

6929 N. Lakewood Avenue
Tulsa, OK 74117

PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)

September 24, 2020

Carrier: Verizon Pennsylvania LLC, 900 Race Street, Philadelphia, PA 19107

Contact: For additional information on these planned network changes, please contact:

Lisa Thompson
Global Data Network Engineering
Verizon Wireline Network Operations
13100 Columbia Pike, Floor 5 Room 505
Silver Spring, MD 20904
443-862-0212

John Dunne
Senior Manager – Global Data Network Engineering
Verizon Wireline Network Operations
2147 Route 27
Edison, NJ 08817
732-593-4003

Implementation Date: On or after June 1, 2021

Planned Network Change(s) will occur at the following locations in Pennsylvania:

Verizon Central Office	Address	CLLI
PAXTONIA PA DMS100 Switch	4806 Jonestown Road Harrisburg, PA 17109	PXTNPAPADS0
HARRISBURG PA CS2K Switch	210 Pine Street Harrisburg, PA 17101	HRBGPAHAPS0

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Paxtonia PA DMS100 switch are associated with CLLI code PXTNPAPADS0 and will not be repeated throughout this notice.

- All references to the Harrisburg PA CS2K switch are associated with CLLI code HRBGPAHAPS0 and will not be repeated throughout this notice.

Description of the Planned Network Change(s):

The Verizon Paxtonia PA DMS100 switch, located at 4806 Jonestown Road, Harrisburg, PA 17109, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Harrisburg PA CS2K switch, located at 210 Pine Street, Harrisburg, PA 17101. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Harrisburg PA CS2K switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Paxtonia PA DMS100 switch will be required to reposition the codes to the Harrisburg PA CS2K switch.

All ASRs for the Harrisburg PA CS2K switch must be received no later than May 1, 2021 in order to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Paxtonia PA DMS100 switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Paxtonia PA DMS100 switch (**on or after June 1, 2021**). This will serve to guide interconnect re-routes of traffic for the nine (9) native codes currently served by the Paxtonia PA DMS100 switch to reflect the Harrisburg PA CS2K switch as the new home switch. All ASRs for the Harrisburg PA CS2K switch must carry the project code of **PXTNPAPADS0**.
