SHORT TERM PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.333(a)

October 10, 2019

Carrier: Verizon New England Inc., 6 Bowdoin Square, 9th Floor, Boston, MA 02114

Contact: For additional information on these planned network changes, please contact:

Marcia Chaffin
Verizon Network Engineering
385 Myles Standish Blvd.
Taunton, MA 02780
978-552-3638

John Dunne
Manager – Global Engineering and System Performance
Verizon Wireline Network Operations
999 W Main St., 04 Floor
Freehold, NJ 07728
732-683-5126

Implementation Date: On or after March 26, 2020

Planned Network Change(s) will occur at the following location(s) in Massachusetts:

<table>
<thead>
<tr>
<th>Verizon Central Office</th>
<th>Address</th>
<th>CLLI</th>
</tr>
</thead>
<tbody>
<tr>
<td>NEWTON MA DMS100</td>
<td>787 Washington Street</td>
<td>NWTNMAWADS0</td>

<td>Newton, MA 02460</td>
<td></td>
</tr>
</tbody>
</table>

This notice may also be viewed at http://www.verizon.com/about/terms-conditions/network-disclosures

PLEASE NOTE:

- All references to the Newton MA DMS100 switch are associated with CLLI code NWTNMAWADS0 and will not be repeated throughout this notice.
- All references to the Newton MA C20 switch are associated with CLLI code NWTNMAWAPS1 and will not be repeated throughout this notice.
**Description of the Planned Network Change(s):**
The Verizon Newton MA DMS100 switch, located at 787 Washington Street, Newton, MA 02460 will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Newton MA C20 switch, located at 787 Washington Street, Newton, MA 02460. All traffic to be migrated includes, but is not limited to, inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

**Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):**
Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Newton MA C20 switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Newton MA DMS100 switch will be required to reposition the codes to the Newton MA C20 switch.

All ASRs for the Newton MA C20 switch must be received no later than February 7, 2020, in order to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Newton MA DMS100 switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Newton, MA DMS100 switch (on or after March 26, 2020). This will serve to guide interconnect re-routes of traffic for the twenty-one (21) native codes currently served by the Newton MA DMS100 switch to reflect the Newton MA C20 switch as the new home switch. All ASRs for the Newton MA C20 switch must carry the project code of NWTNMAWADS0.
