bear the cost of the installation of its cable television facilities. Verizon will also indemnify the landlord for any damage caused by the installation of Verizon's facilities. Verizon's policy is to work with you to arrange convenient dates for access and to reach agreement on engineering plans / designs for the Property. **Please contact Verizon's NYC Fios Real**

02-000007

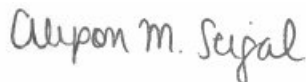

Estate Department at (888) 364-3467 within two weeks of receipt of this letter so that we may move forward with the process of bringing Fios to your Property and/or other properties on your block.

If you believe that Verizon's installation of cable television facilities constitutes an undue "taking" of your Property, you may file a petition for "just compensation" with the New York State Public Service Commission under the procedures set forth in Section 228 of the New York Public Service Law and Title 16, Part 898, of the NYCRR. Please note, however, that the filing of such a petition does not delay Verizon's right to access your Property. The complete text of Section 228 may be found on the enclosed copy of the notice of Verizon's intention to survey/install/upgrade cable television facilities and service.

If we do not hear from you within two weeks as mentioned above, Verizon's Legal Department may be forced to file a Petition for Order of Entry to the New York State Public Service Commission, after which you will be afforded, per 16 NYCRR 898.4(b)(9), twenty days to answer the Petition and set forth any additional matter not contained in the Petition. The Petition will seek an order granting Verizon the right to survey for and/or install/upgrade cable television facilities and service at your Property. If you have specific legal questions about Verizon's rights under New York law or Verizon's Cable Franchise Agreement, we recommend that you consult with an attorney. You may also contact Michael Morano, Assistant General Counsel for Verizon's National Operations, at (908) 559-3332 to discuss legal issues or questions, but please be advised that he represents Verizon and cannot provide you with legal advice.

Your cooperation in this matter would be greatly appreciated. We look forward to hearing from you.

Sincerely,

Alyson Seigal

Dear Property Owner/ Manager:

I have been advised by Verizon New York Inc.'s ("Verizon") NYC Fios Real Estate Department of Verizon's unsuccessful attempts to inspect, survey and/or install Fios facilities at **200 Columbia Hgts., Brooklyn, NY** ("Property"). Our records indicate that we have not yet been able to obtain access to the Property. The purpose of this letter is to restate and explain our need to gain access to your Property.

By way of background, Verizon is attempting to gain access to your Property because we have received a request for Fios service(s) from resident(s) in your building and/or resident(s) of another building on your block, and our access to your Property is necessary to provide cable television services to such residents. We are very excited about the opportunity to provide world-class voice, data and video services to area residents using a fiber-based network to deliver these services at unprecedented speeds and capacities. Your cooperation in allowing Verizon access to your Property will enable your tenants and/or other residents on your block to receive the services they want in a timely manner.

It is Verizon's position that under Section 228 of the New York Public Service Law and Title 16, Part 898, of the New York Codes, Rules and Regulations ("NYCRR"), Verizon has the right to install cable television facilities upon the Property. In addition, Verizon's Cable Franchise Agreement with the City of New York requires Verizon, subject to certain terms, conditions, and exceptions, to provide cable television service to residents in its franchise area who request it, and Verizon has a limited timeframe in which to do so. Verizon's ability to meet these expectations may be compromised by the delay we are experiencing in trying to gain access to and install cable television facilities at your Property.

Verizon's proposed installation will protect the safety, functioning and appearance of the premises, and Verizon will bear the cost of the installation of its cable television facilities. Verizon will also indemnify the landlord for any damage caused by the installation of Verizon's facilities. Verizon's policy is to work with you to arrange convenient dates for access and to reach agreement on engineering plans / designs for the Property. **Please contact Verizon's NYC Fios Real**

Estate Department at (888) 364-3467 within two weeks of receipt of this letter so that we may move forward with the process of bringing Fios to your Property and/or other properties on your block.

If you believe that Verizon's installation of cable television facilities constitutes an undue "taking" of your Property, you may file a petition for "just compensation" with the New York State Public Service Commission under the procedures set forth in Section 228 of the New York Public Service Law and Title 16, Part 898, of the NYCRR. Please note, however, that the filing of such a petition does not delay Verizon's right to access your Property. The complete text of Section 228 may be found on the enclosed copy of the notice of Verizon's intention to survey/install/upgrade cable television facilities and service.

If we do not hear from you within two weeks as mentioned above, Verizon's Legal Department may be forced to file a Petition for Order of Entry to the New York State Public Service Commission, after which you will be afforded, per 16 NYCRR 898.4(b)(9), twenty days to answer the Petition and set forth any additional matter not contained in the Petition. The Petition will seek an order granting Verizon the right to survey for and/or install/upgrade cable television facilities and service at your Property. If you have specific legal questions about Verizon's rights under New York law or Verizon's Cable Franchise Agreement, we recommend that you consult with an attorney. You may also contact Michael Morano, Assistant General Counsel for Verizon's National Operations, at (908) 559-3332 to discuss legal issues or questions, but please be advised that he represents Verizon and cannot provide you with legal advice.

