RE: Notice of Intention to Install/Upgrade Cable Television Facilities and Service at:  
399 Chambers, New York NY

Dear Property Owner/Manager:

I have been advised by Verizon New York Inc.'s ("Verizon") NYC FiOS Real Estate Department of the difficulty Verizon has encountered in attempting to install and/or attach its FiOS facilities at **399 Chambers, New York NY** ("Property"). Our records indicate that you have not responded to our previous correspondence, that you have conditioned Verizon's access on unreasonable terms and conditions or that you have denied Verizon access to the Property. The purpose of this letter is to restate our need to gain access to your Property.

By way of background, Verizon is attempting to gain access to your building because we have received a request for FiOS service(s) from a tenant(s) in your building and/or a resident(s) on your block, and our access to your Property is necessary to provide cable television services to those tenants and/or residents. We are very excited about the opportunity to provide world-class voice, data and video services to you and the area residents using a fiber based network to deliver these services at unprecedented speeds and capacities. Your cooperation in allowing Verizon access to your Property will enable your tenants and/or other residents on your block to receive the services they want in a timely manner.

However, in the event that you do not cooperate in providing Verizon access, you should know that under Section 228 of the New York Public Service Law and Part 898, Title 16 of the New York Codes, Rules and Regulations ("NYCRR"), Verizon has the right to install cable television facilities upon the Property. *Loretto v. Teleprompter Manhattan CATV Corp.*, 53 N.Y. 2d 124 (1981). Section 228 of the New York Public Service Law states that "[n]o landlord shall interfere with the installation of cable television facilities upon his property or premises ...." In addition, Verizon's Cable Franchise Agreement with the City of New York requires Verizon to provide cable television service to residents in its franchise area who request it, and Verizon has a limited timeframe in which to do so. Verizon's compliance with these franchise requirements may be compromised by the delay we are experiencing in trying to gain access to and install cable television facilities at your Property.

Verizon's proposed installation will protect the safety, functioning and appearance of the premises, and Verizon will bear the cost of the installation of its cable television facilities. Verizon will also indemnify the landlord for damage caused by the installation of Verizon's facilities. Verizon's policy is to work with you to arrange convenient dates for access and to reach agreement on engineering plans / designs for the Property. **Please contact Verizon's NYC FiOS Real Estate Department at (888) 364-3467 within two weeks of receipt of this letter so that we may move forward with the process of bringing FiOS to your Property and/or other properties on your block.**

If you believe that Verizon's installation of cable television facilities constitutes an undue "taking" of your Property, you may file a petition for "just compensation" with the New York State Public Service Commission under the procedures set forth in Section 228 of the New York Public Service Law and Part 898, Title 16 of the NYCRR. Please note, however, that the filing of such a petition does not delay Verizon's right to access your Property. The complete text of Section 228 may be found on the enclosed copy of the notice of Verizon's intention to survey/install/upgrade cable television facilities and service.

If we do not hear from you within two weeks as mentioned above, Verizon's Legal Department may be forced to file a Petition for Order of Entry to the New York State Public Service Commission, after which you will be afforded, per 16 NYCRR 898.4(b)(9), twenty days to answer the Petition and set forth any additional matter not contained in the Petition. The Petition will seek an order granting Verizon the right to survey for and/or install/upgrade cable television facilities and service at your Property. If you have specific legal questions about Verizon's rights under New York law or Verizon's Cable Franchise Agreement, we recommend that you engage an attorney. You may also contact Michael Morano, Assistant General Counsel for Verizon's National Operations, at (908) 559-3332 to discuss legal issues or questions, but please be advised that he represents Verizon and cannot provide you with legal advice.

Your cooperation in this matter would be greatly appreciated. We look forward to hearing from you.

Sincerely,

Alyson M. Seigal  
Manager, FiOS Franchise Assurance – New York City

If we do not hear from you within two weeks as mentioned above, Verizon's Legal Department may be forced to file a Petition for Order of Entry to the New York State Public Service Commission, after which you will be afforded, per 16 NYCRR 898.4(b)(9), twenty days to answer the Petition and set forth any additional matter not contained in the Petition. RE: Notice of Intention to Inspect, Survey and Install/Upgrade Cable Television Facilities and Service at:  
2411 E 3, Brooklyn NY

Dear Property Owner/ Manager:

I have been advised by Verizon New York Inc.'s ("Verizon") NYC FiOS Real Estate Department of Verizon's unsuccessful attempts to either inspect, survey and/or install FiOS facilities at **2411 E 3, Brooklyn NY** ("Property"). Our records indicate that you have not responded to our previous correspondence or that you have denied Verizon access to the Property. The purpose of this letter is to restate and explain our need to gain access to your Property.

