

600 Hidden Ridge
Irving, TX 75015-2092

SHORT TERM PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.333 – Amended

NOTE: The original notice for this project was issued on April 25, 2013, under Rule 51.329(A). This AMENDED NOTICE is being issued to provide additional information regarding Hurricane Sandy's destruction of facilities.

Hurricane Sandy's Destruction of Facilities

May 10, 2013

Hurricane Sandy destroyed certain copper network facilities in the Barrier Islands of New Jersey during October/November 2012. These facilities previously were used to provide service to the locations listed in Attachment A. Access to these facilities is no longer available. In connection with Hurricane Sandy, Verizon activated its disaster response plan for the affected areas.¹ Since the storm, Verizon has been working to provide alternative platforms in place of damaged copper facilities in these areas, primarily using more advanced fiber facilities.

Verizon will post a copy of this notice on its website.

Carrier:

Verizon New Jersey Inc., 540 Broad Street, Newark, NJ 07102

Contact: For additional information on these planned network changes, please contact:

Kevin Green
Director, Federal Government Relations
1300 I St NW, Room 400W,
Washington, DC USA 20005
(202) 515-2464

¹ In the event of disasters that prompt the triggering of a disaster recovery plan, the Commission granted Verizon a limited waiver of the advanced notification and waiting period requirements associated with its network disclosure rules (47 C.F.R. §§ 51.325-335), permitting affected carriers to concentrate on restoration efforts and execution of disaster recovery plans. See *In the Matter of Petition of BellSouth Corporation for Special Temporary Authority and Waiver to Support Disaster Planning and Response, Order*, 21 FCC Rcd 6518, ¶ 19 (2006). This amendment relates back to the original filing, and the Commission's waiver applies here.

Implementation Date: On or after October 29, 2012

Description of the Network Change(s); Location; Impact(s):

As a result of Hurricane Sandy, Verizon copper network facilities are no longer available to provide service at the locations listed in Attachment A, and certain unbundled network elements are no longer available for these locations.

Attachment A

1. The copper facilities associated with the following addresses served by Verizon's wire center located at 1032-34 Ocean Rd., Point Pleasant, NJ. CLLI: PTPLNJPP (Point Pleasant)
