SHORT TERM PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.333(a)

October 10, 2019

Carrier: Verizon New York Inc., 140 West Street, New York, NY 10007

Contact: For additional information on these planned network changes, please contact:

Marcia Chaffin
Verizon Network Engineering
385 Myles Standish Blvd.
Taunton, MA 02780
978-552-3638

John Dunne
Manager – Global Engineering and System Performance
Verizon Wireline Network Operations
999 W Main St., 04 FLR, Freehold, NJ USA 07728
732-683-5126

Implementation Date: On or after February 5, 2020

Planned Network Change(s) will occur at the following location(s) in Massachusetts:

Verizon Central Office	Address	CLLI
Minoa NY DMS 10	118 Edgerton, St. Minoa NY 13116	MINONYMIDS0
Syracuse NY Packet End Office (PEO)	201 S. State St. Syracuse, NY 13202	SYRCNYSUPS0

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Minoa NY DMS10 switch are associated with CLI code MINONYMIDS0 and will not be repeated throughout this notice.
- All references to the Syracuse NY PEO are associated with CLI code SYRCNYSUPS0 and will not be repeated throughout this notice.

Description of the Planned Network Change(s):

The Verizon Minoa NY DMS10 switch, located at 118 Edgerton St., Minoa, NY 13116, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Syracuse NY PEO, located at 201 S. State St., Syracuse, NY 13202. All traffic to be migrated includes, but is not limited to, inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

CLECs, interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Syracuse NY PEO switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Minoa NY DMS10 switch will be required to reposition the codes to the Syracuse NY PEO switch.

All ASRs for the Syracuse NY PEO switch must be received no later than December 1, 2019 in order to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Minoa NY DMS10 switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Minoa NY DMS10 switch (**on or after February 5, 2020**). This will serve to guide interconnect re-routes of traffic for the one (1) native code currently served by the Minoa NY DMS10 switch to reflect the Syracuse NY PEO switch as the new home switch. All ASRs for the Syracuse NY PEO switch must carry the project code of **MINONYMIDS0**.