By way of background, Verizon is attempting to gain access to your Property because we have received a request for FiOS service(s) from a tenant(s) in your building and/or a resident(s) on your block, and our access to your Property is necessary to provide cable television services to those tenants and/or residents. We are very excited about the opportunity to provide world-class voice, data and video services to you and the area residents using a fiber based network to deliver these services at unprecedented speeds and capacities. Your cooperation in allowing Verizon access to your Property will enable your tenants and/or other residents on your block to receive the services they want in a timely manner.

Please be advised that under Section 228 of the New York Public Service Law and Part 898, Title 16 of the New York Codes, Rules and Regulations ("NYCRR"), Verizon has the right to install cable television facilities upon the Property. *Loretto v. Teleprompter Manhattan CATV Corp.*, 53 N.Y. 2d 124 (1981). In addition , Verizon's Cable Franchise Agreement with the City of New York requires Verizon to provide cable television service to residents in its franchise area who request it, and Verizon has a limited timeframe in which to do so. Verizon's compliance with these franchise requirements may be compromised by the delay we are experiencing in trying to gain access to and install cable television facilities at your Property.

Verizon's proposed installation will protect the safety, functioning and appearance of the premises, and Verizon will bear the cost of the installation of its cable television facilities. Verizon will also indemnify the landlord for damage caused by the installation of Verizon's facilities. Verizon's policy is to work with you to arrange convenient dates for access and to reach agreement on engineering plans / designs for the Property. **Please contact Verizon's NYC FiOS Real Estate**

**Department at (888) 364-3467 within two weeks of receipt of this letter so that we may move forward with the process of bringing FiOS to your Property and/or other properties on your block.**

If you believe that Verizon's installation of cable television facilities constitutes an undue "taking" of your Property, you may file a petition for "just compensation" with the New York State Public Service Commission under the procedures set forth in Section 228 of the New York Public Service Law and Part 898, Title 16 of the NYCRR. Please note, however, that the filing of such a petition does not delay Verizon's right to access your Property. The complete text of Section 228 may be found on the enclosed copy of the notice of Verizon's intention to survey/install/upgrade cable television facilities and service.

If we do not hear from you within two weeks as mentioned above, Verizon's Legal Department may be forced to file a Petition for Order of Entry to the New York State Public Service Commission, after which you will be afforded, per 16 NYCRR 898.4(b)(9), twenty days to answer the Petition and set forth any additional matter not contained in the Petition. The Petition will seek an order granting Verizon the right to survey for and/or install/upgrade cable television facilities and service at your Property. If you have specific legal questions about Verizon's rights under New York law or Verizon's Cable Franchise Agreement, we recommend that you engage an attorney. You may also contact Michael Morano, Assistant General Counsel for Verizon's National Operations, at (908) 559-3332 to discuss legal issues or questions, but please be advised that he represents Verizon and cannot provide you with legal advice.

Your cooperation in this matter would be greatly appreciated. We look forward to hearing from you.

RE: Notice of Intention to Install Cable Television Facilities and Service at 1320 York Av, New York NY

Dear Property Owner/Manager:

Recently we contacted you regarding Verizon's plans to deliver a fiber optic telecommunications network called FiOS to your neighborhood, and we explained Verizon's need to place our facilities on your property.

Our records indicate that you have still not approved the proposed engineering plans, which conform to reasonable conditions necessary to protect the safety, functioning and appearance of the premises. Verizon's policy is to cooperate with property owners to arrange convenient dates for access, and to reach agreement on engineering plans/ designs for each individual property.

Verizon, however, is obligated under its Cable Franchise Agreement with the City of New York to build and provide its cable television facilities and service in a timely fashion. Therefore, Verizon must receive approval of the engineering plans as soon as possible so that we may commence construction. Moreover, Verizon is obligated under the same franchise agreement to inform you that, pursuant to Section 228 of the New York State Public Service Law, "no landlord shall interfere with the installation of cable television facilities upon his property or premises," including, but not limited to, failure to approve the reasonable engineering plans that were presented to you with the Certificate of Acceptance of Proposed Work.

For additional information on the scheduled installation dates, and on Verizon's process for installing cable television facilities on private property, please reference the enclosed form, "Notice of Intention to Install Cable Television Facilities and Service," which includes a copy of the relevant New York law related to this process.

