

6929 N. Lakewood Avenue  
Tulsa, OK 74117

**PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)**

April 13, 2021

**Carrier:** Verizon New York Inc., 140 West Street, New York, NY 10007

**Contact:** For additional information on these planned network changes, please contact:

Harvey Salzberg  
Global Engineering and Operations  
Verizon Wireline Network Operations  
140 West Street, 5<sup>th</sup> Floor  
New York, NY 10007  
212-519-4852

John Dunne  
Manager – Global Network Engineering and Operations  
Verizon Wireline Network Operations  
999 West Main St., 2<sup>nd</sup> Floor  
Freehold, NJ 07728  
732-683-5126

**Implementation Date:** On or after January 4, 2022

**Planned Network Change(s) will occur at the following locations in New York:**

Verizon Central Office	Address	CLLI
71 <sup>st</sup> Street NY 5E Switch	7101 16 <sup>th</sup> Avenue Brooklyn, NY 11204	NYCKNY71DS0
Williamsburg NY C20 Switch	55 Meserole Street Brooklyn, NY 11206	NYCKNYWMPS1

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the 71<sup>st</sup> Street NY 5E switch are associated with CLLI code NYCKNY71DS0 and will not be repeated throughout this notice.
- All references to the Williamsburg NY C20 switch are associated with CLLI code NYCKNYWMPS1 and will not be repeated throughout this notice.

**Description of the Planned Network Change(s):**

The Verizon 71<sup>st</sup> Street NY 5E switch, located at 7101 16<sup>th</sup> Avenue, Brooklyn, NY 11204, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Williamsburg NY C20 switch, located at 55 Meserole Street, Brooklyn, NY 11206. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

**Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):**

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Williamsburg NY C20 switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the 71<sup>st</sup> Street NY 5E switch will be required to reposition the codes to the Williamsburg NY C20 switch.

All ASRs for the Williamsburg NY C20 switch must be received no later than November 1, 2021 in order to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the 71<sup>st</sup> Street NY 5E switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the 71<sup>st</sup> Street NY 5E switch (**on or after January 4, 2022**). This will serve to guide interconnect re-routes of traffic for the eight (8) native codes currently served by the 71<sup>st</sup> Street NY 5E switch to reflect the Williamsburg NY C20 switch as the new home switch. All ASRs for the Williamsburg NY C20 switch must carry the project code of NYCKNY71DS0.
