### Fact sheet.

**As of July 25, 2023**

Verizon Communications Inc. (NYSE, Nasdaq: VZ) was formed on June 30, 2000 and is one of the world’s leading providers of technology and communications services. Headquartered in New York City and with a presence around the world, Verizon generated revenue of $136.8 billion in 2022. The company offers voice, data and video services and solutions on its award-winning networks and platforms, delivering on customers’ demand for mobility, reliable network connectivity, security and control. Verizon was the first company in the world to launch commercial 5G for mobility, fixed wireless and mobile edge computing. The company’s operating structure focuses on two customer-facing areas: Consumer and Business. Citizen Verizon is the company’s responsible business plan for economic, environmental and social advancement.
