PLEASE NOTE:

- All references to the Nettles Drive, VA 5E switch are associated with CLLI code NWNWVANDDS0 and will not be repeated throughout the notice.
- All references to the Chinese Corner, VA CS2K switch are associated with CLLI code VRBHVACCPS0 and will not be repeated throughout the notice.

Description of the Planned Network Change(s):

The Verizon Nettles Drive, VA 5E switch, located at 12999 Nettles Drive, Newport News, VA 23612, will be retired and removed from the Verizon network after all traffic served by this switch is migrated to the Chinese Corner, VA CS2K switch, located at 221 Dorset Avenue, Virginia Beach, VA 23462. All traffic to be migrated to the Chinese Corner, VA CS2K switch includes, but is not limited to, inter-LATA (ACCESS/FG-B-D/CLEC IXC), wireless and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

All carriers, including competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers, will need to provision new trunk groups to support direct end office trunking to the Chinese Corner, VA CS2K switch or have existing trunk groups to that switch augmented.

All ASRs for the Chinese Corner, VA CS2K must be received no later than **April 18, 2023** to provide sufficient time to migrate the traffic described above. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Nettles Drive, VA 5E switch (**on or after June 1, 2023**). This will serve to guide interconnect re-routes of traffic for the NPA codes currently served by the Nettles Drive, VA 5E switch to reflect the Chinese Corner, CS2K as the new home switch. All trunks to the Chinese Corner, VA CS2K must be in place prior to the decommissioning of the Nettles Drive, VA 5E switch. All ASRs for the Chinese Corner, VA CS2K switch must carry a project code of **NWNWVANDRP0**.