Your cooperation in this matter would be greatly appreciated. We look forward to hearing from you.

Sincerely,

RE: Notice of Intention to Inspect, Survey and Install/Upgrade Cable Television Facilities and Service at:
961 Washington Av, Brooklyn, NY

Dear Property Owner/ Manager:

I have been advised by Verizon New York Inc.'s ("Verizon") NYC Fios Real Estate Department of Verizon's unsuccessful attempts to inspect, survey and/or install Fios facilities at **961 Washington Av, Brooklyn, NY ("Property")**. Our records indicate that we have not yet been able to obtain access to the Property. The purpose of this letter is to restate and explain our need to gain access to your Property.

By way of background, Verizon is attempting to gain access to your Property because we have received a request for Fios service(s) from resident(s) in your building and/or resident(s) of another building on your block, and our access to your Property is necessary to provide cable television services to such residents. We are very excited about the opportunity to provide world-class voice, data and video services to area residents using a fiber-based network to deliver these services at unprecedented speeds and capacities. Your cooperation in allowing Verizon access to your Property will enable your tenants and/or other residents on your block to receive the services they want in a timely manner.

It is Verizon's position that under Section 228 of the New York Public Service Law and Title 16, Part 898, of the New York Codes, Rules and Regulations ("NYCRR"), Verizon has the right to install cable television facilities upon the Property. In addition, Verizon's Cable Franchise Agreement with the City of New York requires Verizon, subject to certain terms, conditions, and exceptions, to provide cable television service to residents in its franchise area who request it, and Verizon has a limited timeframe in which to do so. Verizon's ability to meet these expectations may be compromised by the delay we are experiencing in trying to gain access to and install cable television facilities at your Property.

Verizon's proposed installation will protect the safety, functioning and appearance of the premises, and Verizon will bear the cost of the installation of its cable television facilities. Verizon will also indemnify the landlord for any damage caused by the installation of Verizon's facilities. Verizon's policy is to work with you to arrange convenient dates for access and to reach agreement on engineering plans / designs for the Property. **Please contact Verizon's NYC Fios Real**

02-096004

Estate Department at (888) 364-3467 within two weeks of receipt of this letter so that we may move forward with the process of bringing Fios to your Property and/or other properties on your block.

If you believe that Verizon's installation of cable television facilities constitutes an undue "taking" of your Property, you may file a petition for "just compensation" with the New York State Public Service Commission under the procedures set forth in Section 228 of the New York Public Service Law and Title 16, Part 898, of the NYCRR. Please note, however, that the filing of such a petition does not delay Verizon's right to access your Property. The complete text of Section 228 may be found on the enclosed copy of the notice of Verizon's intention to survey/install/upgrade cable television facilities and service.

If we do not hear from you within two weeks as mentioned above, Verizon's Legal Department may be forced to file a Petition for Order of Entry to the New York State Public Service Commission, after which you will be afforded, per 16 NYCRR 898.4(b)(9), twenty days to answer the Petition and set forth any additional matter not contained in the Petition. The Petition will seek an order granting Verizon the right to survey for and/or install/upgrade cable television facilities and service at your Property. If you have specific legal questions about Verizon's rights under New York law or Verizon's Cable Franchise Agreement, we recommend that you consult with an attorney. You may also contact Michael Morano, Assistant General Counsel for Verizon's National Operations, at (908) 559-3332 to discuss legal issues or questions, but please be advised that he represents Verizon and cannot provide you with legal advice.

Your cooperation in this matter would be greatly appreciated. We look forward to hearing from you.

RE: Notice of Intention to Inspect, Survey and Install/Upgrade Cable Television Facilities and Service at:
335 Lefferts Av, Brooklyn, NY

Dear Property Owner/ Manager:

I have been advised by Verizon New York Inc.'s ("Verizon") NYC Fios Real Estate Department of Verizon's unsuccessful attempts to inspect, survey and/or install Fios facilities at **335 Lefferts Av, Brooklyn, NY** ("Property"). Our records indicate that we have not yet been able to obtain access to the Property. The purpose of this letter is to restate and explain our need to gain access to your Property.

By way of background, Verizon is attempting to gain access to your Property because we have received a request for Fios service(s) from resident(s) in your building and/or resident(s) of another building on your block, and our access to your Property is necessary to provide cable television services to such residents. We are very excited about the opportunity to provide world-class voice, data and video services to area residents using a fiber-based network to deliver these services at unprecedented speeds and capacities. Your cooperation in allowing Verizon access to your Property will enable your tenants and/or other residents on your block to receive the services they want in a timely manner.

