Tulsa, OK 74117

PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)

July 12, 2023

Carrier: Verizon New York Inc., 140 West Street, New York, NY 10007

Contact: For additional information on these planned network changes, please contact:

Marcia Chaffin
Verizon Network Engineering
385 Myles Standish Blvd.
Taunton, MA 02780
978-552-3638

Quadre Washington
Manager – Global Engineering and System Performance
Verizon Wireline Network Operations
320 Saint Paul Pl
Baltimore, MD 21202
410-736-4261

Implementation Date: On or after March 1, 2024.

Planned Network Change(s) will occur at the following location(s) in New York:

Verizon Central Office	Address	CLLI
Hoosick Falls, NY DMS10 Switch	75 Classic Street Hoosick Falls, NY 12090	HSFLNYHSDS0
Albany, NY Packet End Office (PEO) Switch	158 State Street Albany, NY 12207	ALBYNYSSPS1

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Hoosick Falls, NY DMS10 switch are associated with CLI code HSFLNYHSDS0 and will not be repeated throughout this notice.
- All references to the Albany, NY Packet End Office (PEO) switch are associated with CLI code ALBYNYSSPS1 and will not be repeated throughout this notice.

Description of the Planned Network Change(s):

The Verizon Hoosick Falls, NY DMS10 switch, located at 75 Classic Street, Hoosick Falls, NY 12090, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Albany, NY PEO switch, located at 158 State Street, Albany, NY 12207. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Albany, NY PEO switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Hoosick Falls, NY DMS10 switch will be required to reposition the codes to the Albany, NY PEO switch.

All ASRs for the Albany, NY PEO switch must be received no later than January 15, 2024 to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Hoosick Falls, NY DMS10 switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Hoosick Falls, NY DMS10 switch (**on or after March 1, 2024**). This will serve to guide interconnect re-routes of traffic for the one (1) native code currently served by the Hoosick Falls, NY DMS10 switch to reflect the Albany, NY PEO switch as the new home switch. All ASRs for the Albany, NY PEO switch must carry the project code of HSFLNYHSDS0.
