

6929 N. Lakewood Avenue  
Tulsa, OK 74117

**PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)**

April 19, 2024

**Carrier:** Verizon New York Inc., 140 West Street, New York, NY 10007

**Contact:** For additional information on these planned network changes, please contact:

Harvey Salzberg  
Global Engineering and Operations  
Verizon Wireline Network Operations  
140 West Street, 5<sup>th</sup> Floor  
New York, NY 10007  
212-519-4852

Quadre Washington  
Global Network Engineering and Operations  
Verizon Wireline Network Operations  
320 St Paul Place  
Baltimore MD, 21202  
410-736-4261

**Implementation Date:** On or after January 2, 2025

**Planned Network Change(s) will occur at the following locations in New York:**

Verizon Central Office	Address	CLLI
Tuckahoe NY DMS Switch	7 Grant Street Tuckahoe, NY 10707	TKHONYTUDS1
Pleasantville NY DMS Switch	465 Marble Avenue Pleasantville, NY 10570	PSVLNYPVPSA

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Tuckahoe NY DMS switch are associated with CLLI code TKHONYTUDS1 and will not be repeated throughout this notice.
- All references to the Pleasantville NY DMS switch are associated with CLLI code PSVLNYPVPSA and will not be repeated throughout this notice.

**Description of the Planned Network Change(s):**

The Verizon Tuckahoe NY DMS switch, located at 7 Grant Street, Tuckahoe, NY 10707, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Pleasantville NY DMS switch, located at 465 Marble Avenue, Pleasantville, NY 10570. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

**Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):**

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Pleasantville NY DMS switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Tuckahoe NY DMS switch will be required to reposition the codes to the Pleasantville NY DMS switch.

All ASRs for the Pleasantville NY DMS switch must be received no later than November 1, 2024 to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Tuckahoe NY DMS switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Tuckahoe NY DMS switch (**on or after January 2, 2025**). This will serve to guide interconnect re-routes of traffic for the ten (10) native codes currently served by the Tuckahoe NY DMS switch to reflect the Pleasantville NY DMS switch as the new home switch. All ASRs for the Pleasantville NY DMS switch must carry the project code of TKHONYTUDS1.