It is Verizon's position that under Section 228 of the New York Public Service Law and Title 16, Part 898, of the New York Codes, Rules and Regulations ("NYCRR"), Verizon has the right to install cable television facilities upon the Property. In addition, Verizon's Cable Franchise Agreement with the City of New York requires Verizon, subject to certain terms, conditions, and exceptions, to provide cable television service to residents in its franchise area who request it, and Verizon has a limited timeframe in which to do so. Verizon's ability to meet these expectations may be compromised by the delay we are experiencing in trying to gain access to and install cable television facilities at your Property.

Verizon's proposed installation will protect the safety, functioning and appearance of the premises, and Verizon will bear the cost of the installation of its cable television facilities. Verizon will also indemnify the landlord for any damage caused by the installation of Verizon's facilities. Verizon's policy is to work with you to arrange convenient dates for access and to reach agreement on engineering plans / designs for the Property. **Please contact Verizon's NYC Fios Real**

Estate Department at (888) 364-3467 within two weeks of receipt of this letter so that we may move forward with the process of bringing Fios to your Property and/or other properties on your block.

If you believe that Verizon's installation of cable television facilities constitutes an undue "taking" of your Property, you may file a petition for "just compensation" with the New York State Public Service Commission under the procedures set forth in Section 228 of the New York Public Service Law and Title 16, Part 898, of the NYCRR. Please note, however, that the filing of such a petition does not delay Verizon's right to access your Property. The complete text of Section 228 may be found on the enclosed copy of the notice of Verizon's intention to survey/install/upgrade cable television facilities and service.

If we do not hear from you within two weeks as mentioned above, Verizon's Legal Department may be forced to file a Petition for Order of Entry to the New York State Public Service Commission, after which you will be afforded, per 16 NYCRR 898.4(b)(9), twenty days to answer the Petition and set forth any additional matter not contained in the Petition. The Petition will seek an order granting Verizon the right to survey for and/or install/upgrade cable television facilities and service at your Property. If you have specific legal questions about Verizon's rights under New York law or Verizon's Cable Franchise Agreement, we recommend that you consult with an attorney. You may also contact Michael Morano, Assistant General Counsel for Verizon's National Operations, at (908) 559-3332 to discuss legal issues or questions, but please be advised that he represents Verizon and cannot provide you with legal advice.

Your cooperation in this matter would be greatly appreciated. We look forward to hearing from you.

Sincerely,

Alyson Seigal

RE: Notice of Intention to Inspect, Survey and Install/Upgrade Cable Television Facilities and Service at:
740 Empire Blvd, Brooklyn, NY

Dear Property Owner/ Manager:

I have been advised by Verizon New York Inc.'s ("Verizon") NYC Fios Real Estate Department of Verizon's unsuccessful attempts to inspect, survey and/or install Fios facilities at **740 Empire Blvd, Brooklyn, NY** ("Property"). Our records indicate that we have not yet been able to obtain access to the Property. The purpose of this letter is to restate and explain our need to gain access to your Property.

By way of background, Verizon is attempting to gain access to your Property because we have received a request for Fios service(s) from resident(s) in your building and/or resident(s) of another building on your block, and our access to your Property is necessary to provide cable television services to such residents. We are very excited about the opportunity to provide world-class voice, data and video services to area residents using a fiber-based network to deliver these services at unprecedented speeds and capacities. Your cooperation in allowing Verizon access to your Property will enable your tenants and/or other residents on your block to receive the services they want in a timely manner.

It is Verizon's position that under Section 228 of the New York Public Service Law and Title 16, Part 898, of the New York Codes, Rules and Regulations ("NYCRR"), Verizon has the right to install cable television facilities upon the Property. In addition, Verizon's Cable Franchise Agreement with the City of New York requires Verizon, subject to certain terms, conditions, and exceptions, to provide cable television service to residents in its franchise area who request it, and Verizon has a limited timeframe in which to do so. Verizon's ability to meet these expectations may be compromised by the delay we are experiencing in trying to gain access to and install cable television facilities at your Property.

Verizon's proposed installation will protect the safety, functioning and appearance of the premises, and Verizon will bear the cost of the installation of its cable television facilities. Verizon will also indemnify the landlord for any damage caused by the installation of Verizon's facilities. Verizon's policy is to work with you to arrange convenient dates for access and to reach agreement on engineering plans / designs for the Property. **Please contact Verizon's NYC Fios Real**

02-096009

Estate Department at (888) 364-3467 within two weeks of receipt of this letter so that we may move forward with the process of bringing Fios to your Property and/or other properties on your block.

If you believe that Verizon's installation of cable television facilities constitutes an undue "taking" of your Property, you may file a petition for "just compensation" with the New York State Public Service Commission under the procedures set forth in Section 228 of the New York Public Service Law and Title 16, Part 898, of the NYCRR. Please note, however, that the filing of such a petition does not delay Verizon's right to access your Property. The complete text of Section 228 may be found on the enclosed copy of the notice of Verizon's intention to survey/install/upgrade cable television facilities and service.

