

6929 N. Lakewood Avenue  
Tulsa, OK 74117

**PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)**

**March 22, 2024**

**Carrier:** Verizon Virginia LLC, 22001 Loudoun County Parkway, Ashburn, VA 20147

**Contact:** For additional information on these planned network changes, please contact:

Lisa M Thompson  
Global Engineering and System Performance  
Verizon Wireline Network Operations  
13100 Columbia Pike  
Silver Spring, MD 20904  
(410) 375-9777

Quadre Washington  
Senior Manager – Global Engineering and System Performance  
Verizon Wireline Network Operations  
320 Saint Paul Place  
Baltimore, MD 21202  
(410) 736-4261

**Implementation Date:** On or after **January 2, 2025**

**Planned Network Change(s) Will Occur at the Following Virginia Location(s):**

<b>Verizon Central Office</b>	<b>Address</b>	<b>CLLI</b>
Stephens City VA 5E Switch	5490 Mulberry Street Stephens City, VA 22655	<b>STCYVASCDS0</b>
Fredericksburg VA CS2K Switch	901 Prince Edward Street Fredericksburg, VA 22401	<b>FRBGVAFBPS0</b>

**This notice may also be viewed at:**

<http://www.verizon.com/about/terms-conditions/network-disclosures>

**PLEASE NOTE:**

- All references to the Stephens City VA 5E switch are associated with CLLI code STCYVASCDS0 and will not be repeated throughout the notice.
- All references to the Fredericksburg VA CS2K switch are associated with CLLI code FRBGVAFBPS0 and will not be repeated throughout the notice.

**Description of the Planned Network Change(s):**

The Verizon Stephens City VA 5E switch, located at 5490 Mulberry Street, Stephens City, VA 22655, will be retired and removed from the Verizon network after all traffic served by this switch is migrated to the Fredericksburg VA CS2K switch, located at 901 Prince Edward Street, Fredericksburg, VA 22401. All traffic to be migrated to the Fredericksburg VA CS2K switch includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC IXC), wireless and paging traffic.

**Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):**

All carriers, including competitive local exchange carriers (CLECs), Interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers, will need to provision new trunk groups to support direct end office trunking to the Fredericksburg VA CS2K switch or have existing trunk groups to that switch augmented.

All ASRs for the Fredericksburg VA CS2K switch must be received no later than **November 4, 2024** to provide sufficient time to migrate the traffic described above. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Stephens City VA 5E switch (**on or after January 2, 2025**). This will serve to guide interconnect re-routes of traffic for the NPA codes currently served by the Stephens City VA 5E switch to reflect the Fredericksburg VA CS2K switch as the new home switch. All trunks to the Fredericksburg VA CS2K switch must be in place prior to the decommissioning of the Stephens City VA 5E switch. All ASRs for the Fredericksburg VA CS2K switch must carry a project code of **STCYVASCDS0**.
