

Verizon
600 Hidden Ridge
Irving, TX 75015-2092

SHORT TERM PUBLIC NOTICE UNDER RULE 51.333(A)

May 25, 2012

Carrier: Verizon Virginia L.L.C., 703 East Grace St, Richmond, VA 23219

Contact: For additional information on these planned network changes, please contact:

Dana Mies
Verizon Communications
Manager – Switch Engineering / Trunk Capacity Management – CA/FL/TX/VA
610 N Morgan St, Tampa, FL 33602
813-229-1926

Implementation Date: No earlier than October 18, 2012

Planned Network Change(s) Will Occur at the Following Virginia Location(s):

<u>Location</u>	<u>Verizon Central Office CLLI Code</u>
Hull St, Virginia	RCMDVAHLCG0

Description of the Planned Network Change(s):

The Verizon Hull St 1AESS End Office Switch office switch (RCMDVAHLCG0) located at 3310 Hull St, Richmond, VA 23224, will be retired and removed after all traffic served by this switch is migrated to the alternative switch described below. Traffic currently coming to Hull will be migrated to the Grace St CS 2000 (RCMDVAGRPS1) located at 703 E Grace St., Richmond, VA, 23219. All traffic will be migrated to the Grace St. switch, including Inter-LATA (ACCESS/FG-B-D/CLEC IXC), Wireless, and Paging trunks.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

CLEC IXC, IEC, wireless and paging carriers will need to secure new trunk groups built to the Grace St. PS1 Call Server 2000 or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Hull switch will be required to reposition the codes to the Grace St. switch.

All ASRs for the Grace St. switch must be received no later than August 17, 2012 in order to provide sufficient time to migrate the traffic described above. All traffic must be moved by October 20, 2012. All ASRs for the Hull St. switch must carry the project code of RCMDVAHLRP1.