If we do not hear from you within two weeks as mentioned above, Verizon's Legal Department may be forced to file a Petition for Order of Entry to the New York State Public Service Commission, after which you will be afforded, per 16 NYCRR 898.4(b)(9), twenty days to answer the Petition and set forth any additional matter not contained in the Petition. The Petition will seek an order granting Verizon the right to survey for and/or install/upgrade cable television facilities and service at your Property. If you have specific legal questions about Verizon's rights under New York law or Verizon's Cable Franchise Agreement, we recommend that you consult with an attorney. You may also contact Michael Morano, Assistant General Counsel for Verizon's National Operations, at (908) 559-3332 to discuss legal issues or questions, but please be advised that he represents Verizon and cannot provide you with legal advice.

Your cooperation in this matter would be greatly appreciated. We look forward to hearing from you.

Sincerely,

Alyson Seigal

RE: Notice of Intention to Inspect, Survey and Install/Upgrade Cable Television Facilities and Service at:
1481 St. Marks Av, Brooklyn, NY

Dear Property Owner/ Manager:

I have been advised by Verizon New York Inc.'s ("Verizon") NYC Fios Real Estate Department of Verizon's unsuccessful attempts to inspect, survey and/or install Fios facilities at **1481 St. Marks Av, Brooklyn, NY** ("Property"). Our records indicate that we have not yet been able to obtain access to the Property. The purpose of this letter is to restate and explain our need to gain access to your Property.

By way of background, Verizon is attempting to gain access to your Property because we have received a request for Fios service(s) from resident(s) in your building and/or resident(s) of another building on your block, and our access to your Property is necessary to provide cable television services to such residents. We are very excited about the opportunity to provide world-class voice, data and video services to area residents using a fiber-based network to deliver these services at unprecedented speeds and capacities. Your cooperation in allowing Verizon access to your Property will enable your tenants and/or other residents on your block to receive the services they want in a timely manner.

It is Verizon's position that under Section 228 of the New York Public Service Law and Title 16, Part 898, of the New York Codes, Rules and Regulations ("NYCRR"), Verizon has the right to install cable television facilities upon the Property. In addition, Verizon's Cable Franchise Agreement with the City of New York requires Verizon, subject to certain terms, conditions, and exceptions, to provide cable television service to residents in its franchise area who request it, and Verizon has a limited timeframe in which to do so. Verizon's ability to meet these expectations may be compromised by the delay we are experiencing in trying to gain access to and install cable television facilities at your Property.

Verizon's proposed installation will protect the safety, functioning and appearance of the premises, and Verizon will bear the cost of the installation of its cable television facilities. Verizon will also indemnify the landlord for any damage caused by the installation of Verizon's facilities. Verizon's policy is to work with you to arrange convenient dates for access and to reach agreement on engineering plans / designs for the Property. **Please contact Verizon's NYC Fios Real**

02-136005

Estate Department at (888) 364-3467 within two weeks of receipt of this letter so that we may move forward with the process of bringing Fios to your Property and/or other properties on your block.

If you believe that Verizon's installation of cable television facilities constitutes an undue "taking" of your Property, you may file a petition for "just compensation" with the New York State Public Service Commission under the procedures set forth in Section 228 of the New York Public Service Law and Title 16, Part 898, of the NYCRR. Please note, however, that the filing of such a petition does not delay Verizon's right to access your Property. The complete text of Section 228 may be found on the enclosed copy of the notice of Verizon's intention to survey/install/upgrade cable television facilities and service.

If we do not hear from you within two weeks as mentioned above, Verizon's Legal Department may be forced to file a Petition for Order of Entry to the New York State Public Service Commission, after which you will be afforded, per 16 NYCRR 898.4(b)(9), twenty days to answer the Petition and set forth any additional matter not contained in the Petition. The Petition will seek an order granting Verizon the right to survey for and/or install/upgrade cable television facilities and service at your Property. If you have specific legal questions about Verizon's rights under New York law or Verizon's Cable Franchise Agreement, we recommend that you consult with an attorney. You may also contact Michael Morano, Assistant General Counsel for Verizon's National Operations, at (908) 559-3332 to discuss legal issues or questions, but please be advised that he represents Verizon and cannot provide you with legal advice.

Your cooperation in this matter would be greatly appreciated. We look forward to hearing from you.

Sincerely,

Alyson Seigal

Dear Property Owner/ Manager:

I have been advised by Verizon New York Inc.'s ("Verizon") NYC Fios Real Estate Department of Verizon's unsuccessful attempts to inspect, survey and/or install Fios facilities at **885 Troy Av, Brooklyn, NY** ("Property"). Our records indicate that we have not yet been able to obtain access to the Property. The purpose of this letter is to restate and explain our need to gain access to your Property.

By way of background, Verizon is attempting to gain access to your Property because we have received a request for Fios service(s) from resident(s) in your building and/or resident(s) of another building on your block, and our access to your Property is necessary to provide cable television services to such residents. We are very excited about the opportunity to provide world-class voice, data and video services to area residents using a fiber-based network to deliver these services at unprecedented speeds and capacities. Your cooperation in allowing Verizon access to your Property will enable your tenants and/or other residents on your block to receive the services they want in a timely manner.

