

Follow these few simple steps to donate your old wireless device to HopeLine.

- STEP 1:** If you are donating the battery or batteries with your old device, please keep the battery within or attached to the device. Any separate or loose batteries should be placed in a separate plastic bag for transport.
- STEP 2:** Wrap your device securely with bubble wrap or other packaging materials (newspaper also works well).
- STEP 3:** Place your device and any additional batteries or accessories in a shipping envelope or small shipping carton.
- STEP 4:** Seal your shipping envelope or shipping carton with packing tape.
- STEP 5:** Tape your postage-paid HopeLine shipping label (attached below) to the envelope or box.
- STEP 6:** Mail your envelope or package using any USPS mailbox.
- Please include any accessories you wish to donate.

Cut along dotted line.

 HOPELINE from Verizon
