

6929 N. Lakewood Avenue
Tulsa, OK 74117

PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)

May 28, 2020

Carrier: Verizon New Jersey Inc., One Verizon Way, Basking Ridge, NJ 07920

Contact: For additional information on these planned network changes, please contact:

Lisa Thompson
Global Data Network Engineering
Verizon Wireline Network Operations
13100 Columbia Pike, Floor 5 Room 505
Silver Spring, MD 20904
443-862-0212

John Dunne
Senior Manager – Global Data Network Engineering
Verizon Wireline Network Operations
2147 Route 27
Edison, NJ 08817
732-593-4003

Implementation Date: On or after February 01, 2021

Planned Network Change(s) will occur at the following locations in New Jersey:

Verizon Central Office	Address	CLLI
Red Bank NJ 5ESS Switch	183 Broad Street Red Bank, NJ 07701	RDBKNJRBDS5
New Brunswick NJ C20 Switch	18 Patterson Street New Brunswick NJ 08901	NBWKNJNBPS2

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Red Bank NJ 5ESS switch are associated with CLLI code RDBKNJRBDS5 and will not be repeated throughout this notice.

- All references to the New Brunswick NJ C20 switch are associated with CLLI code NBWKNJNBPS2 and will not be repeated throughout this notice.

Description of the Planned Network Change(s):

The Verizon Red Bank NJ 5ESS switch, located at 183 Broad Street, Red Bank, NJ 07701, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon New Brunswick NJ C20 switch, located at 18 Patterson Street, New Brunswick, NJ 08901. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the New Brunswick NJ C20 switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Red Bank NJ 5ESS switch will be required to reposition the codes to the New Brunswick NJ C20 switch.

All ASRs for the New Brunswick NJ C20 switch must be received no later than December 27, 2020 in order to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Red Bank NJ 5ESS switch, prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Red Bank NJ 5ESS switch (**on or after February 1, 2021**). This will serve to guide interconnect re-routes of traffic for the thirteen (13) native codes currently served by the Red Bank NJ 5ESS switch to reflect the New Brunswick NJ C20 switch as the new home switch. All ASRs for the New Brunswick NJ C20 switch must carry the project code of **RDBKNJRBRP0**.
