

Verizon Online Terms of Service for Verizon Internet and Value Added Services

THESE TERMS AND CONDITIONS CONTAIN IMPORTANT INFORMATION REGARDING YOUR RIGHTS AND OBLIGATIONS, AND VERIZON'S, IN CONNECTION WITH YOUR USE OF VERIZON ONLINE'S SERVICES.

PLEASE READ THEM CAREFULLY

This Agreement is entered into between you as our customer ("you", "your", "Company") and Verizon Online LLC. ("Verizon", "we", "our") and includes these Terms of Service, our Acceptable Use Policy ("AUP") at verizon.com/about/terms-conditions/acceptable-use-policy, Website Terms of Use, Email Policy and other Policies, as set forth at verizon.com/terms, our Return Policy at verizon.com/returnpolicy, as well as our Privacy policies located at verizon.com/privacy (collectively, "Agreement"). By accepting this Agreement, you agree to comply with its terms and the specific terms of the service plan you selected (including the plan's duration and applicable early termination fee). Your acceptance of this Agreement occurs by and upon the earliest of: (a) submission of your order; (b) your acceptance of the Agreement electronically or in the course of installing the Software; (c) your use of the Service; or (d) your retention of the Software we provide beyond thirty (30) days following delivery.

The following terms apply to all Services (as defined below):

1. Services and Definitions. The term "Service" shall mean any Verizon Internet access service based on digital subscriber loop (DSL) technology including services marketed under the Basic Internet, Business Internet or DSL name with or without local service (collectively "Basic Internet Service"), any Verizon Internet access service delivered over a fiber optic transmission facility including services marketed as Verizon Fios Internet Service ("Fios Service") and the "Value Added Services" which may be made available to you for a separate charge or included with your Basic Internet Service or Fios Service as set forth in Attachment A hereto. If a Value Added Service is included with Basic Internet Service, Fios Service or, for example, with the rental of a particular router, and you cancel your Basic Internet Service, Fios Service or router rental, then you will no longer be entitled to receive the Value Added Service that had been so included and Verizon can terminate the Value Added Service, including without limitation deleting any data or software associated with the Value Added Service. The Service includes all Software (as defined in this Agreement), Content, domain name server (DNS), and related services (including functionality that enables the delivery of Verizon messages to your internet browser), Verizon Web Sites and such other Verizon products or services as you may subscribe to with Verizon. The Service shall also include any software or hardware that we provide you in connection with the Service to which you have subscribed and any sub- or secondary accounts associated with a primary account. "Content" shall mean content provided by Verizon or its third party licensors, providers or suppliers and accessible on the Service, including without limitation images, photographs, animations, video, audio, music, and text, with the exception of content uploaded by and stored on behalf of users. "Verizon Web Site(s)" mean the sites located at verizon.com/business and business.verizon.com which are comprised of various web pages, tools, information, software, Content, and features operated by Verizon. "Bundled Service(s)" means a combination or "bundle" of Basic Internet Service or Fios Service with one or more

other eligible Verizon services, including but not limited to Verizon Fios TV and voice telephone service. "Equipment" means any Verizon owned asset that Verizon provides to customer for use with the Service. Equipment may be either rented to Customer or provided to Customer at no additional charge, and may include, without limitation, routers, extenders or modems along with any software contained in or downloaded to such Equipment as part of the Service. At Verizon's option, Equipment may be required to be returned to Verizon upon termination or cancellation of Service. The Equipment provided by Verizon for use with the Services may be new or refurbished. The term "Other Devices" means devices that may be used with the Service, but which are not classified as Equipment. Other Devices includes but is not limited to monitors, televisions, keyboards, laptops, CPUs, routers, or other connected devices that you purchase from Verizon or a third party. The term "Retired" means any Equipment which Verizon explicitly identifies as Retired or no longer supported or required to be returned to Verizon. You are not required to return to Verizon any devices, such as routers, that have been designated as Retired. A list of Retired devices can be found at verizon.com/biz. The term "Service Location(s)" refers to the physical location(s) at which the Service has been installed.

2. Term; Changes to Service.

a. Term and Termination. This Agreement shall be effective upon your acceptance of this Agreement, as provided above, and shall continue until you or we terminate this Agreement as permitted herein. If you subscribe to a plan with a minimum term commitment (a "Term Plan"), you agree to maintain your Service or Bundled Service for the duration of that Term Plan, including any renewal Terms, if applicable. Your Term Plan begins on the later of: (a) the date you change your existing Service plan to a Term Plan; or (b) the date provisioning of your Service is complete ("Service Ready Date"), which will be the due date established by Verizon (after the Equipment has been delivered) if you are self-installing the Service; for Bundled Services, your Term Plan begins once all Bundled Services have been provisioned. You will begin receiving any Term Plan or other discount associated with a Bundled Service plan once all Bundled Services have been provisioned. Depending on the plan selected, your Term Plan will either expire at the end of the initial minimum term commitment period or will automatically renew for the same number of months as the initial minimum term commitment period (a "renewal Term"). If a Term Plan expires, your Service will continue and automatically convert to month-to-month rates that may be higher than Term rates. If you subscribe to a Term Plan with automatic renewals, your Term Plan will renew after each initial and renewal Term at then-current Term rates unless you or we cancel the renewal by contacting the other within the 30 day period before or the 60 day period after the renewal date. When you select a Term Plan, the monthly rates, minimum term periods, renewal terms, early termination fee and other terms of that plan will also apply and become part of this Agreement. In the event you change Service or Bundled Service plans, your monthly rate and term commitment may change (depending on the plan you select); otherwise, the terms of this Agreement will remain in effect unless otherwise provided. We reserve the right to terminate the Service (or any part thereof) in the event we cease to offer the Service generally or to your location. If we cease offering the Service (or any part thereof), we will give you at least thirty (30) days advance notice.

b. Changes to Service. We reserve the right to change the Service (or any part thereof), at any time with or without notice to you. If such a change materially and adversely affects your use of the Service, and we cannot reasonably mitigate the impact, then, as your sole and exclusive remedy, you may terminate the Service without further obligation.

c. Changes to Local Voice Telephone Service. If you change or discontinue your local telephone service, we may in our discretion either terminate your Service or continue to provide Service without Verizon local voice service at the then-current rates, terms and conditions applicable to your new Service plan, and you agree to pay any new or higher monthly fee that may apply to your new Service plan. If we elect to terminate your Service under this Section 2 (c) then we reserve the right to charge any applicable early termination fees and to apply the Equipment return terms set forth in this Agreement.

d. Move/Down-grade/Up-grade Order Change Activities and Associated Fees. You may down-grade speed connections within your selected Service plan or, subject to facilities availability, move your existing Service or phone line to another qualified Service or phone line for no additional charge; your Term Plan will not be altered as a result of such change order activity. In the event you up-grade to a Bundled Service plan, a new term commitment (depending on the plan you select) will apply starting on the effective date of your new Bundled Service plan. In the event you up-grade speed connections within your selected Service plan, additional charges may apply, subject to the terms and conditions for the new Service plan.

e. Conversion from Basic Internet Service to Fios Service. Service is available on a limited basis based on your service address. Fios Service uses special fiber optic transmission facilities provided by your local Verizon telephone company. When Verizon is able to provision Service utilizing fiber optic technologies, we may in our discretion terminate your Basic Internet Service and cease offering Basic Internet Service to your location. In such case, we will offer you Fios Service at the then applicable rates and terms, which may differ from your previous Basic Internet Service rates and terms. As your sole and exclusive remedy, you may terminate the Service without further obligation.

