Tulsa, OK 74117

SHORT TERM PUBLIC NOTICE UNDER RULE 51.333(a)

July 9, 2024

Carrier: Verizon New York Inc., 140 West Street, New York, NY 10007

Contact: For additional information on these planned network changes, please contact:

Harvey Salzberg
Global Engineering and Operations
Verizon Wireline Network Operations
140 West Street, 5th Floor
New York, NY 10007
212-519-4852

Quadre Washington
Assoc Dir – Global Network Engineering and Operations
Verizon Wireline Network Operations West Main Street, 2nd Floor
320 Saint Paul Place,
Baltimore, MD 21202
410-736-4261

Implementation Date: On or after October 1, 2024

Planned Network Change(s) will occur at the following locations in New York:

Verizon Central Office	Address	CLLI
Hicksville NY DMS Switch	69 West Cherry Street Hicksville, NY 11801	HCVLNYHVDS0
Deerpark NY CS2k Switch	85 West Second Street Deer Park, NY 11729	DRPKNYDPPS0

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>.

PLEASE NOTE:

- All references to the Hicksville NY DMS switch are associated with CLLI code HCVLNYHVDS0 and will not be repeated throughout this notice.
- All references to the Deerpark NY CS2k switch are associated with CLLI code DRPKNYDPPS0 and will not be repeated throughout this notice.

Description of the Planned Network Change(s):

The Verizon Hicksville NY DMS switch, located at 69 West Cherry Street, Hicksville, NY 11801, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Deerpark, NY CS2k switch, located at 85 West Second Street, Deer Park, NY 11729. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Deerpark NY CS2k switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Hicksville NY DMS switch will be required to reposition the codes to the Deerpark NY CS2k switch.

All ASRs for the Deerpark NY CS2k switch must be received no later than September 1, 2024, to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Hicksville NY DMS switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Hicksville NY DMS switch (**on or after October 1, 2024**). This will serve to guide interconnect re-routes of traffic for the eighteen (18) native codes currently served by the Hicksville NY DMS switch to reflect the Deerpark NY CS2k switch as the new home switch. All ASRs for the Deerpark NY CS2k switch must carry the project code of **HCVLNYHVDS0**.
