Tulsa, OK 74117

PUBLIC NOTICE OF COPPER RETIREMENT UNDER RULE 51.333
Copper Retirement ID No. 2018-02-A-NY

June 8, 2018

Carrier: Verizon New York Inc., 140 West Street, New York, NY 10007

Contact: For additional information on these planned network changes, please contact:

Janet Gazlay Martin
Director – Network Transformation
Verizon Communications
230 W. 36th Street, Room 802
New York, NY 10018
1-844-881-4693

Implementation Date: On or after October 1, 2018

Planned Network Change(s) will occur at the following wire center area in New York:

Wire Center	Address	CLLI
BEDFORD VILLAGE, NY	State Rd. & Lincoln Ave., Bedford Village, NY 10506	BDVGNBYBV

Exhibit A to this copper retirement notification provides information about the specific addresses at which the copper network facilities will be retired. Exhibit A addresses may also be viewed on Verizon’s website at <http://www.verizon.com/about/terms-conditions/network-disclosures>

Description of the planned network change(s):

Verizon has recently identified copper facilities in the Bedford Village, NY area that are costly to maintain and can be replaced easily by existing fiber facilities available in the wire center. Fewer than 200 addresses and only sixteen active circuits will be impacted by this copper retirement. Verizon intends to retire a limited number of copper facilities in the wire center serving locations listed in the attached Exhibit A and provide services over the fiber network infrastructure. Updating our network from copper to fiber benefits our customers because of fiber’s resiliency and reliability, especially in inclement weather, thereby allowing Verizon to devote its resources and personnel to other areas that need attention.

Description of reasonably foreseeable impact(s) of the planned change(s):

After the retirement of the copper facilities, Verizon will: (1) no longer offer services over copper facilities; and (2) cease maintaining the copper facilities. To help ensure an orderly transition, Verizon may require customers and interconnecting entities to migrate services off of copper facilities well before the copper retirement implementation date.

Exhibit A
Copper Retirement ID No. 2018-02-A-NY

The copper facilities associated with the following addresses served by Verizon's wire center located at
STATE RD & LINCOLN AVE BEDFORD VILLAGE, NY 10506;
