Hey V team. Today we are in New York City at the place to be this holiday season. Yes, I'm talking about this incredible holiday pop up you see behind me, Barbie's Dreamhouse, which has been transformed into Barbie's Streamhouse. Now, this, of course, is only possible thanks to our first ever partnership with Mattel. And we're going to get in there in just a few minutes to show you how Verizon Home Internet powers every corner of Barbie's home. And I figured, why would I do this alone? We have our very own Barbie here at Verizon. Barbie Evans for our Princeton, New Jersey store. Barbie, so nice to see you. Oh my goodness. Thank you for having me. I'm so excited. Of course, you want to check this out? Absolutely. Let's do it. Wow, this is incredible. Amazing. It is beautiful. Absolutely. Okay, first things first, we got connect to the Wi-Fi, of course, powered by Verizon Home Internet, and then we can get started. Yep. All right. Ready? Let's check it out. Let's do it. After you. All right, Barbie, what I love about this experience is every single room is interactive. It gives folks the opportunity to learn about our products and services, maybe even buy a little something. We love that. We love it. And you are the real expert here, Barbie. So tell me about Verizon Home Internet, because I know we have the very best deals this holiday season. Yes, we do. And just like Barbie and her friends need Verizon Home Internet, so do all of our customers. When they switch to Verizon Home Internet, they have an option of getting Xbox bundle with accessories or they can choose from Netflix and Max streaming on us for a year. Isn't that amazing? That is fantastic. For a full year. Wow. Wow. I love that. Thank you so much, Barbie. Now, why don't we go check out the rest of this house? Let's do it. Let's do it. All right, Barbie, let's talk about staying safe and connected this holiday season, because things can get pretty wild with the holidays, with the travel, with all those crowds at the mall. And for me personally, that is where the Gizmo Watch 3 comes in, because this thing gives me peace of mind. Tell me about it. Absolutely. And those crowds can be pretty crazy. So you want to keep your little ones protected. And this is our new Gizmo Watch 3 Adventure, which is great for caregivers, parents, children to stay connected, to be safe, engaging with each other during the holiday season. And Barbie and her little sister use it, too. And you can even purchase it here at Streamhouse. I love that. I mean, it's a no brainer for me, Barbie. All right, Barbie, so I want to make sure we talk about myPlan, because I know we have a lot of incredible holiday deals with that. So tell me about those promotions. Yes, we do. myPlan is super. It is totally customizable for your whole entire family. You can get your Gizmo Watch on their and your streaming services on there. It's absolutely amazing. Right now, our holiday promo is four lines for the price of three. Isn't that amazing? That is so good. And you will get three Apple gifts on us. That's a \$2,000 value. That's incredible. Wow. And for our Android and Samsung users, we can take care of that as well. With trading in your Google Pixels, your Samsung phones, any trade in, any condition, trade it in on us and you will also get a tablet, a watch and a phone. So those are some amazing values. Take advantage of those holiday promotions everyone. All right V Team, Barbie and I can confirm that this place is fantastic. Amazing. So, so nice.

So you got to get out here and check it out in person for yourselves.

The Streamhouse is going to be open from December 12th through the 15th.

And if you come out here, you have a chance to score some exclusive merch.

And folks, if you can't get out here in person, don't worry, just leave us a comment in today's story, sharing your favorite part about this episode for a chance to win, Barbie, an exclusive t-shirt.

Very, very nice. So, so exciting. So great. We love this. We love this.

All right, Barbie and I, we have a lot to check out. There is a photo op in every single corner of this house.

So let's go check it out Barbie, but before we do, we got to close this episode out.

Okay. All right. I'm going to take the first part. It's been so much fun. I know, okay.

Until next time, you're up to speed.