It is Verizon's position that under Section 228 of the New York Public Service Law and Title 16, Part 898, of the New York Codes, Rules and Regulations ("NYCRR"), Verizon has the right to install cable television facilities upon the Property. In addition, Verizon's Cable Franchise Agreement with the City of New York requires Verizon, subject to certain terms, conditions, and exceptions, to provide cable television service to residents in its franchise area who request it, and Verizon has a limited timeframe in which to do so. Verizon's ability to meet these expectations may be compromised by the delay we are experiencing in trying to gain access to and install cable television facilities at your Property.

Verizon's proposed installation will protect the safety, functioning and appearance of the premises, and Verizon will bear the cost of the installation of its cable television facilities. Verizon will also indemnify the landlord for any damage caused by the installation of Verizon's facilities. Verizon's policy is to work with you to arrange convenient dates for access and to reach agreement on engineering plans / designs for the Property. **Please contact Verizon's NYC Fios Real**

Estate Department at (888) 364-3467 within two weeks of receipt of this letter so that we may move forward with the process of bringing Fios to your Property and/or other properties on your block.

If you believe that Verizon's installation of cable television facilities constitutes an undue "taking" of your Property, you may file a petition for "just compensation" with the New York State Public Service Commission under the procedures set forth in Section 228 of the New York Public Service Law and Title 16, Part 898, of the NYCRR. Please note, however, that the filing of such a petition does not delay Verizon's right to access your Property. The complete text of Section 228 may be found on the enclosed copy of the notice of Verizon's intention to survey/install/upgrade cable television facilities and service.

If we do not hear from you within two weeks as mentioned above, Verizon's Legal Department may be forced to file a Petition for Order of Entry to the New York State Public Service Commission, after which you will be afforded, per 16 NYCRR 898.4(b)(9), twenty days to answer the Petition and set forth any additional matter not contained in the Petition. The Petition will seek an order granting Verizon the right to survey for and/or install/upgrade cable television facilities and service at your Property. If you have specific legal questions about Verizon's rights under New York law or Verizon's Cable Franchise Agreement, we recommend that you consult with an attorney. You may also contact Michael Morano, Assistant General Counsel for Verizon's National Operations, at (908) 559-3332 to discuss legal issues or questions, but please be advised that he represents Verizon and cannot provide you with legal advice.

Your cooperation in this matter would be greatly appreciated. We look forward to hearing from you.

Sincerely,

RE: Notice of Intention to Inspect, Survey and Install/Upgrade Cable Television Facilities and Service at:
1809 Albemarle Rd, Brooklyn, NY

Dear Property Owner/ Manager:

I have been advised by Verizon New York Inc.'s ("Verizon") NYC Fios Real Estate Department of Verizon's unsuccessful attempts to inspect, survey and/or install Fios facilities at **1809 Albemarle Rd, Brooklyn, NY** ("Property"). Our records indicate that we have not yet been able to obtain access to the Property. The purpose of this letter is to restate and explain our need to gain access to your Property.

By way of background, Verizon is attempting to gain access to your Property because we have received a request for Fios service(s) from resident(s) in your building and/or resident(s) of another building on your block, and our access to your Property is necessary to provide cable television services to such residents. We are very excited about the opportunity to provide world-class voice, data and video services to area residents using a fiber-based network to deliver these services at unprecedented speeds and capacities. Your cooperation in allowing Verizon access to your Property will enable your tenants and/or other residents on your block to receive the services they want in a timely manner.

It is Verizon's position that under Section 228 of the New York Public Service Law and Title 16, Part 898, of the New York Codes, Rules and Regulations ("NYCRR"), Verizon has the right to install cable television facilities upon the Property. In addition, Verizon's Cable Franchise Agreement with the City of New York requires Verizon, subject to certain terms, conditions, and exceptions, to provide cable television service to residents in its franchise area who request it, and Verizon has a limited timeframe in which to do so. Verizon's ability to meet these expectations may be compromised by the delay we are experiencing in trying to gain access to and install cable television facilities at your Property.

Verizon's proposed installation will protect the safety, functioning and appearance of the premises, and Verizon will bear the cost of the installation of its cable television facilities. Verizon will also indemnify the landlord for any damage caused by the installation of Verizon's facilities. Verizon's policy is to work with you to arrange convenient dates for access and to reach agreement on engineering plans / designs for the Property. **Please contact Verizon's NYC Fios Real**

02-136007

Estate Department at (888) 364-3467 within two weeks of receipt of this letter so that we may move forward with the process of bringing Fios to your Property and/or other properties on your block.

