

**SHORT TERM PUBLIC NOTICE UNDER RULE 51.333(a)**

**February 24, 2025**

**Carrier:** Verizon Pennsylvania LLC, 900 Race Street, Philadelphia, PA 19107

**Contact:** For additional information on these planned network changes, please contact:

Lisa M Thompson  
Global Engineering and System Performance  
Verizon Wireline Network Operations  
13100 Columbia Pike  
Silver Spring, MD 20904  
(410) 375-9777

Michael Childs  
Associate Director  
Verizon Network Engineering  
5055 North Point Pkwy.  
Alpharetta, GA 30022  
(469) 497-4466

**Implementation Date:** On or after **June 1, 2025**

**Planned Network Change(s) Will Occur at the Following Pennsylvania**

**Location(s):**

<b>Verizon Central Office</b>	<b>Address</b>	<b>CLLI</b>
Locust PA 5ESS Switch	1631 Arch Street Philadelphia, PA 19103	<b>PHLAPALODS0</b>
Market PA C20 Switch	900 Race Street Philadelphia, PA 19107	<b>PHLAPAMKPS2</b>

**This notice may also be viewed at:**

<http://www.verizon.com/about/terms-conditions/network-disclosures>

**PLEASE NOTE:**

- All references to the Locust PA 5ESS switch are associated with CLLI code **PHLAPALODS0** and will not be repeated throughout the notice.
- All references to the Market PA C20 switch are associated with CLLI code **PHLAPAMKPS2** and will not be repeated throughout the notice.

**Description of the Planned Network Change(s):**

The Verizon Locust PA 5ESS switch, located at 1631 Arch Street, Philadelphia, PA 19103, will be retired and removed from the Verizon network after all traffic served by this switch is migrated to the Verizon Market PA C20 switch, located at 900 Race Street, Philadelphia, PA 19107. All traffic to be migrated to the Market PA C20 switch includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC IXC), wireless and paging traffic.

**Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):**

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Market PA C20 switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Locust PA 5ESS switch will be required to reposition the codes to the Market PA C20 switch.

All ASRs for the Market PA C20 switch must be received no later than May 15, 2025, to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Locust PA 5ESS switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Locust PA 5ESS switch (**on or after June 1, 2025**). This will serve to guide interconnect re-routes of traffic for the twenty (20) native codes currently served by the Locust PA 5ESS switch to reflect the Market PA C20 switch as the new home switch.
