

6929 N. Lakewood Avenue
Tulsa, OK 74117

SHORT TERM PUBLIC NOTICE UNDER RULE 51.333(a)

May 8, 2019

Carrier: Verizon New England Inc., 6 Bowdoin Square, 9th Floor, Boston, MA 02114

Contact: For additional information on these planned network changes, please contact:

Marcia Chaffin
Verizon Network Engineering
385 Myles Standish Blvd.
Taunton, MA 02780
978-552-3638

John Dunne
Manager – Global Engineering and System Performance
Verizon Wireline Network Operations
999 W Main St., 04 Floor
Freehold, NJ 07728
732-683-5126

Implementation Date: On or after September 1, 2019

Planned Network Change(s) will occur at the following location(s) in Massachusetts:

Verizon Central Office	Address	CLLI
FRANKLIN MA 5ESS	140 Main Street, Franklin, MA 02038	FKLNMAMCDS0
NEWTON MA Packet End Office (PEO) Switch	787 Washington Street, Newton, MA 02460	NWTNMAWAPS0

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Franklin MA 5ESS switch are associated with CLLI code FKLNMAMCDS0 and will not be repeated throughout this notice.
- All references to the Newton MA PEO switch are associated with CLLI code NWTNMAWAPS0 and will not be repeated throughout this notice.

Description of the Planned Network Change(s):

The Verizon Franklin MA 5ESS switch, located at 140 Main Street, Franklin, MA 02038, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Newton MA PEO switch located at 787 Washington Street, Newton, MA 02460. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Newton MA PEO switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Franklin MA 5ESS switch will be required to reposition the codes to the Newton MA PEO switch.

All ASRs for the Newton MA PEO switch must be received no later than July 15, 2019 in order to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Franklin MA 5ESS switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Franklin MA 5ESS switch (**on or after September 1, 2019**). This will serve to guide interconnect re-routes of traffic for the four (4) native codes currently served by the Franklin MA 5ESS switch to reflect the Newton MA PEO switch as the new home switch. All ASRs for the Newton MA PEO switch must carry the project code of **FKLNAMCDS0**.