If you believe that Verizon's installation of cable television facilities constitutes an undue "taking" of your Property, you may file a petition for "just compensation" with the New York State Public Service Commission under the procedures set forth in Section 228 of the New York Public Service Law and Title 16, Part 898, of the NYCRR. Please note, however, that the filing of such a petition does not delay Verizon's right to access your Property. The complete text of Section 228 may be found on the enclosed copy of the notice of Verizon's intention to survey/install/upgrade cable television facilities and service.

If we do not hear from you within two weeks as mentioned above, Verizon's Legal Department may be forced to file a Petition for Order of Entry to the New York State Public Service Commission, after which you will be afforded, per 16 NYCRR 898.4(b)(9), twenty days to answer the Petition and set forth any additional matter not contained in the Petition. The Petition will seek an order granting Verizon the right to survey for and/or install/upgrade cable television facilities and service at your Property. If you have specific legal questions about Verizon's rights under New York law or Verizon's Cable Franchise Agreement, we recommend that you consult with an attorney. You may also contact Michael Morano, Assistant General Counsel for Verizon's National Operations, at (908) 559-3332 to discuss legal issues or questions, but please be advised that he represents Verizon and cannot provide you with legal advice.

Your cooperation in this matter would be greatly appreciated. We look forward to hearing from you.

RE: Notice of Intention to Inspect, Survey and Install/Upgrade Cable Television Facilities and Service at:
711 Herkimer, Brooklyn, NY

Dear Property Owner/ Manager:

I have been advised by Verizon New York Inc.'s ("Verizon") NYC Fios Real Estate Department of Verizon's unsuccessful attempts to inspect, survey and/or install Fios facilities at **711 Herkimer, Brooklyn, NY** ("Property"). Our records indicate that we have not yet been able to obtain access to the Property. The purpose of this letter is to restate and explain our need to gain access to your Property.

By way of background, Verizon is attempting to gain access to your Property because we have received a request for Fios service(s) from resident(s) in your building and/or resident(s) of another building on your block, and our access to your Property is necessary to provide cable television services to such residents. We are very excited about the opportunity to provide world-class voice, data and video services to area residents using a fiber-based network to deliver these services at unprecedented speeds and capacities. Your cooperation in allowing Verizon access to your Property will enable your tenants and/or other residents on your block to receive the services they want in a timely manner.

It is Verizon's position that under Section 228 of the New York Public Service Law and Title 16, Part 898, of the New York Codes, Rules and Regulations ("NYCRR"), Verizon has the right to install cable television facilities upon the Property. In addition, Verizon's Cable Franchise Agreement with the City of New York requires Verizon, subject to certain terms, conditions, and exceptions, to provide cable television service to residents in its franchise area who request it, and Verizon has a limited timeframe in which to do so. Verizon's ability to meet these expectations may be compromised by the delay we are experiencing in trying to gain access to and install cable television facilities at your Property.

Verizon's proposed installation will protect the safety, functioning and appearance of the premises, and Verizon will bear the cost of the installation of its cable television facilities. Verizon will also indemnify the landlord for any damage caused by the installation of Verizon's facilities. Verizon's policy is to work with you to arrange convenient dates for access and to reach agreement on engineering plans / designs for the Property. **Please contact Verizon's NYC Fios Real**

02-136018

Estate Department at (888) 364-3467 within two weeks of receipt of this letter so that we may move forward with the process of bringing Fios to your Property and/or other properties on your block.

If you believe that Verizon's installation of cable television facilities constitutes an undue "taking" of your Property, you may file a petition for "just compensation" with the New York State Public Service Commission under the procedures set forth in Section 228 of the New York Public Service Law and Title 16, Part 898, of the NYCRR. Please note, however, that the filing of such a petition does not delay Verizon's right to access your Property. The complete text of Section 228 may be found on the enclosed copy of the notice of Verizon's intention to survey/install/upgrade cable television facilities and service.

If we do not hear from you within two weeks as mentioned above, Verizon's Legal Department may be forced to file a Petition for Order of Entry to the New York State Public Service Commission, after which you will be afforded, per 16 NYCRR 898.4(b)(9), twenty days to answer the Petition and set forth any additional matter not contained in the Petition. The Petition will seek an order granting Verizon the right to survey for and/or install/upgrade cable television facilities and service at your Property. If you have specific legal questions about Verizon's rights under New York law or Verizon's Cable Franchise Agreement, we recommend that you consult with an attorney. You may also contact Michael Morano, Assistant General Counsel for Verizon's National Operations, at (908) 559-3332 to discuss legal issues or questions, but please be advised that he represents Verizon and cannot provide you with legal advice.

Your cooperation in this matter would be greatly appreciated. We look forward to hearing from you.

Sincerely,

RE: Notice of Intention to Inspect, Survey and Install/Upgrade Cable Television Facilities and Service at:
285 Hawthorne, Brooklyn, NY

Dear Property Owner/ Manager:

I have been advised by Verizon New York Inc.'s ("Verizon") NYC Fios Real Estate Department of Verizon's unsuccessful attempts to inspect, survey and/or install Fios facilities at **285 Hawthorne, Brooklyn, NY** ("Property"). Our records indicate that we have not yet been able to obtain access to the Property. The purpose of this letter is to restate and explain our need to gain access to your Property.