3. Prices/Billing. For any Service or Bundled Service, we will give you at least thirty (30) calendar days prior notice of a price increase in the manner set forth in Section 8 below or by United State Mail, email to your email address on file with us, or by notice on or with your bill. Prices for Term Plan Services are guaranteed until the expiration or next renewal date of the Term Plan, as applicable, subject to the provisions of this section. A price change shall not apply to a Term Plan until the next renewal date following the notice of the price change. Your continued use of the Service or Bundled Service after a price change is effective constitutes your acceptance of the price change. If you change your Service or

Bundled Service or your Term Plan, you agree to pay the applicable monthly fee that may apply to your new Term Plan. You agree to pay all charges associated with the rate plan selected, including but not limited to a) applicable taxes, b) surcharges, c) Federal Universal Service Fund, tax and other recovery fees, d) telephone charges, e) activation fees, f) installation fees, g) setup fees, h) equipment charges, i) technician dispatch fees; j) early termination fees, and k) other non-recurring charges. Notwithstanding the pricing guarantee set forth above, the taxes, fees and other charges detailed in this section a) - d) may vary on a monthly basis; any variation will be reflected in your overall monthly charge. The amounts and what is included in such charges are subject to change. You also agree to pay any additional charges or fees applied to your billing account for any reason, including but not limited to interest and charges due to insufficient credit or insufficient funds. Activation fees, installation fees, setup fees, equipment charges, and other non-recurring charges, if applicable, will be included in your first month's bill. You acknowledge that you may also incur data charges or fees from a wireless or internet service provider (which may be Verizon or a third party) for accessing online services or purchasing products and services through interactive options available through the Service. You are solely responsible for all charges or fees payable to Verizon and third parties, including all applicable taxes, and you are solely responsible for protecting the security of credit card and other personal information provided to third parties in connection with such transactions. Monthly Service and Bundled Service recurring charges will be billed one month in advance. Billing for Service(s) will automatically begin on the Service Ready Date unless you are notified otherwise by Verizon. We may, at our election, waive any fees or charges. You will begin receiving any discount associated with a Bundled Services plan once all Bundled Services have been provisioned. Verizon or its agent will bill you directly, or bill your credit or debit card or your local Verizon telephone bill (where available in selected areas only), as you request and as approved by Verizon. IF YOU ELECT TO BE BILLED FOR YOUR SERVICE ON YOUR CREDIT OR DEBIT CARD, VERIZON WILL CONTINUE TO BILL THE CARD UNTIL YOU TELL US TO CANCEL SUCH BILLING, AND YOU ALSO AGREE THAT VERIZON MAY RECEIVE UPDATED CARD INFORMATION FROM YOUR CARD ISSUER. IF YOU ELECT TO BE BILLED FOR YOUR SERVICE ON YOUR VERIZON PHONE BILL, BY USING THE SERVICES YOU AGREE TO HAVE VERIZON CHARGES INCLUDED ON YOUR PHONE BILL. IF YOU SUBSCRIBE TO A BUNDLED SERVICE PLAN THAT INCLUDES PHONE SERVICE, THEN ALL OF THE SERVICES INCLUDED IN THE BUNDLED SERVICE PLAN MUST BE BILLED ON YOUR PHONE BILL. If you cancel any component of a Bundled Services plan, the monthly charges for the remaining services on your account will automatically convert to the applicable existing, non-discounted month-to-month service rate. You may only take advantage of one promotional pricing offer during any consecutive twelve-month period. Eligibility for promotional offers may be contingent upon payment of all outstanding Verizon charges. If you enroll in Verizon's Paperless Billing program, you agree to view and pay your bill electronically each month and to promptly update your e-mail address with Verizon if it changes. You will no longer receive a paper bill. Instead, each month you will receive an e-mail notifying you that your bill is available online for viewing and payment at verizon.com/business/login. You must continue to pay your paper bill until you receive your first e-mail notification that your bill is available online. If your electronic payment is rejected for any reason, Verizon may charge a return item fee (where permissible), cancel your enrollment in the Paperless Billing program and resume sending you paper bills.

4. Payment, Late Fee and Consent Regarding Credit. We will invoice you monthly or on a prepaid basis, as applicable. Payment to Verizon is due upon receipt of invoice and shall be made in U.S. currency. A

payment received thirty (30) calendar days or more after the invoice date is considered past due. If your charges are billed by your Verizon local carrier, the Late Fee will be equal to the late payment charge that the local exchange carrier applies. If your charges are not billed by your Verizon local carrier, you agree to pay interest at the rate set forth on your bill (or the maximum interest allowed by law, whichever is less). Verizon may assign unpaid delinquent charges to a collection agency for action. In the event Verizon utilizes a collection agency or takes legal action to recover monies due, you agree to reimburse Verizon for all expenses incurred to recover such monies (including attorney's fees). We may evaluate your credit history before modifying or providing Service. In order to establish an account with us and/or obtain or modify Service, we may obtain a report from a credit agency or exchange information with our affiliates in connection with determining your creditworthiness. If you fail to pay your bill, we may submit a negative credit report to credit reporting agencies which will negatively affect your credit report. You may be given the option to select a prepaid service plan ("Prepaid Service Plan") which will begin on the later of (a) the date of your order, or (b) the date you change to the Prepaid Service Plan. There will be no refunds for Prepaid Service Plans. At the end of any Prepaid Service Plan, you may be given the option to select a new Prepaid Service Plan. If you do not select a new Prepaid Service Plan, your Service will automatically convert to the then-current month-to-month rate.

5. Refundable Deposit. We may require that you provide us with a refundable deposit, which will be specified at the time of your order ("Subscriber Deposit"). We may also require an additional deposit after activation of the Service if you fail to pay any amounts when due. Within ninety (90) days after termination of your Service, we will return your Subscriber Deposit, less any unpaid amounts due on your account, including any amounts owed for unreturned or damaged Equipment. Amounts held on deposit will not accrue interest except as required by law.

6. Renewal and Cancellation; Money Back Guarantee, and Early Termination Fee.

a. Renewal or Cancellation. Upon expiration or cancellation of the Term Plan, we may continue to provide you with Service on a month-to-month basis, at our then-current monthly price. You may contact us to subscribe to another available Term Plan at then-current Term rates. If you subscribe to an automatic renewal Term Plan, your Term Plan will automatically renew at the end of the initial Term and at the end of each successive renewal Term, at the then-current Term rates, unless you contact us to cancel within 30 days before or 60 days after the renewal date. Verizon will provide you a reminder before each renewal date. If you wish to cancel your Service or renewal, or wish to select another plan, you may do so by calling 1-800-VERIZON (800-837-4966).

b. Money Back Guarantee. If we provide a money-back guarantee ("MBG") for your Service, it will begin when billing for your Service starts. During any applicable MBG period you may cancel the Service and receive a full refund of all monthly charges paid as well as any one-time charges and Equipment charges paid to Verizon (provided you return all Equipment in good working

condition). An early termination fee will not apply to Service terminated within a MBG period, if one is provided. A MBG, if applicable, will not apply if you change between or renew service plans. You are limited to a maximum of one MBG per Service type per Service address.

c. Early Termination Fee. Except as otherwise set forth in this Agreement, if Service provided pursuant to a Term Plan is removed or terminated by you (or by us if you breach this Agreement) before you have completed the then-current initial or renewal Term, then you agree to pay Verizon the early termination fee set forth in the pricing plan you have chosen. It is agreed that Verizon's damages, if you cancel your Service, are difficult or impossible to ascertain; therefore, the provisions of this Section are intended to establish liquidated damages in the event of cancellation and are not intended as a penalty. In addition, if you cancel Service after any applicable MBG period, you agree to pay us all Service fees accrued as of the cancellation date.

7. No Warranties. ADVICE OR INFORMATION GIVEN BY VERIZON, ITS REPRESENTATIVES OR ITS THIRD PARTY LICENSORS, PROVIDERS AND SUPPLIERS SHALL NOT CREATE A WARRANTY. USE OF VERIZON TECHNICAL SUPPORT (INCLUDING SUPPORT PROVIDED BY ITS THIRD PARTY LICENSORS, PROVIDERS AND SUPPLIERS) IS AT YOUR OWN RISK AND IS NOT WARRANTED. EXCEPT AS OTHERWISE EXPRESSLY PROVIDED HEREIN, VERIZON AND ITS THIRD PARTY LICENSORS, PROVIDERS AND SUPPLIERS DISCLAIM, WITH RESPECT TO ALL SERVICES, ANY AND ALL REPRESENTATIONS AND WARRANTIES, EXPRESS, IMPLIED OR ARISING BY COURSE OF PERFORMANCE, DEALING, CUSTOM OR TRADE USAGE, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE (EVEN IF WE KNEW OR SHOULD HAVE KNOWN SUCH PURPOSE) AND NONINFRINGEMENT. YOU AGREE THAT THE SERVICE IS PROVIDED ON AN "AS IS" AND "AS AVAILABLE" BASIS

