

6929 N. Lakewood Avenue  
Tulsa, OK 74117

**PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)**

April 19, 2024

**Carrier:** Verizon New York Inc., 140 West Street, New York, NY 10007

**Contact:** For additional information on these planned network changes, please contact:

Marcia Chaffin  
Verizon Network Engineering  
385 Myles Standish Blvd.  
Taunton, MA 02780  
978-552-3638

Quadre Washington  
Manager – Global Engineering and System Performance  
Verizon Wireline Network Operations  
320 Saint Paul Place  
Baltimore, MD 21202  
410-736-4261

**Implementation Date:** On or after January 2, 2025.

**Planned Network Change(s) will occur at the following location(s) in New York:**

Verizon Central Office	Address	CLLI
Massena, NY DMS100 Switch	37 Glenn Street Massena, NY 13662	MSSNNYMQDS0
Syracuse, NY Packet End Office Switch	201 S. State Street Syracuse, NY 13202	SYRCNYSUPS0

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Massena, NY DMS100 switch are associated with CLI code MSSNNYMQDS0 and will not be repeated throughout this notice.
- All references to the Syracuse, NY Packet End Office (PEO) switch are associated with CLI code SYRCNYSUPS0 and will not be repeated throughout this notice.

**Description of the Planned Network Change(s):**

The Verizon Massena, NY DMS100 switch, located at 37 Glenn Street, Massena, NY 13662, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Syracuse, NY PEO switch, located at 201 S. State Street, Syracuse, NY 13202. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

**Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):**

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Syracuse, NY PEO switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Massena, NY DMS100 switch will be required to reposition the codes to the Syracuse, NY PEO switch.

All ASRs for the Syracuse, NY PEO switch must be received no later than November 22, 2024 to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Massena, NY DMS100 switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Massena, NY DMS100 switch (**on or after January 2, 2025**). This will serve to guide interconnect re-routes of traffic for the five (5) native codes currently served by the Massena, NY DMS100 switch to reflect the Syracuse, NY PEO switch as the new home switch. All ASRs for the Syracuse, NY PEO switch must carry the project code of MSSNNYMQDS0.
