Please keep this information handy so you know when your monthly pension payment is being sent to your bank or financial institution via electronic funds transfer (EFT).

We ask that you provide us with your email address so we can notify you by email each month on the date your check is electronically delivered to your bank or financial institution. This will be the only way you will be notified of your pension deposit dates. Providing us your email address is easy! Go to BenefitsConnection at verizon.com/BenefitsConnection, then click on My Profile > Update Email and enter your current email.

Important: Pension EFT dates will not be provided by the Verizon Benefits Center

We receive hundreds of inquiries each month about pension payment dates, and that prevents retirees with more complex issues and other types of benefits questions from reaching a representative to receive the help they need. We appreciate your cooperation in using the payment schedule, and not calling the Verizon Benefits Center, to find out when your pension is being sent to your bank or financial institution.

The date in the schedule is the date the deposit reaches your bank or financial institution. It may take up to 24 hours for the funds to be deposited into your individual account.
