Verizon Wireline Network Operations
99 Shawan Rd & York Rd, 05 Floor Room 5w17a,
Cockeysville, MD 21030
410-856-2512

Implementation Date: On or after March 10, 2018

Planned Network Change(s) will occur at the following location(s) in New York:

Verizon Central Office	Address	CLLI
SKANEATELES, NY DMS-10 switch	16 Fennell Street, Skaneateles, NY 13152	SKNTNYSEDS0
SYRACUSE, NY Packet End Office (PEO) switch	201 S. State St., Syracuse, NY 13202	SYRCNYSUPS0

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Skaneateles, NY DMS-10 switch are associated with CLI code SKNTNYSEDS0 and will not be repeated throughout this notice.
- All references to the Syracuse, NY Packet End Office (PEO) switch are associated with CLI code SYRCNYSUPS0 and will not be repeated throughout this notice.

Description of the Planned Network Change(s):

The Verizon Skaneateles, NY DMS-10 switch, located at 16 Fennell Street, Skaneateles, NY 13152, will be retired and removed from the network after all traffic served by this switch has been migrated to the Verizon Syracuse, NY PEO switch located at 201 S. State St., Syracuse, NY 13202. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Syracuse, NY PEO or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Skaneateles, NY DMS-10 switch will be required to reposition the codes to the Syracuse, NY Packet End Office.

All ASRs for the Syracuse, NY PEO must be received no later than January 30, 2018 in order to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Skaneateles, NY DMS-10 switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Skaneateles, NY DMS-10 switch (**on or after March 10, 2018**). This will serve to guide interconnect re-routes of traffic for the three (3) native codes currently served by the Skaneateles, NY DMS-10 switch to reflect the Syracuse, NY PEO switch as the new home switch. All ASRs for the Syracuse, NY PEO switch must carry the project code of **SKNTNYSEDS0**.