IN ADDITION, VERIZON AND/OR ITS THIRD PARTY LICENSORS, PROVIDERS AND SUPPLIERS, AS APPLICABLE, DOES NOT GUARANTEE THAT SERVICE CAN BE PROVISIONED TO YOUR LOCATION, OR THAT PROVISIONING WILL OCCUR ACCORDING TO A SPECIFIED SCHEDULE. THE PROVISIONING AND PERFORMANCE (SPEED) OF THE SERVICE IS SUBJECT TO CIRCUIT OR OTHER NETWORK FACILITY AVAILABILITY AND OTHER FACTORS, INCLUDING WITHOUT LIMITATION, LOOP LENGTH, THE CONDITION OF YOUR TELEPHONE LINE AND WIRING INSIDE YOUR LOCATION, AND COMPUTER/DEVICE CONFIGURATION AND CAPABILITIES AND NETWORK/INTERNET CONGESTION, AMONG OTHER FACTORS. IN THE EVENT YOUR LINE IS NOT PROVISIONED FOR ANY REASON, NEITHER YOU NOR VERIZON SHALL HAVE ANY DUTIES OR OBLIGATIONS UNDER THIS AGREEMENT (OTHER THAN YOUR OBLIGATION TO RETURN ANY VERIZON-PROVIDED EQUIPMENT). VERIZON DOES NOT WARRANT THAT THE SERVICE OR EQUIPMENT PROVIDED BY VERIZON WILL MEET YOUR NEEDS, PERFORM AT A PARTICULAR SPEED, BANDWIDTH OR DATA THROUGHPUT RATE, OR WILL BE UNINTERRUPTED, ERROR-FREE, OR SECURE, OR FREE OF VIRUSES, WORMS, DISABLING CODE OR CONDITIONS, OR THE LIKE. VERIZON DOES NOT WARRANT THAT THE SERVICE OR YOUR EQUIPMENT WILL NOT BE NEGATIVELY AFFECTED BY NETWORK-RELATED ACTIVITIES INCLUDING BUT NOT LIMITED TO MODIFICATIONS, UPGRADES, MONITORING, SCANNING OR SIMILAR ACTIVITIES.

8. Your Responsibilities; Notices; Revisions to Terms of Service.

a. **Your Responsibilities.** You represent that you are eighteen (18) years of age or older, that you have the power and the legal authority to enter into this Agreement, and that the information you supply to us is correct and complete. You acknowledge and agree that you are solely responsible for all use of the Service (including the use of any secondary or sub-accounts associated with a primary account) and the manner in which the Service is used by you or anyone who uses the Service with or without your permission. If you use a wireless router or similar device, you are responsible for securing your wireless network and for any use of the Service via your wireless network by you, your guests or any other third parties. Any use of your Service by you, your guests or other third parties that violates the terms of this Agreement, including the AUP, shall be considered a breach by you and you agree to indemnify and hold harmless Verizon from any losses, damages, or costs resulting from any third-party claim or allegation arising out of or relating to any third party use of your service. You may not resell or rent the Service to third parties or allow third parties to use the Service via wired, wireless or other means for any commercial purpose. For example, and without limitation, you may not provide Internet access to any tenants or any other third parties for a fee or as a service included in rental or other fee payments (such as for temporary office space, at a hotel, at a trailer park or similar); you may not use the Service to provide a web-hosting business; and you may not use the Service to operate a server farm or other data storage business. You may connect multiple computers/devices within a single office or business location to your Service router to access the Service, but only through a single account and an IP address(es) obtained from Verizon, and only for use by you and your Company. Additional User IDs provided for email boxes are not intended for use as dial-up connections. You agree to use the Service only within the United States.

b. **Use of the Service and Management of Data, Devices and Software.** You understand and agree that you are solely responsible for the protection, storage, backup and security of your and any guest's data, software, devices, computer network and other facilities, as well as your choice of equipment, software and online content; and all other matters related to how you access and use the Service. You acknowledge and agree that the reliability, availability and performance of data or services accessed through the Internet or other services connected or linked to the Service are beyond our control and are not in any way warranted or supported by Verizon or its third party licensors, providers and suppliers. You also agree to provide us or our third party licensors, providers and suppliers with the access and support required to allow us (or them, on our behalf) to implement, maintain and provide the Services. In addition, you agree that your use of the Service and the Internet is solely at your own risk and is subject to all applicable local, state, national and international laws and regulations. **YOU AGREE THAT NEITHER VERIZON NOR ITS THIRD PARTY LICENSORS, PROVIDERS AND SUPPLIERS ARE RESPONSIBLE FOR THE LOSS OF YOUR OR ANY THIRD PARTY DATA OR FOR THE BACK-UP OR RESTORATION OF YOUR OR ANY THIRD PARTY DATA REGARDLESS OF WHETHER THIS DATA IS**

MAINTAINED ON OUR SERVERS OR YOUR, OR YOUR PERMITTED GUESTS' DEVICE(S). YOU SHOULD ALWAYS BACK-UP ANY IMPORTANT INFORMATION SEPARATELY FROM DATA STORED ON VERIZON'S OR ANY THIRD PARTY'S SERVERS.

c. Verizon Management of Data and Network Performance. We reserve the right to (i) use, copy, display, store, transmit and reformat data transmitted over our network and to distribute such content to multiple Verizon servers for back-up and maintenance purposes; and (ii) block or remove any unlawful content you store on or transmit to or from any Verizon server. We do not guarantee the protection of your content or data located on our servers or transmitted across our network (or other networks) against loss, alteration or improper access. Verizon automatically measures and monitors network performance and the performance of your Internet connection and our network. You agree to permit us to scan network ports, access your computer and equipment and to monitor, adjust and record such data, profiles and settings for the purpose of providing the Service and managing the security and performance of our network. You also consent to Verizon's monitoring of your Internet connection and network performance, and to our accessing and adjusting your computer and equipment settings, as they relate to the Service, Software, or other services, which we may offer from time to time. Verizon reserves the right to modify the password(s) for the router(s) used with the Service in order to safeguard Internet security, the security and privacy of customer information, where required by law, and/or for other good cause to provide, upgrade and maintain the Service, protect the network, other users of the Internet, or our customers. Should Verizon change such password(s), we will use reasonable means to notify the customers affected, which may include email to the contact email address we have on file and/or through notice on the Terms Website.

d. Limitations on Use of Service. You agree that Verizon assumes no responsibility for the accuracy, integrity, quality completeness, usefulness or value of any Content, data, documents, graphics, images, information, advice, or opinion contained in any emails, message boards, chat rooms or community services, or in any other public services or social networks, and does not endorse any advice or opinion contained therein. Verizon does not monitor or control such services, although we reserve the right to do so. Verizon may take any action we deem appropriate, in our sole discretion, to maintain the high quality of our Service and to protect others and ourselves.

e. Any web sites linked to or from the Service, that is not a Verizon Web Site, are not reviewed, controlled, or examined by Verizon and Verizon is not responsible for the contents of any linked site or any link contained in a linked site that is not a Verizon Web Site. The inclusion of any linked sites or content from the Service that is not a Verizon Web Site, including sites or content advertised on the Service, does not imply endorsement of the linked site or content by Verizon. Any dealings that you have on non-Verizon Web Sites with third parties, merchants or advertisers found on the Service are between you and the third party, merchant or advertiser and you acknowledge and agree that we are not liable for any loss or claim you may have

against a third party, merchant or advertiser. In no event shall Verizon be liable to anyone for any damage arising from or caused, directly or indirectly, by the creation or use of a third party's web site that is not a Verizon Web Site, or the information or material accessed through such web sites.

If you choose to access the Verizon Web Sites from locations outside the United States, you do so on your own initiative and you are responsible for compliance with all applicable local use controls, laws and regulations, including those relating to the transmission of technical data exported from or imported to the United States or the country in which you reside. Verizon makes no representation that materials on the Verizon Web Sites are appropriate or available for use in locations outside the United States and accessing them from territories where their contents are illegal is prohibited. You understand and agree that software and data associated with the Service may be accessed or processed outside of the United States as part of Verizon's support of the Service.

