
Important Information regarding the Expiration of the Bona Fide Retail Request (BFRR) Program

The Bona Fide Retail Request (BFRR) Program, which expired on June 30, 2019 enabled qualified residential and single line business customers in Verizon New Jersey's service territory with no available broadband service from a cable, wireless or landline telephone provider to request broadband service from Verizon.

Any area which has not met the BFRR program's qualification requirements by June 30, 2019 will not be eligible to participate after that date.
