Tulsa, OK 74117

SHORT TERM PUBLIC NOTICE UNDER RULE 51.333(a)

March 23, 2022

Carrier: Verizon Virginia LLC, 22001 Loudoun County Parkway, Ashburn, VA 20147

Contact: For additional information on these planned network changes, please contact:

Steven Tobia
Global Engineering and System Performance
Verizon Wireline Network Operations
13100 Columbia Pike
Silver Spring, MD 20904
(410) 707-7964

John Dunne
Senior Manager – Global Engineering and System Performance
Verizon Wireline Network Operations
999 W Main St, 04 Floor
Freehold, NJ USA 07728
732-683-5126

Implementation Date: On or after **July 28, 2022**

Planned Network Change(s) Will Occur at the Following Virginia Location(s):

Verizon Central Office	Address	CLLI
Drakes Branch VA DMS10 Remote Switch	145 Proctor Street Drakes Branch, VA 23937	DRBRVAXARS0
Drakes Branch VA T1000/DMS100 Remote Switch	121 Proctor Street Drakes Branch, VA 23937	DRBRVAXARS1
Emporia VA DMS100 Switch	107 Valley Street Emporia, VA 23847	EMPRVAXADS0

This notice may also be viewed at:

<http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Drakes Branch VA DMS10 remote switch are associated with CLLI code DRBRVAXARS0 and will not be repeated throughout the notice.
- All references to the Drakes Branch VA T1000/DMS100 remote switch are associated with CLLI code DRBRVAXARS1 and will not be repeated throughout the notice.
- All references to the Emporia VA DMS 100 switch are associated with CLLI code EMPRVAXADS0 and will not be repeated throughout this letter.

Description of the Planned Network Change(s):

The Verizon Drakes Branch VA DMS10 remote switch, located at 145 Proctor Street, Drakes Branch, VA 23937, will be retired and removed from the Verizon network after all traffic served by this switch is migrated to the Drakes Branch VA T1000/DMS100 remote switch, located at 121 Proctor Street, Drakes Branch, VA 23937. All traffic to be migrated to the Drakes Branch VA T1000/DMS100 remote switch will be homed to the Emporia VA DMS100 switch. Traffic includes, but is not limited to Inter-LATA (ACCESS/FG-B-D/CLEC IXC), wireless and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

All carriers, including competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to provision new trunk groups to support direct end office trunking to the Emporia VA DMS100 switch or have existing trunk groups to that switch augmented.

All ASRs for the Emporia VA DMS100 switch must be received no later than **May 27, 2022** in order to provide sufficient time to migrate the traffic described above. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Drakes Branch VA dDMS10 remote switch and rehome to the Emporia VA DMS100 switch (**on or after July 28, 2022**). This will serve to guide interconnect re-routes of traffic for the NPA code currently served by the Drakes Branch VA DMS10 remote switch to reflect the new Drakes Branch VA T1000/DMS100 remote switch and Emporia VA DMS100 new home switch. All trunks to the Emporia VA DMS100 switch must be in place prior to the decommissioning of the Drakes Branch VA DMS10 remote switch. All ASRs for the Emporia VA DMS100 switch must carry a project code of **DRBRVAXARS1**.
