

### **SHORT TERM PUBLIC NOTICE UNDER RULE 51.333(a)**

January 9, 2026

**Carrier:** Verizon New England Inc., 6 Bowdoin Square, 9<sup>th</sup> Floor, Boston, MA 02114

**Contact:** For additional information on these planned network changes, please contact:

Marcia Chaffin  
Verizon Network Engineering  
385 Myles Standish Blvd.  
Taunton, MA 02780  
978-552-3638

Michael Childs  
Associate Director  
Verizon Network Engineering  
5055 North Point Pkwy.  
Alpharetta, GA 30022  
469-497-4466

**Implementation Date:** On or after March 9, 2026.

#### **Planned Network Change(s) will occur at the following location(s) in Massachusetts:**

Verizon Central Office	Address	CLLI
North Attleboro MA 5ESS Switch	25 Orne Street North Attleboro, MA 02760	NATLMAOEDS1
Newton MA C20 Switch	787 Washington Street Newton, MA 02460	NWTNMAWAPS1

**This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>**

#### **PLEASE NOTE:**

- All references to the North Attleboro MA 5ESS switch are associated with CLLI code NATLMAOEDS1 and will not be repeated throughout this notice.
- All references to the Newton MA C20 switch are associated with CLLI code NWTNMAWAPS1 and will not be repeated throughout this notice.

**Description of the Planned Network Change(s):**

The Verizon North Attleboro MA 5ESS switch, located at 25 Orne Street, North Attleboro, MA 02760, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Newton MA C20 switch, located at 787 Washington Street, Newton, MA 02460. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

**Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):**

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Newton MA C20 switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the North Attleboro MA 5ESS switch will be required to reposition the codes to the Newton MA C20 switch.

All ASRs for the Newton MA C20 switch must be received no later than February 10, 2026, to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the North Attleboro MA 5ESS switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the North Attleboro MA 5ESS switch (**on or after March 9, 2026**). This will serve to guide interconnect re-routes of traffic for the three (3) native codes currently served by the North Attleboro MA 5ESS switch to reflect the Newton MA C20 switch as the new home switch.