By way of background, Verizon is attempting to gain access to your Property because we have received a request for Fios service(s) from resident(s) in your building and/or resident(s) of another building on your block, and our access to your Property is necessary to provide cable television services to such residents. We are very excited about the opportunity to provide world-class voice, data and video services to area residents using a fiber-based network to deliver these services at unprecedented speeds and capacities. Your cooperation in allowing Verizon access to your Property will enable your tenants and/or other residents on your block to receive the services they want in a timely manner.

It is Verizon's position that under Section 228 of the New York Public Service Law and Title 16, Part 898, of the New York Codes, Rules and Regulations ("NYCRR"), Verizon has the right to install cable television facilities upon the Property. In addition, Verizon's Cable Franchise Agreement with the City of New York requires Verizon, subject to certain terms, conditions, and exceptions, to provide cable television service to residents in its franchise area who request it, and Verizon has a limited timeframe in which to do so. Verizon's ability to meet these expectations may be compromised by the delay we are experiencing in trying to gain access to and install cable television facilities at your Property.

Verizon's proposed installation will protect the safety, functioning and appearance of the premises, and Verizon will bear the cost of the installation of its cable television facilities. Verizon will also indemnify the landlord for any damage caused by the installation of Verizon's facilities. Verizon's policy is to work with you to arrange convenient dates for access and to reach agreement on engineering plans / designs for the Property. **Please contact Verizon's NYC Fios Real**

Estate Department at (888) 364-3467 within two weeks of receipt of this letter so that we may move forward with the process of bringing Fios to your Property and/or other properties on your block.

If you believe that Verizon's installation of cable television facilities constitutes an undue "taking" of your Property, you may file a petition for "just compensation" with the New York State Public Service Commission under the procedures set forth in Section 228 of the New York Public Service Law and Title 16, Part 898, of the NYCRR. Please note, however, that the filing of such a petition does not delay Verizon's right to access your Property. The complete text of Section 228 may be found on the enclosed copy of the notice of Verizon's intention to survey/install/upgrade cable television facilities and service.

If we do not hear from you within two weeks as mentioned above, Verizon's Legal Department may be forced to file a Petition for Order of Entry to the New York State Public Service Commission, after which you will be afforded, per 16 NYCRR 898.4(b)(9), twenty days to answer the Petition and set forth any additional matter not contained in the Petition. The Petition will seek an order granting Verizon the right to survey for and/or install/upgrade cable television facilities and service at your Property. If you have specific legal questions about Verizon's rights under New York law or Verizon's Cable Franchise Agreement, we recommend that you consult with an attorney. You may also contact Michael Morano, Assistant General Counsel for Verizon's National Operations, at (908) 559-3332 to discuss legal issues or questions, but please be advised that he represents Verizon and cannot provide you with legal advice.

Your cooperation in this matter would be greatly appreciated. We look forward to hearing from you.

Sincerely,

Alyson Seigal

RE: Notice of Intention to Inspect, Survey and Install/Upgrade Cable Television Facilities and Service at:
551 W. 190, New York, NY

Dear Property Owner/ Manager:

I have been advised by Verizon New York Inc.'s ("Verizon") NYC Fios Real Estate Department of Verizon's unsuccessful attempts to inspect, survey and/or install Fios facilities at **551 W. 190, New York, NY** ("Property"). Our records indicate that we have not yet been able to obtain access to the Property. The purpose of this letter is to restate and explain our need to gain access to your Property.

By way of background, Verizon is attempting to gain access to your Property because we have received a request for Fios service(s) from resident(s) in your building and/or resident(s) of another building on your block, and our access to your Property is necessary to provide cable television services to such residents. We are very excited about the opportunity to provide world-class voice, data and video services to area residents using a fiber-based network to deliver these services at unprecedented speeds and capacities. Your cooperation in allowing Verizon access to your Property will enable your tenants and/or other residents on your block to receive the services they want in a timely manner.

It is Verizon's position that under Section 228 of the New York Public Service Law and Title 16, Part 898, of the New York Codes, Rules and Regulations ("NYCRR"), Verizon has the right to install cable television facilities upon the Property. In addition, Verizon's Cable Franchise Agreement with the City of New York requires Verizon, subject to certain terms, conditions, and exceptions, to provide cable television service to residents in its franchise area who request it, and Verizon has a limited timeframe in which to do so. Verizon's ability to meet these expectations may be compromised by the delay we are experiencing in trying to gain access to and install cable television facilities at your Property.

