PLEASE NOTE:

- All references to the Knights Road PA EWSD switch are associated with CLLI code PHLAPAKRDS0 and will not be repeated throughout this notice.

Description of the Planned Network Change(s):

The Verizon Knights Road PA EWSD switch, located at 11016 Knights Road, Philadelphia, PA 19108, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Market PA C20 switch, located at 900 Race Street, Philadelphia, PA 19108. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Market PA C20 switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Knights Road PA EWSD switch will be required to reposition the codes to the Market PA C20 switch.

All ASRs for the Market PA C20 switch must be received no later than **July 27, 2022** in order to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Knights Road PA EWSD switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Knights Road PA EWSD switch (**on or after August 1, 2022**). This will serve to guide interconnect re-routes of traffic for the six (6) native codes currently served by the Knights Road PA EWSD switch to reflect the Market PA C20 switch as the new home switch. All ASRs for the Market PA C20 switch must carry the project code of **PHLAPAKRDS0**.
