Tulsa, OK 74117

SHORT TERM PUBLIC NOTICE UNDER RULE 51.333(a)

July 9, 2024

Carrier: Verizon Virginia LLC, 22001 Loudoun County Parkway, Ashburn, VA 20147

Contact: For additional information on these planned network changes, please contact:

Lisa M Thompson
Global Engineering and System Performance
Verizon Wireline Network Operations
13100 Columbia Pike
Silver Spring, MD 20904
(410) 375-9777

Quadre Washington
Senior Manager – Global Engineering and System Performance
Verizon Wireline Network Operations
320 Saint Paul Place
Baltimore, MD 21202
(410) 736-4261

Implementation Date: On or after **October 1, 2024**

Planned Network Change(s) Will Occur at the Following Virginia Location(s):

Verizon Central Office	Address	CLLI
Bethia VA 5ESS Switch	13511 Hull Street Road Midlothian, VA 23112	BTHIVABTDS0
Grace Street VA CS2K Switch	703 E. Grace Street Richmond, VA 23219	RCMDVAGRPS1

This notice may also be viewed at:

<http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Bethia VA 5ESS switch are associated with CLLI code BTHIVABTDS0 and will not be repeated throughout the notice.
- All references to the Grace Street VA CS2K switch are associated with CLLI code RCMDVAGRPS1 and will not be repeated throughout the notice.

Description of the Planned Network Change(s):

The Verizon Bethia VA 5ESS switch, located at 13511 Hull Street Road, Midlothian, VA 23112, will be retired and removed from the Verizon network after all traffic served by this switch is migrated to the Grace Street VA CS2K switch, located at 703 E. Grace Street, Richmond, VA 23219. All traffic to be migrated to the Grace Street VA CS2K switch includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC IXC), wireless and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

All carriers, including competitive local exchange carriers (CLECs), Interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers, will need to provision new trunk groups to support direct end office trunking to the Grace Street VA CS2K switch or have existing trunk groups to that switch augmented.

All ASRs for the Grace Street VA CS2K switch must be received no later than **August 6, 2024**, to provide sufficient time to migrate the traffic described above. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Bethia VA 5ESS switch (**on or after October 1, 2024**). This will serve to guide interconnect re-routes of traffic for the NPA codes currently served by the Bethia VA 5ESS switch to reflect the Grace Street VA CS2K switch as the new home switch. All trunks to the Grace Street VA CS2K switch must be in place prior to the decommissioning of the Bethia VA 5ESS switch. All ASRs for the Grace Street VA CS2K switch must carry a project code of **BTHIVABTDS0**.
