

Charitable Donations Terms and Conditions

By accepting these terms, I authorize Verizon to round up my Verizon Mobile or Home bill payment, or purchase amount, to the nearest whole dollar and donate the incremental overpayment amount to Round It Up America (RIUA) for disbursement to my designated charity. RIUA is a non-profit that facilitates the distribution of charitable donations to eligible recipients. I understand that RIUA will have exclusive control over my donation, and that in rare situations it may not honor my requested disbursement. If that happens, I agree that my donation will be treated as if made to RIUA. I understand that all donations are final and non-refundable, and that the donation program may end at any time.

If I have a monthly recurring contribution, I understand that my round up donation may vary from month to month depending on the amount of my monthly Verizon bill. I understand that I may change this election at any time in MyVerizon or the My Verizon App.

Note: For a limited time, Verizon will provide a grant to RIUA to match your donation. More information about the charities is available online at www.verizon.com/support/bill-pay-charitable-donations-faqs/. More information about RIUA is available online at www.rounditupamerica.org. Verizon may halt the round up donation program or the matching grant at any time.

Effective: February 2025