You further agree that if you type a nonexistent or unavailable Uniform Resource Locator (URL), or enter a search term, into your browser address bar, Verizon may present you with a Verizon Error Assist web search page containing suggested links based upon the query you entered in lieu of your receiving an NXDOMAIN or similar error message. Verizon's provision of the Error Assist page may impact applications that rely on an NXDOMAIN or similar error message and may override similar browser-based search results pages.

f. Notices Regarding the Service. You understand and agree that from time to time we may send you information relating to the Service (including but not limited to password information), via electronic mail over the Internet to your Verizon .net or contact email address. You consent to our distribution of such information to you electronically and you agree to check your email boxes periodically for account related information that we provide.

g. Consent to Receive Telephone Calls and Text Messages. Verizon and its affiliates may contact you by telephone or text message at the phone numbers, including mobile numbers, that you provide to us concerning your Service(s), to enable us better to provide you with the Service(s) to which you subscribe, to answer questions that you have asked of us, or to market other goods and services that we offer to you. We may use an automatic telephone dialing system to make these calls or to send these text messages, and calls may include the use of a prerecorded or artificial voice. Your telephone provider may charge you for these calls or text messages. You can manage how we contact you through your online business account profile. If you do not wish for us to send you such calls or text messages, or by contacting us at the number included on your bill.

h. Revisions to Terms of Service. You understand and agree that we may, from time to time, revise the terms and conditions of this Agreement (including any of the policies which may apply to use of the Service and the provisions that govern the way that you and we resolve disputes). The current version of this Agreement shall be available to you on verizon.com/terms ("Terms Website") under "Business". We will provide notice of any material revisions i) by sending an email to the contact email address we have on file for you or ii) by including notice of the revision with or on your monthly bill. You agree to visit the specified web pages periodically to be aware of and review any such revisions. Revisions to the Agreement are effective upon posting to the Terms Website or as otherwise specified in the Agreement or our notice. Increases to the monthly price of your Services shall be effective thirty (30) days after the date we provide notice of the change. By continuing to use any of the Service after the date the revision(s) are posted to the Website, you accept and agree to the revisions and to abide by them. If you do not agree to the revision(s), you must terminate your Service immediately and such termination may be subject to any applicable early termination fees.

i. Entry to Customer's Business. You agree to allow us to enter your business during normal business hours by appointment to perform necessary activities related to the installation, inspection, repair, replacement or disconnection of our Equipment and Service. You will allow us to make attachments and connections that are necessary to provide Service to you. If you are not the owner of the premises to be entered, you must supply proof that you are authorized to allow work to be done on such premises.

9. Indemnification. You agree to indemnify us and hold us harmless for any damages, costs, liabilities and attorneys' fees we incur from any claim arising from your use of the Services, or the use of your Service by others, including without limitation, violation of the copyrights, trademarks or other intellectual property rights of others, your combination of the Services with other products or services not provided by us, any modification of the Services, or any breach of this Agreement by you. In such event, you agree to conduct the defense and have control of the litigation and settlement, if any. However, you agree not to acquiesce to any judgment or enter into any settlement that adversely affects our rights or interests without Verizon's prior written consent. We agree to give you prompt notice of all claims and to cooperate in defending against the claim. The indemnifying party may not settle any claim under this section which includes an admission of criminal liability or the payment of a settlement amount without the prior written permission of the indemnified party. THE PARTIES DISCLAIM ANY IMPLIED WARRANTY OF NON-INFRINGEMENT, RELYING INSTEAD ON THE TERMS OF THIS SECTION.

10. Compliance with Laws.

a. Generally. You agree not to use, or permit others to use, the Service in ways that (i) violate any law or applicable regulation, this Agreement or our AUP or our other policies, (ii) infringe

the rights of others, or (iii) interfere with the users, services, or equipment and software of our network or other networks. By way of example and not limitation, you agree not to distribute unsolicited advertising, chain letters or other unsolicited bulk electronic mail (i.e., spam); propagate computer worms, destructive programs or denial of service attacks or viruses; use a false identity; attempt to gain unauthorized entry to other computers, data or any site or network; distribute or store child pornography; distribute obscene or defamatory material over the Internet; or infringe copyrights, trademarks or other intellectual property rights. You further agree to comply with U.S. export laws concerning the transmission of technical data and other regulated materials via the Service. We reserve the right to suspend or terminate the Service (or any portion thereof) with or without notice if your use of the Service, in our sole judgment, violates this Agreement or our AUP, or otherwise adversely affects or threatens any Verizon network or service, customer or employee, or, if you are determined to be a repeat infringer under our repeat infringement policy set forth in our AUP.

b. Providing Information about You in Response to Legal Process. We reserve the right to provide information about your account and your use of the Service to third parties as required or permitted by law (such as in response to a subpoena or court order), and to cooperate with law enforcement authorities in the investigation of any criminal or civil matter. Such cooperation may include, but is not limited to, monitoring of the Verizon network consistent with applicable law. In addition, Verizon is required by law to report any facts or circumstances reported to us or that we discover from which it appears there may be a violation of the child pornography laws. We reserve the right to report any appropriate information including the identity of users, account information, images and other facts to law enforcement and the National Center for Missing and Exploited Children.

11. Software Provided.

a. Verizon may provide to you, at no cost or for a fee, software owned by Verizon or its third party licensors, providers or suppliers in connection with the Services ("Software"). You may use the Software in object code form only, on the hardware on which it is installed, only as part of or for use with the Service and for no other purpose. The Software may be accompanied by an end user license agreement from Verizon or a third party. Your use of the Software is governed by the terms of that license agreement and by this Agreement, where applicable. You may not install or use any Software that is accompanied by or includes an end user license agreement unless you first agree to the terms and conditions of the end user license agreement.

b. If the Software is not accompanied by an end user license agreement from Verizon or a third party, you are hereby granted a personal, revocable, non-exclusive, non-transferable license by Verizon or its third party licensors, providers or suppliers, to use the Software (and any

corrections, updates and upgrades thereto), for the sole purpose of enabling you to use the Service.

c. You agree that the Software is the confidential information of Verizon or its third party licensors, providers or suppliers, which you shall not disclose to others or use except as expressly permitted herein. The Software contains copyrighted material, trade secrets, patents, and proprietary information owned by Verizon or its third party licensors, providers, or suppliers. You may not de-compile, reverse engineer, disassemble, attempt to discover any source code or underlying ideas or algorithms of the Software, otherwise reduce the Software to a human readable form, modify, rent, lease, loan, use for timesharing or service bureau purposes, reproduce, sublicense or distribute copies of the Software, or otherwise transfer the Software to any third party. You may not remove or alter any trademark, trade name, copyright or other proprietary notices, legends, symbols, or labels appearing on or in copies of the Software. You are not granted any title or rights of ownership in the Software. You acknowledge that this license is not a sale of intellectual property and that Verizon or its third party licensors, providers or suppliers continue to own all right, title and interest, including but not limited to all copyright, patent, trademark, trade secret, and moral rights, to the Software and related documentation, as well as any corrections, updates and upgrades. The Software may be used in the United States only, and any export of the Software is strictly prohibited. We reserve the right to update or change the Software from time to time and you agree to cooperate in performing such steps as may be necessary to install any updates or upgrades to the Software.

d. IF AT ANY TIME DURING THE TERM OF THIS AGREEMENT VERIZON PROVIDES YOU WITH FREE OR FOR-FEE SOFTWARE OR EQUIPMENT, INCLUDING WITHOUT LIMITATION, CLIENT AND/OR NETWORK SECURITY SOFTWARE, YOU AGREE THAT YOUR SOLE RIGHT TO RECOURSE, IF ANY, INCLUDING BUT NOT LIMITED TO DAMAGES FOR FAILURE OF SUCH SOFTWARE TO PERFORM OR FOR PERSONAL INJURY OR DATA LOSS, IS AGAINST THE MANUFACTURER OF SUCH SOFTWARE OR PERIPHERAL EQUIPMENT.

e. Verizon provides technical assistance and support for the Software in accordance with its policies and any terms applicable to a specific Service. Unless otherwise provided, Verizon does not provide technical assistance or support for third party Software. Technical assistance or support with regard to third party software provided by the Software supplier is provided in accordance with such third party's policies or other terms.

f. Your license to use the Software shall remain in full force and effect during the Initial Term and any renewal terms, unless and until it is terminated by Verizon, its third party licensors, providers or suppliers, or until this Agreement expires or is terminated.

g. Other Third Party Agreements. You agree to comply with the terms of service that apply to any websites or other services you access on the Internet and agree that the third party provider of such services (and not Verizon) is solely responsible for the delivery of its services(s) to you and your use of them. Third party services include, as applicable, but are not limited to, portal, music, video, auction, security, financial, gaming, storage and photography services, whether or not Verizon has made such services available to you. Violations of such third party provider's terms of service may, in Verizon's sole discretion, result in the termination of your Service. You further agree to indemnify, defend and hold Verizon harmless from and against any claims or liabilities that may result from your use of such third party services.

h. All title and intellectual property rights (including without limitation, copyrights, patents, trademarks and trade secrets) in and to the Verizon Web Sites (including but not limited to, related software, images, photographs, animations, video, audio, music, text, and Content), are owned by Verizon, its affiliates, third-party licensors or providers acting on Verizon's behalf, as applicable. All title and intellectual property rights in and to the information and Content which may be accessed through use of the Verizon Web Sites are the property of the respective content owner and may be protected by applicable copyright or other intellectual property laws and treaties. This Agreement does not grant you any rights to use such Content, nor does it grant any rights to the Verizon Web Sites, other than the right to the Verizon Web Sites according to the terms of the Agreement.

