Verizon Communications Inc. (NYSE, Nasdaq: VZ) was formed on June 30, 2000 and is celebrating its 20th year as one of the world's leading providers of technology, communications, information and entertainment products and services. Headquartered in New York City and with a presence around the world, Verizon generated revenues of $131.9 billion in 2019. The company offers voice, data and video services and solutions on its award-winning networks and platforms, delivering on customers' demand for mobility, reliable network connectivity, security and control. Verizon was the first company in the world to launch a commercial 5G mobile network with a commercially-available 5G-enabled smartphone. The company's operating structure focuses on three customer-facing areas: Consumer, Business and Media.
