PLEASE NOTE:

- All references to the Larchmont PA 5ESS switch are associated with CLLI code **LARCPALMDS0** and will not be repeated throughout the notice.
- All references to the Market PA C20 switch are associated with CLLI code **PHLAPAMKPS2** and will not be repeated throughout the notice.

Description of the Planned Network Change(s):

The Verizon Larchmont PA 5ESS switch, located at 31 Media Line Road, Larchmont, PA 19008, will be retired and removed from the Verizon network after all traffic served by this switch is migrated to the Verizon Market PA C20 switch, located at 900 Race Street, Philadelphia, PA 19107. All traffic to be migrated to the Market PA C20 switch includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC IXC), wireless and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Market PA C20 switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Larchmont PA 5ESS switch will be required to reposition the codes to the Market PA C20 switch.

All ASRs for the Market PA C20 switch must be received no later than October 17, 2024 to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Larchmont PA 5ESS switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Larchmont PA 5ESS switch (**on or after January 2, 2025**). This will serve to guide interconnect re-routes of traffic for the six (6) native codes currently served by the Larchmont PA 5ESS switch to reflect the Market PA C20 switch as the new home switch. All ASRs for the Market PA C20 switch must carry the project code of **LARCPALMDS0**.