12. Return of Equipment or Other Devices, Deletion of Software and Deletion of Data Upon Termination of Service. If your Basic Internet Service is terminated for any reason prior to the end of the first twelve months of service and you received Equipment, you must return the Equipment to Verizon within 30 days, as instructed by Verizon, or you will be charged for the Equipment. Except as set forth below, if your Fios Internet service is terminated for any reason or if the occupancy or ownership of the Service Location changes, and you received Equipment, or if Verizon provides a replacement for defective Equipment or Other Devices purchased from Verizon under our Return Policy, you must return the Equipment or Other Devices to Verizon within 30 days, as instructed by Verizon, or you will be charged for the Equipment or Other Devices. Failure to return any Equipment or Other Devices you received from Verizon, or returning such in a damaged condition (subject only to reasonable wear and tear), will result in the imposition of a fee that may be substantial. You may also be required to pay certain related fees, such as restocking and/or exchange fees, upgrade fees, surcharges, and taxes. If the Equipment is affixed with a label which includes the following (or similar) message, "PROPERTY OF VERIZON. DO NOT REMOVE FROM PREMISES," then you must not return the Equipment and you will not be charged an Equipment fee as long as the Equipment is left in place in reasonable condition (subject only to reasonable wear and tear). You must also cease use of all Software provided and immediately delete such Software from your computer. YOU AGREE THAT IF YOUR SERVICE IS TERMINATED FOR ANY REASON, VERIZON HAS THE RIGHT IMMEDIATELY TO DELETE ALL DATA, FILES AND OTHER INFORMATION (INCLUDING EMAILS, ADDRESS BOOK AND WEB STORAGE CONTENT) STORED IN OR FOR YOUR ACCOUNT WITHOUT FURTHER NOTICE TO YOU.

13. Customer Equipment; Service Performance; Email Security; Backup and Maintenance.

a. Customer Equipment. You are solely responsible for obtaining, installing, configuring, and maintaining suitable equipment and software, including any necessary system or software updates, patches or other fixes, which are or may become necessary to access the Service, and to operate your computer. The preceding obligations apply regardless of whether Verizon or a third party provided the software or hardware to you. Only the manufacturer's warranties included with any hardware or software provided by us shall apply. Hardware (routers or other equipment) provided is new or refurbished.

b. Service Availability and Performance. The Service you select may not be available in all areas or at the rates, speeds, or bandwidth generally marketed, and some locations will not qualify for the Service even if initial testing showed that your line was qualified. We will provision qualified Basic Internet lines at the maximum line rate available to your location based on our standard line qualification procedures, unless you have selected a level of service with a lower maximum line rate. You understand that fiber and DSL bandwidth is provided on a per line basis, and that the speed and bandwidth available to each computer or device connected to the network will vary depending upon the number and types of computers or devices using the Service and the type of use (e.g. streaming media or downloading larger files), as well as based on network congestion and the speed of servers you access on the Internet, among other factors. The speed of the Service will vary based on network or Internet congestion, your computer configuration, your use of Fios TV video on demand service, if applicable, the condition of your telephone line and the wiring inside your location, among other factors. We and our suppliers reserve the right, at any time, with or without prior notice to you, to restrict or suspend the Service to perform maintenance activities and to maintain session control.

c. Email Security. Verizon reserves the right in our sole discretion to provide the level of security we deem appropriate to safeguard our network and customers, and other Internet users, against Internet threats or abuses, including without limitations, viruses, spam, phishing, identity theft and any other potentially disabling or harmful threat or abuse. These security measures may include but are not limited to, the use of firewalls and blocklists to block potentially harmful or abusive emails or attachments, anti-spam filters anti-virus or anti-spyware software, or blocking selected ports. Such activities may result in the blocking, filtering or non-delivery of legitimate and non-legitimate email sent to or from your email account. By using any Verizon-provided email service, you agree that delivery and receipt of email is not guaranteed and to Verizon's use of such Internet and email security measures we in our sole discretion deem appropriate.

d. Verizon Backup and Maintenance. Verizon may use, copy, display, store, transmit, translate, rearrange, reformat, view and distribute your information to multiple Verizon servers. Verizon

may access, copy, block or remove any Content stored on your Service, whether pursuant to a subpoena or otherwise. We do not guarantee that these procedures will prevent the loss of, alternation of, or the improper access to, your information.

14. Termination. To the extent permitted by applicable law, you or Verizon may terminate the Service at any time and for any reason. Termination by you will be effective on the last day of that month's billing cycle, and you are responsible for all charges incurred through that date. Installation or set-up fees paid at the initiation of the Service, if any, are not refundable. Termination by us will be effective on the last day of that month's billing cycle, and you are responsible for all charges incurred through that date. Upon termination for any reason, you will be responsible for payment of all outstanding account balances and charges accrued through the date of termination, and, if such termination is by you, any applicable early termination fee. If a termination is a result of violation by you of the terms of this Agreement, you may also be liable to pay an early termination fee. We reserve the right, but assume no obligation, to suspend performance immediately if you are more than thirty (30) calendar days overdue in payments or if, in our reasonable judgment, you have violated any provision of this Agreement, including our AUP. We may, at our sole discretion, refuse to accept your subsequent request for Service following a termination or suspension of your use of the Service. If your Service is terminated for any reason, you may be required to pay a reconnection fee or additional deposit before the Service is reactivated.

15. Monitoring of System Performance. Verizon automatically measures and monitors network performance and the performance of your Internet connection in order to improve the level of Service. Verizon also will access and record information about your computer's settings in order to provide customized technical support. You agree to permit us to access your computer's settings in order to provide customized technical support. You agree to permit us to access your computer, Equipment and any other equipment used to provide or receive the Service and to monitor, adjust and record such data, profiles and settings for the purpose of providing the Service. You also consent to Verizon's monitoring of your Internet connection and network performance, and to our accessing and adjusting your computer, Equipment and any other equipment settings, as they relate to the Service, Software, or other services, which we may offer from time to time. Verizon does not share information collected for the purpose of network or computer performance monitoring or for providing customized technical support outside of Verizon or its authorized vendors, contractors and agents.

16. Government Entities. Use, duplication or disclosure by any Government entity is subject to restrictions set forth, as applicable, in subparagraphs (a) through (d) of the Commercial Computer-Restricted Rights clause at FAR 52.227-19, FAR 12.212, DFARS 227.7202, or in subparagraph (c)(1)(ii) of the Rights in Technical Data and Computer Software clause of DFARS 252.227-7013, and in similar clauses in the NASA FAR Supplement. Contractor/manufacturer is Verizon or its third party licensors, providers and suppliers. The use of Software and documentation is further restricted in accordance with the terms of this Agreement, or any modification.

17. Resolution of Disputes.

a. The parties desire to resolve disputes arising out of this Agreement without litigation. Accordingly, except for action seeking a temporary restraining order or injunction related to the purposes of this Agreement, or suit to compel compliance with this dispute resolution process, the parties agree to use the following alternative dispute resolution procedure as their sole remedy with respect to any controversy or claim arising out of or relating to this Agreement or its breach. The parties further agree that this Agreement does not permit class arbitration, even if the procedures or rules of the American Arbitration Association (or other dispute resolution organization or body) would otherwise permit it.

b. At the written request of a party, each party will appoint a knowledgeable, responsible representative to meet and negotiate in good faith to resolve any dispute arising under this Agreement. The parties intend that these negotiations be conducted by non-lawyer, business representatives. The location, format, frequency, duration, and conclusion of these discussions shall be left to the discretion of the representatives. Upon agreement, the representatives may mutually agree to utilize other alternative dispute resolution procedures such as mediation to assist in the negotiations. Discussions and correspondence among the representatives for purposes of these negotiations shall be treated as confidential information developed for purposes of settlement, exempt from discovery and production, which shall not be admissible in the arbitration described below or in any lawsuit without the concurrence of all parties. Documents identified in or provided with such communications that are not prepared for purposes of the negotiations are not so exempted and may, if otherwise admissible, be admitted in evidence in the arbitration or lawsuit.

