

6929 N. Lakewood Avenue  
Tulsa, OK 74117

**SHORT TERM PUBLIC NOTICE UNDER RULE 51.333(a)**

March 3, 2026

**Carrier:** Verizon Pennsylvania LLC, 900 Race Street, Philadelphia, PA 19107

**Contact:** For additional information on these planned network changes, please contact:

Lisa Thompson  
Global Data Network Engineering  
Verizon Wireline Network Operations  
13100 Columbia Pike, Floor 5 Room 505  
Silver Spring, MD 20904  
410-375-9777

Michael Childs  
Associate Director  
Verizon Network Engineering  
5055 North Point Pkwy.  
Alpharetta, GA 30022  
469-497-4466

**Implementation Date:** On or after April 16, 2026

**Planned Network Change(s) will occur at the following locations in Pennsylvania:**

| Verizon Central Office         | Address                                          | CLLI               |
|--------------------------------|--------------------------------------------------|--------------------|
| King of Prussia PA 5ESS Switch | 540 Allendale Road<br>King of Prussia, PA 19406  | <b>KGPRPAKPDS0</b> |
| Fort Washington PA CS2K Switch | 1050 Virginia Drive<br>Fort Washington, PA 19034 | <b>FTWSPAFWPS1</b> |

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

**PLEASE NOTE:**

- All references to the King of Prussia PA 5ESS switch are associated with CLI code KGPRPAKPDS0 and will not be repeated throughout this notice.
- All references to the Fort Washington PA CS2K switch are associated with CLI code FTWSPAFWPS1 and will not be repeated throughout this notice.

**Description of the Planned Network Change(s):**

The Verizon King of Prussia PA 5ESS switch, located at 540 Allendale Road, King of Prussia, PA 19406, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Fort Washington PA CS2K switch, located at 1050 Virginia Drive, Fort Washington, PA 19034. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

**Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):**

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Fort Washington PA CS2K switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the King of Prussia PA 5ESS switch will be required to reposition the codes to the Fort Washington PA CS2K switch.

All ASRs for the Fort Washington PA CS2K switch must be received no later than March 28, 2026, to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the King of Prussia PA 5ESS switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the King of Prussia PA 5ESS switch **(on or after April 16, 2026)**. This will serve to guide interconnect re-routes of traffic for the ten (10) native codes currently served by the King of Prussia PA 5ESS switch to reflect the Fort Washington PA CS2K switch as the new home switch.
