**Description of the Planned Network Change(s):**

Verizon intends to retire all copper facilities (feeder, distribution and drop) in the Hummelstown, Pennsylvania wire center and to serve all customers over a fiber infrastructure.

**Description of Reasonably Foreseeable impact(s) of the Planned Change(s):**

After the retirement of the copper facilities, Verizon will: (1) no longer offer services over copper facilities; and (2) cease maintaining the copper facilities. However, to the extent required by applicable agreements and federal law, Verizon will offer to requesting carriers a 64 Kbps voice-grade channel over fiber loops that have been deployed where copper was retired.