c. If the negotiations do not resolve the dispute within sixty (60) calendar days of the initial written request, and the amount in controversy exceeds five thousand (\$5,000.00) dollars or the jurisdictional limit for small claims court in the jurisdiction in which service is provided (whichever is less), the dispute shall be submitted to binding arbitration by a single arbitrator pursuant to the Commercial Arbitration Rules of the American Arbitration Association. A party may demand such arbitration in accordance with the procedures set out in those rules. Discovery shall be controlled by the arbitrator and shall be permitted to the extent set out in this section. Each party may submit in writing to a party, and that party shall so respond, to a maximum of any combination of twenty-five (25) (none of which may have subparts) of the following: interrogatories, demands to produce documents and requests for admission. Each party is also entitled to take the oral deposition of one (1) individual representing another party. Additional discovery may be permitted upon mutual agreement of the parties. The arbitration hearing shall be commenced within sixty (60) calendar days of the demand for arbitration. The arbitration shall be held in the county where Service is provided to you by Verizon. The

arbitrator shall control the scheduling so as to process the matter expeditiously. The parties may submit written briefs. The arbitrator shall rule on the dispute by issuing a written opinion within thirty (30) calendar days after the close of hearings. The times specified in this section may be changed upon mutual agreement of the parties or by the arbitrator upon a showing of good cause. Judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction.

d. If the negotiations do not resolve the dispute within sixty (60) calendar days of the initial written request, and the amount in controversy does not exceed five thousand (\$5,000.00) dollars or the jurisdictional limit for small claims court in the jurisdiction in which service is provided (whichever is less), the dispute may be submitted to small claims court in the jurisdiction in which service is provided for resolution in accordance with its rules and procedures.

e. Each party shall bear its own costs of these procedures. A party seeking discovery shall reimburse the responding party the costs of production of documents (to include reasonable search time and reproduction costs). The parties shall equally split the fees of the arbitration and the arbitrator.

18. Limitation of Liability. IN NO EVENT SHALL VERIZON OR ITS THIRD PARTY LICENSORS, PROVIDERS OR SUPPLIERS BE LIABLE TO YOU FOR (A) ANY PUNITIVE, SPECIAL, CONSEQUENTIAL, INCIDENTAL OR INDIRECT DAMAGES INCLUDING WITHOUT LIMITATION, LOST PROFITS OR LOSS OR DAMAGE TO DATA ARISING OUT OF THE USE OR INABILITY TO USE SERVICES, EVEN IF WE HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, OR (B) ANY CLAIMS AGAINST YOU BY ANY THIRD PARTY.

19. Limitation of Damages. OUR AGGREGATE LIABILITY TO YOU FOR ANY CAUSE OF ACTION OR CLAIM WHATSOEVER, INCLUDING, BUT NOT LIMITED TO, ANY NON-INSTALLATION, SECURITY BREACH, FAILURE OR DISRUPTION OF SERVICES PROVIDED UNDER THIS AGREEMENT, REGARDLESS OF THE FORM OF ACTION, WHETHER IN CONTRACT OR TORT, OR OTHERWISE, SHALL NOT EXCEED A PRO RATA CREDIT FOR THE MONTHLY FEES (EXCLUDING ALL TAXES) YOU HAVE PAID TO VERIZON FOR THE SERVICE DURING THE SIX (6) MONTH PERIOD PRIOR TO WHEN SUCH CLAIM AROSE. SOME JURISDICTIONS DO NOT PERMIT THE EXCLUSION OF CERTAIN WARRANTIES OR THE LIMITATION OR EXCLUSION OF CONSEQUENTIAL OR INCIDENTAL DAMAGES. IN THESE JURISDICTIONS OUR LIABILITY SHALL BE LIMITED TO THE MAXIMUM EXTENT PERMITTED BY LAW.

20. Third Party Beneficiaries. ALL LIMITATIONS AND DISCLAIMERS STATED IN THIS AGREEMENT ALSO APPLY TO VERIZON'S THIRD PARTY LICENSORS, PROVIDERS AND SUPPLIERS AS THIRD PARTY BENEFICIARIES OF THIS AGREEMENT, including but not limited to Visicom Media, Inc., McAfee Inc., Echoworx Corporation, SAM Seamless Network, Synchronoss Technologies, Inc., Cylance Inc., Cisco,

21. IP Addresses and Domain Name Registration.

a. **Static IP Addresses.** To the extent you make a request for additional Static IP addresses from Verizon, you acknowledge and agree that (i) you are currently utilizing at least eighty percent (80%) of any Static IPv4 IP addresses you have already obtained, (ii) you will utilize at least eighty percent (80%) of the Static IPv4 addresses you requested from Verizon within twelve (12) months of receipt from Verizon of such Static IP addresses, and (iii) all Static IP Addresses or Static IP Address Blocks assigned to you, whether initially or upon additional request, remain non-portable and will be returned to Verizon upon expiration, cancellation, or termination of this Agreement for any reason. If we deem it necessary, you may be required to renumber the Static IP addresses assigned to you by us.

b. **Domain Name Registration; Ownership Verification.** Independent Third Party Domain Name Vendors ("TPDNVs") who are ICANN accredited registrars provide domain name registration services. You hereby authorize Verizon or its licensors if requested, to transfer in or acquire your selected domain name from a TPDNV. Verizon does not guarantee that your choice of names is or will continue to be available for use as a domain name. In order to receive a domain name, you must agree and remain agreeable through the use of the domain name, to the TPDNVs' terms of service which the TPDNV may change at any time in their sole discretion. You understand that you will be subject to a separate contractual relationship between you and the TPDNV, and that you, and not Verizon or its licensors or its affiliates, are responsible for all liability and obligations in connection with that relationship. For more information, please see the Domain Name Services Agreement located at verizon.com/terms.

c. Except as otherwise provided by your Service or Bundled Service plan, all fees associated with domain name registration and periodic maintenance or renewal of domain names, are your responsibility. Verizon will bill such fees to you on a monthly basis until such time that you notify Verizon that you no longer wish for Verizon to be the administrative contact for your domain. Prior to providing the Service to you, Verizon will verify that you own or control the domain names you specify. If you do not own or control the domain names, then Verizon will have no obligation to provide you with the Service.

22. **Force Majeure.** If the performance of any obligation hereunder is interfered with by reason of any circumstance beyond our reasonable control, including but not limited to acts of God, labor strikes and other labor disturbances, power surges or failures, or the act or omission of any third party, we shall be

excused from such performance to the extent necessary, provided that we shall use reasonable efforts to remove such causes of non-performance.

23. Publicity. Customer shall not use any trademark, trade name, trade dress or any name, picture or logo which is commonly identified with Verizon or its affiliates, or from which any association with Verizon or its affiliates may be inferred or implied, in any manner without the prior written permission of Verizon.

24. Choice of Law. Except as otherwise required by law, you and Verizon agree that the substantive laws of the state in which your Service location is situated, without reference to its principles of conflicts of laws, will be applied to govern, construe and enforce all of the rights and duties of the parties arising from or relating in any way to the subject matter of this Agreement. EXCEPT AS EXPRESSLY SET FORTH IN SECTION 17 OF THIS AGREEMENT, YOU AND VERIZON CONSENT TO THE EXCLUSIVE PERSONAL JURISDICTION OF AND VENUE IN A COURT LOCATED IN FAIRFAX COUNTY, VIRGINIA FOR ANY SUITS OR CAUSES OF ACTION CONNECTED IN ANY WAY, DIRECTLY OR INDIRECTLY, TO THE SUBJECT MATTER OF THIS AGREEMENT OR TO THE SERVICE. Except as otherwise required by law, including Virginia laws relating to consumer transactions, any cause of action or claim you may have with respect to the Service must be commenced within one (1) year after the claim or cause of action arises or such claim or cause of action is barred.

25. Miscellaneous. The terms and conditions of this Agreement supersede all previous agreements, proposals or representations related to the Service. You may not assign this Agreement without our prior written consent. We may freely assign this Agreement. If you terminate Service at your location, your existing Term Plan cannot be carried over to a new location. Any changes to this Agreement, or any additional or different terms in your purchase orders, acknowledgments or other documents, will not be effective unless expressly agreed to in writing by us. Any notices or demands or other communications under the terms of this Agreement or under any statute must be communicated in writing. Unless otherwise specified in this Agreement, notices to us must be made to the attention of the Legal Department and sent to the address* listed below by first class U.S. mail, or nationally recognized overnight express courier. Notices to you will be sent either to your billing or e-mail address on file with Verizon or in the manner set forth in Section 8 (e) above. If any of the terms or conditions in this agreement are properly found to be invalid or unenforceable by a court or government body of competent jurisdiction, the remaining terms or conditions of this agreement shall not be affected by the finding and shall continue to apply as necessary to reflect the original intention of the parties. Verizon's failure at any time to enforce any provision of this Agreement or any right or remedy available hereunder or at law or equity, or to exercise any option herein provided shall in no way be construed to be a waiver of such provision, right, remedy or option or in any other way affect the validity of this Agreement. The exercise by Verizon of any rights, remedies or options provided in this Agreement or at law or equity shall not preclude or prejudice Verizon from exercising thereafter the same or any other rights or remedies or options.

