

6929 N. Lakewood Avenue
Tulsa, OK 74117

SHORT TERM PUBLIC NOTICE UNDER RULE 51.333(a)

April 23, 2020

Carrier: Verizon New England Inc., 6 Bowdoin Square, 9th Floor, Boston, MA 02114

Contact: For additional information on these planned network changes, please contact:

Marcia Chaffin
Verizon Network Engineering
385 Myles Standish Blvd.
Taunton, MA 02780
978-552-3638

John Dunne
Manager – Global Engineering and System Performance
Verizon Wireline Network Operations
999 W Main St., 04 Floor
Freehold, NJ 07728
732-683-5126

Implementation Date: On or after August 3, 2020

Planned Network Change(s) will occur at the following location(s) in Rhode Island:

Verizon Central Office	Address	CLLI
GLOCESTER 5ESS Switch	139 W. Greenville Road Glocester, RI 02814	GLCSRIWGDS0
PROVIDENCE Packet End Office (PEO) Switch	234 Washington Street Providence, RI 02903	PRVDRIWAPS0

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Glocester RI 5ESS switch are associated with CLLI code GLCSRIWGDS0 and will not be repeated throughout this notice.

- All references to the Providence RI PEO switch are associated with CLLI code PRVDRIWAPS0 and will not be repeated throughout this notice.

Description of the Planned Network Change(s):

The Verizon Gloucester RI 5ESS switch, located at 139 West Greenville Road, Gloucester, RI 02814, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Providence RI PEO switch, located at 234 Washington Street, Providence, RI 02903. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Providence RI PEO switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Gloucester RI 5ESS switch will be required to reposition the codes to the Providence RI PEO switch.

All ASRs for the Providence RI PEO switch must be received no later than June 15, 2020 in order to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Gloucester RI 5ESS switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Gloucester RI 5ESS switch (**on or after August 3, 2020**). This will serve to guide interconnect re-routes of traffic for the six (6) native codes currently served by the Gloucester RI 5ESS switch to reflect the Providence RI PEO switch as the new home switch. All ASRs for the Providence RI PEO switch must carry the project code of **GLCSRIWGDS0**.