Verizon's proposed installation will protect the safety, functioning and appearance of the premises, and Verizon will bear the cost of the installation of its cable television facilities. Verizon will also indemnify the landlord for any damage caused by the installation of Verizon's facilities. Verizon's policy is to work with you to arrange convenient dates for access and to reach agreement on engineering plans / designs for the Property. **Please contact Verizon's NYC Fios Real**

Estate Department at (888) 364-3467 within two weeks of receipt of this letter so that we may move forward with the process of bringing Fios to your Property and/or other properties on your block.

If you believe that Verizon's installation of cable television facilities constitutes an undue "taking" of your Property, you may file a petition for "just compensation" with the New York State Public Service Commission under the procedures set forth in Section 228 of the New York Public Service Law and Title 16, Part 898, of the NYCRR. Please note, however, that the filing of such a petition does not delay Verizon's right to access your Property. The complete text of Section 228 may be found on the enclosed copy of the notice of Verizon's intention to survey/install/upgrade cable television facilities and service.

If we do not hear from you within two weeks as mentioned above, Verizon's Legal Department may be forced to file a Petition for Order of Entry to the New York State Public Service Commission, after which you will be afforded, per 16 NYCRR 898.4(b)(9), twenty days to answer the Petition and set forth any additional matter not contained in the Petition. The Petition will seek an order granting Verizon the right to survey for and/or install/upgrade cable television facilities and service at your Property. If you have specific legal questions about Verizon's rights under New York law or Verizon's Cable Franchise Agreement, we recommend that you consult with an attorney. You may also contact Michael Morano, Assistant General Counsel for Verizon's National Operations, at (908) 559-3332 to discuss legal issues or questions, but please be advised that he represents Verizon and cannot provide you with legal advice.

Your cooperation in this matter would be greatly appreciated. We look forward to hearing from you.

Sincerely,

Alyson Seigal
Manager, Fios Franchise Assurance – New York City

I have been advised by Verizon New York Inc.'s ("Verizon") NYC Fios Real Estate Department of Verizon's unsuccessful attempts to inspect, survey and/or install Fios facilities at **340 Pennsylvania Av, Brooklyn, NY** ("Property"). Our records indicate that we have not yet been able to obtain access to the Property. The purpose of this letter is to restate and explain our need to gain access to your Property.

By way of background, Verizon is attempting to gain access to your Property because we have received a request for Fios service(s) from resident(s) in your building and/or resident(s) of another building on your block, and our access to your Property is necessary to provide cable television services to such residents. We are very excited about the opportunity to provide world-class voice, data and video services to area residents using a fiber-based network to deliver these services at unprecedented speeds and capacities. Your cooperation in allowing Verizon access to your Property will enable your tenants and/or other residents on your block to receive the services they want in a timely manner.

It is Verizon's position that under Section 228 of the New York Public Service Law and Title 16, Part 898, of the New York Codes, Rules and Regulations ("NYCRR"), Verizon has the right to install cable television facilities upon the Property. In addition, Verizon's Cable Franchise Agreement with the City of New York requires Verizon, subject to certain terms, conditions, and exceptions, to provide cable television service to residents in its franchise area who request it, and Verizon has a limited timeframe in which to do so. Verizon's ability to meet these expectations may be compromised by the delay we are experiencing in trying to gain access to and install cable television facilities at your Property.

Verizon's proposed installation will protect the safety, functioning and appearance of the premises, and Verizon will bear the cost of the installation of its cable television facilities. Verizon will also indemnify the landlord for any damage caused by the installation of Verizon's facilities. Verizon's policy is to work with you to arrange convenient dates for access and to reach agreement on engineering plans / designs for the Property. **Please contact Verizon's NYC Fios Real**

Estate Department at (888) 364-3467 within two weeks of receipt of this letter so that we may move forward with the process of bringing Fios to your Property and/or other properties on your block.

If you believe that Verizon's installation of cable television facilities constitutes an undue "taking" of your Property, you may file a petition for "just compensation" with the New York State Public Service Commission under the procedures set forth in Section 228 of the New York Public Service Law and Title 16, Part 898, of the NYCRR. Please note, however, that the filing of such a petition does not delay Verizon's right to access your Property. The complete text of Section 228 may be found on the enclosed copy of the notice of Verizon's intention to survey/install/upgrade cable television facilities and service.

If we do not hear from you within two weeks as mentioned above, Verizon's Legal Department may be forced to file a Petition for Order of Entry to the New York State Public Service Commission, after which you will be afforded, per 16 NYCRR 898.4(b)(9), twenty days to answer the Petition and set forth any additional matter not contained in the Petition. The Petition will seek an order granting Verizon the right to survey for and/or install/upgrade cable television facilities and service at your Property. If you have specific legal questions about Verizon's rights under New York law or Verizon's Cable Franchise Agreement, we recommend that you consult with an attorney. You may also contact Michael Morano, Assistant General Counsel for Verizon's National Operations, at (908) 559-3332 to discuss legal issues or questions, but please be advised that he represents Verizon and cannot provide you with legal advice.

Your cooperation in this matter would be greatly appreciated. We look forward to hearing from you.