Once an Incident is resolved (as set forth in Section d (iii) below), you may call back and obtain assistance on the same Incident for up to seventy-two (72) hours at no additional charge, after which the Incident will be considered closed. ii. Service Features, Third-Party Beneficiaries, & Third-Party Terms of Service.

1. Securing Sam Inc. ("SAM"): SAM, the cloud-based security platform that detects and blocks certain Internet sites and content, provides network security and management for SMBs, protecting the network, router and all connected devices in order to secure business owned data and assets including IoT devices. The SAM software agent resides on the customer router and automatically fingerprints every device connected to the network using machine learning and artificial intelligence to bucket devices into pre-defined security zones with each zone having a security policy already set up and enabled. The customer protection starts out of the box with no intervention or policy creation needed. The software also helps protect customers from going to malicious websites (including phishing and malware sites), provides router protection from hackers, and segments the network preventing lateral attacks. Customers can also

create their own content filtering policies (e.g. block social media sites) and set acceptable use policies for their network.

2. SAM is powered by and enhanced with threat intelligence feeds through which it learns from Internet activity patterns and automatically uncovers current and emerging threats to continually help keep the network safe. Security provided by SAM includes the following basic features:

(i) DNS Layer of Breach Protection. SAM is able to detect and block malicious sites and content before they reach the network as a DNS request is made before IP connections are established. Malware, ransomware, phishing, spyware, botnets, and command & control call-backs are blocked over any port or protocol before such threats can reach users and the network.

(ii) Web Content Category Filtering: To control internet usage, the Business Internet Secure web portal administration console enables set up, manage, and test of different acceptable use policies with selections from over sixty (60) over 10 categories or blocking/allowing individual domains applications through the black/white list.

(iii) Internet-Wide Visibility. The Business Internet Secure web portal provides a log of all internet activity in real-time through dashboards and downloadable reports. Data is categorized by type of security threat, web content, or cloud service, and enables remediation action.

(iv) Vulnerability Scanning. As noted in our Privacy Policy, Verizon collects and uses browsing information for security applications. More specifically, the SAM software constantly scans all devices (including IoTs) connected to the router & collects browsing activity (top level domain) to identify potential security vulnerabilities and helps the customer by giving recommendations on how to remediate those vulnerabilities. When we do so, we do not store or share this data with third parties in a customer identifiable form.

(v) Behavior Analysis. Identifies abnormal activities based on data collected by the agent and automatically quarantines compromised devices in order to prevent malware spread across the network.

(vi) Device Fingerprinting. The SAM agent recognizes every device connected to the business router and builds a detailed network map showing all connected devices. The customer can assign devices to specific users and create tailored security and content policies by device or by user.

3. Tech Support: 24 X 7 tech support via chat messaging for Business Internet Secure is provided to subscribers as outlined in (1) below by Verizon and Verizon's third-party vendor, Asurion Service Warranty, Inc. Verizon will perform diagnostics and repairs to that portion of the Customer's standard inside wiring and jacks covered under the Service to the extent that Verizon determines such diagnostics and repairs are necessary and are associated with or used by You in connection with the Verizon services. Diagnostics and repairs will be performed in accordance with Verizon's standard procedures.

Coverage: The Service includes diagnostics and repair of the following:

- Standard inside telephone wiring used for Verizon telephone lines covered under the Plan;
- Newly installed or relocated inside wiring and jacks;
- Inside wire and jacks at a near extension at the same service location and property if readily accessible to the technician and if the line and jacks were in working order prior to subscription to the Service;
- Repair of coaxial cable and Cat 5e cable run from an ONT to an internet router;
- Repair of coaxial cable used to deliver Fios Video to the Fios TV set top box;

- Repair of Cat 5e cable used to deliver Fios Internet service and other eligible services;
- Repair of Ethernet wiring installed by Verizon;
- Replacement of defective Splitters originally installed by Verizon;
- Replacement of defective Amplifiers originally installed by Verizon; and
- Inside wiring or jack damage from lightning.

Exclusions: The Service does not cover or include diagnostics, repair or replacement of:

- Wire or cable larger than 8-pair (if problems are caused by defective conductors in wire or cable larger than 8- pair, Verizon will re-terminate service to useable conductors to restore service if useable conductors are available and Verizon is permitted access to the point of termination);
- Wire or jack malfunctions preexisting the coverage date of the Service, or which are caused by misuse, abuse, riot, acts of war, fire and acts of nature other than inside wiring or jack damage from lightning, such as floods, windstorms and earthquakes;
- Repairs that require access to in-wall wiring or placement of concealed wire — if wall run wire cannot be used to run replacement wire, Verizon will run replacement cable via baseboard only;
- Customer-provided equipment (telephones, fax machines, computers, security or alarm systems, printers, satellite TV dishes, modems, routers or other premises equipment);
- Inside telephone wiring, jacks or other items used in connection with service from a provider other than Verizon;

- Inside wiring and jack(s) which are non-standard, which is wiring or jacks that do not meet telephone industry standards, Part 68 of the Rules of the Federal Communications Commission, or the National Electrical Code, or that fail to meet Verizon's technical standards;
- Inside wiring or jacks associated with WATS or data service other than Verizon provided Fios or Basic Internet services;
- Malfunctions resulting from the use of telephone lines intended for voice grade transmission to transmit or receive data or signals beyond the operating capabilities of the line;
- Repair of jacks not previously connected to the line(s) reported;
- Inside wiring and jacks for marine activity, recreational vehicles (RVs) and construction trailers or other temporary or moveable structures;
- Extensions located at a different address;
- Range extenders or component cables (e.g., HDMI/Video and other device cables); or
- Repair or replacement of broken TV remotes, ONT batteries, TV set top boxes or routers, modems, power cords and any other equipment purchased or rented from Verizon (which may be separately covered by applicable warranties).

Verizon may provide diagnostics and repair under the Service remotely through its testing facilities, by phone or online support or otherwise, without dispatching a technician. If Verizon dispatches a technician and determines that the service problem resulted from Your telephones, modem, fax or other Customer equipment or from Your transmission or receipt of data or signals beyond the operating parameters of the line, rather than the wire or jack(s), You may be required to pay a service or Premises Visit for the dispatch and for the diagnostics and repair at then prevailing rates.

5. Charges. You agree to pay all charges for the Service, including but not limited to monthly service charges, applicable taxes and fees, and one time charges to enroll or process Your order. If We permit You to elect to be billed for the Service on Your credit or debit card, Verizon will continue to bill the card until You tell us to cancel such billing, and You also agree that Verizon may receive updated card account

information from the card issuer. Payment is due by the date indicated on Your Verizon invoice and any payment received thirty (30) calendar days or more after the invoice date is considered past due. You agree to pay interest for past due amounts at the same rate that applies to past due amounts for Your Verizon telephone service. Verizon may assign unpaid delinquent charges to a collection agency for action.

6. CHANGES IN SERVICES, CHARGES, TERMS AND CONDITIONS. VERIZON RESERVES THE RIGHT TO CHANGE THE SERVICE, APPLICABLE CHARGES AND ANY OTHER TERMS AND CONDITIONS WITH OR WITHOUT NOTICE TO YOU, PROVIDED THAT WE WILL PROVIDE YOU AT LEAST (30) DAYS' NOTICE OF ANY MATERIAL REDUCTION IN SERVICE COVERAGE OR INCREASE IN YOUR RATES, WHICH MAY BE IN THE FORM OF AN E MAIL, A NOTICE IN OR WITH YOUR BILL OR BY POSTING REVISIONS TO THIS AGREEMENT AT verizon.com/terms. YOUR PAYMENT OF BILLED CHARGES AFTER SUCH NOTICE WILL BE DEEMED TO BE YOUR ASSENT TO THE CHANGE(S).

7. Limited Warranty. Verizon warrants for a period of thirty (30) days that the Services performed and materials provided by Verizon under this Agreement will meet accepted industry practices and are free from defects in materials or workmanship. Should any failure to conform to this warranty appear and be reported to Verizon within said 30-day period, Verizon shall re-perform the nonconforming services, and repair or replace the nonconforming materials. Such re- performance of work, and repair or replacement of nonconforming materials, shall constitute the entire liability of Verizon and Your sole remedy under this warranty, whether claim or remedy is sought in contract, tort (including negligence), strict liability, or otherwise. THE FOREGOING WARRANTIES ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, WHETHER WRITTEN OR IMPLIED, IN FACT OR IN LAW. VERIZON DISCLAIMS ANY AND ALL WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

8. LIMITATION OF LIABILITY. IN NO EVENT, SHALL VERIZON, ITS AFFILIATED COMPANIES, THEIR EMPLOYEES, AGENTS AND CONTRACTORS, HAVE ANY LIABILITY FOR SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM THE PROVISION OF OR FAILURE TO PROVIDE THE SERVICE, OR FROM ANY FAULT, FAILURE, DEFECT OR DEFICIENCY IN ANY LABOR, MATERIAL, WORK OR PRODUCT FURNISHED IN CONNECTION WITH THE SERVICE (SUCH AS, BUT NOT LIMITED TO, SERVICE OUTAGES AND ANY LOSS OF USE OF WIRING, JACKS OR EQUIPMENT BEYOND THE JACK, AND ANY DAMAGES RESULTING THEREFROM). THESE LIMITATIONS OF AND EXCLUSIONS FROM LIABILITY SHALL APPLY REGARDLESS OF WHETHER A CLAIM OR REMEDY IS SOUGHT IN CONTRACT, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY), OR OTHERWISE, EVEN IF VERIZON HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH CLAIM OR DAMAGES. FURTHER, VERIZON'S LIABILITY TO YOU, WHETHER, BASED IN CONTRACT, TORT, NEGLIGENCE OR OTHERWISE WILL BE LIMITED TO THE CHARGES PAID BY YOU FOR THE SERVICE WITHIN A TWELVE (12) MONTH PERIOD PRECEDING THE ACCRUAL OF YOUR CLAIM.

9. Termination. Either You or We may terminate this Agreement at any time upon thirty (30) days' notice to the other and We reserve the right to suspend Service if You are more than thirty (30) days

overdue in payment. You may notify Verizon of termination by calling Verizon's business office at the number on Your bill or such other number as Verizon may designate for such purpose. Verizon may notify You of termination by phone, bill message or email to the address we have for Your account. If You terminate Service, You may be billed through the remainder of the billing month.

10. Indemnification. You agree to indemnify us and hold us harmless for any damages, costs, liabilities and attorneys' fees we incur from any claim arising from or relating to the ordering or use of the Services by You, your employees, agents or other persons at your Service Location, including but not limited to granting Verizon access to service locations, wiring, and/or equipment that are owned by third parties.

11. ARBITRATION. YOU AND VERIZON AGREE THAT ANY ISSUE OR DISPUTE THAT ARISES, RESULTS FROM, OR IN ANY WAY RELATES TO THE SERVICES OR THIS AGREEMENT ("DISPUTES") SHALL BE RESOLVED ONLY BY BINDING INDIVIDUAL ARBITRATION AND THAT THE FEDERAL ARBITRATION ACT SHALL APPLY TO THIS AGREEMENT. Either party may initiate arbitration by notifying the other Party of the Dispute in writing at least 30 days in advance of initiating the Arbitration. Notice to Verizon should be sent to noticeofdispute@verizon.com or to Verizon Dispute Resolution Manager, One Verizon Way, VC52N061, Basking Ridge, NJ 07920. We will notify you at the billing address for your account. The notice must describe the nature of the claim and the relief being sought. If the parties are unable to resolve our dispute within 30 days, either party may then proceed to file a claim for arbitration. Verizon will pay any filing fee that the AAA charges You for initiating arbitration. The Arbitration will take place before a single arbitrator in the county where Service is provided and the AAA Commercial Rules of Arbitration shall apply. You may also bring a claim in small claims court subject to that court's jurisdictional limit. YOU AND WE AGREE THAT ANY ARBITRATION OR CLAIM IN SMALL CLAIMS COURT WILL ONLY BE ON AN INDIVIDUAL BASIS AND THAT NO CLASS CLAIMS, PRIVATE ATTORNEY GENERAL THEORIES OF LIABILITY, OR CLASS ARBITRATION MAY BE MAINTAINED. THE ARBITRATOR MAY ONLY AWARD INDIVIDUAL RELIEF AND SHALL NOT HAVE THE POWER TO DETERMINE OR PRESIDE OVER CLASS OR COLLECTIVE ARBITRATION. Except for an action to compel arbitration or for a temporary restraining order or injunction related to this Agreement, neither party shall seek to resolve any Dispute in court, except a small claims court as set forth above, or by any process other than by arbitration as set forth above.

12. Complete Agreement. This Agreement comprises the terms that apply to Your Service and may not be changed except as specified in Section 6.

5. Backup of Software and Data. You are responsible for backing up the software and data that is stored on Your Device or other devices manufactured to be compatible with Your Device or intended to be connected thereto. Neither Verizon nor its TechTeam Service Provider shall not be responsible at any time for any loss, alteration, or corruption of any software, data, or files. Verizon or the TechTeam Service Provider may decline to provide the TechTeam Services if it determines that You have not taken appropriate backup measures.

6. Commercially Reasonable Efforts. Verizon will use commercially reasonable efforts to provide the TechTeam Services. This means that if Verizon or the TechTeam Service Provider are unable to resolve Your issue after making commercially reasonable efforts, Verizon or the TechTeam Service Provider(s) have the right and discretion to refuse to take further efforts to do so. Additionally, in some instances, Verizon may have limited information from vendors, manufacturers and developers, and Verizon may not have the ability to obtain the proprietary or other information required to resolve Your issue. Some technical problems that You encounter may be the result of software or hardware errors not yet resolved by the vendors, manufacturers or developers of that software or hardware, in which case Verizon or the TechTeam Service Provider may not be able to resolve Your issue. In those circumstances, You still are liable for any fees or charges associated with the TechTeam Services.

software thereon and an Authorized User of the TechTeam Services, and You acknowledge that Verizon reserves the right to refuse to provide TechTeam Services to You, if Verizon or the TechTeam Service Provider determines that You are not the owner or authorized user of the Device included in the TechTeam Services, as well as any software thereon and an Authorized User of the TechTeam Services. When seeking TechTeam Services, You: (a) expressly consent to TechTeam Service technicians remotely accessing Your Device, other devices included in the TechTeam Services and any data, videos, pictures, text messages, or other content thereon; and (b) expressly authorize TechTeam Service technicians to effect changes to Your Devices, to the extent necessary to provide the TechTeam Services, and You acknowledge and agree that such changes may be permanent and irreversible.

9. Passwords. If You know or suspect that the passwords associated with or stored on Your Device have been available to or accessed by anyone as a result of Your use of the TechTeam Services, You should immediately change or reset those passwords.

10. Title. All rights, title, and interest in equipment, software, facilities and documentation used by Verizon, or the TechTeam Service Provider, to provide the TechTeam Services will remain vested in Verizon or the TechTeam Service Provider. Verizon or the TechTeam Service Provider shall own and shall be free to use, without acknowledgment or compensation to You, any ideas, concepts, know-how or techniques contained in any suggestion or feedback You provide for any purpose whatsoever, including, but not limited to, incorporating Your feedback in developing, improving, and marketing the TechTeam Service or other products. You receive no ownership, license, or other interest in any intellectual property created or delivered by Verizon or the TechTeam Service Provider, whether in connection with its provision of the TechTeam Service or otherwise.

11. Compliance with Law. You agree to use the TechTeam Service for business services only. You agree not to cause, or otherwise request that Verizon and/or its TechTeam Service Provider create, receive, maintain or transmit protected health information (as defined at 45 C.F.R. § 160.103) for You or on Your behalf in connection with the TechTeam Services or in any manner that would make Verizon or our third party suppliers a business associate (as defined at 45 C.F.R. § 160.103) to You. If we are deemed to be or could reasonably be deemed to be a "business associate", we may suspend our provision of the TechTeam Services. You shall assume and be solely responsible for any reporting requirements under law or contract arising from Your breach of this Agreement.

12. Other Terms. Verizon may assign these Terms or any of its rights hereunder to an affiliate or the Service Provider. You may not assign these Terms without the prior written consent of Verizon. These Terms shall be governed by the laws of the State of New York without regard to its choice of law principles. These Terms supersede all other representations, understandings or agreements that are not expressed herein, whether oral or written. If any term of these Terms is found to be invalid or unenforceable, that term should be modified to the extent possible to make it valid or enforceable without losing its intent and purpose. If no such modification is possible, the term should be severed

from these Terms. Any failure to enforce a right or term of these Terms shall not be deemed a waiver of that right or term.