Please contact my office at (888) 364-3467 within two (2) weeks of receipt of this letter so that we can discuss and resolve this matter. If Verizon does not hear from you in this timeframe, I will forward this matter to Verizon's Legal Department. Your cooperation in this matter would be greatly appreciated. I look forward to hearing from you.

Sincerely,

Thomas E. Miller

RE: Notice of Intention to Install Cable Television Facilities and Service at 1752-66 Madison Avenue, New York NY

Dear Property Owner/Manager:

Recently we contacted you regarding Verizon's plans to deliver a fiber optic telecommunications network called FiOS to your neighborhood, and we explained Verizon's need to place our facilities on your property.

Our records indicate that you have still not approved the proposed engineering plans, which conform to reasonable conditions necessary to protect the safety, functioning and appearance of the premises. Verizon's policy is to cooperate with property owners to arrange convenient dates for access, and to reach agreement on engineering plans/ designs for each individual property.

Verizon, however, is obligated under its Cable Franchise Agreement with the City of New York to build and provide its cable television facilities and service in a timely fashion. Therefore, Verizon must receive approval of the engineering plans as soon as possible so that we may commence construction. Moreover, Verizon is obligated under the same franchise agreement to inform you that, pursuant to Section 228 of the New York State Public Service Law, "no landlord shall interfere with the installation of cable television facilities upon his property or premises," including, but not limited to, failure to approve the reasonable engineering plans that were presented to you with the Certificate of Acceptance of Proposed Work.

For additional information on the scheduled installation dates, and on Verizon's process for installing cable television facilities on private property, please reference the enclosed form, "Notice of Intention to Install Cable Television Facilities and Service," which includes a copy of the relevant New York law related to this process.

Please contact Kwame Amofo-Danquah at 212-766-8860 or my office at (888) 364-3467 within two (2) weeks of receipt of this letter so that we can discuss and resolve this matter. If Verizon does not hear from you in this timeframe, I will forward this matter to Verizon's Legal Department. Your cooperation in this matter would be greatly appreciated. I look forward to hearing from you.

Sincerely,

Elizabeth A. Southard

RE: Notice of Intention to Install/Upgrade Cable Television Facilities and Service at:  
444 Grand, New York NY

Dear Property Owner/Manager:

I have been advised by Verizon New York Inc.'s ("Verizon") NYC FiOS Real Estate Department of the difficulty Verizon has encountered in attempting to install and/or attach its FiOS facilities at **444 Grand, New York NY** ("Property"). Our records indicate that you have not responded to our previous correspondence, that you have conditioned Verizon's access on unreasonable terms and conditions or that you have denied Verizon access to the Property. The purpose of this letter is to restate our need to gain access to your Property.

By way of background, Verizon is attempting to gain access to your building because we have received a request for FiOS service(s) from a tenant(s) in your building and/or a resident(s) on your block, and our access to your Property is necessary to provide cable television services to those tenants and/or residents. We are very excited about the opportunity to provide world-class voice, data and video services to you and the area residents using a fiber based network to deliver these services at unprecedented speeds and capacities. Your cooperation in allowing Verizon access to your Property will enable your tenants and/or other residents on your block to receive the services they want in a timely manner.

However, in the event that you do not cooperate in providing Verizon access, you should know that under Section 228 of the New York Public Service Law and Part 898, Title 16 of the New York Codes, Rules and Regulations ("NYCRR"), Verizon has the right to install cable television facilities upon the Property. *Loretto v. Teleprompter Manhattan CATV Corp.*, 53 N.Y. 2d 124 (1981). Section 228 of the New York Public Service Law states that "[n]o landlord shall interfere with the installation of cable television facilities upon his property or premises ...." In addition, Verizon's Cable Franchise Agreement with the City of New York requires Verizon to provide cable television service to residents in its franchise area who request it, and Verizon has a limited timeframe in which to do so. Verizon's compliance with these franchise requirements may be compromised by the delay we are experiencing in trying to gain access to and install cable television facilities at your Property.

Verizon's proposed installation will protect the safety, functioning and appearance of the premises, and Verizon will bear the cost of the installation of its cable television facilities. Verizon will also indemnify the landlord for damage caused by the installation of Verizon's facilities. Verizon's policy is to work with you to arrange convenient dates for access and to reach agreement on engineering plans / designs for the Property. **Please contact Verizon's NYC FiOS Real Estate Department at (888) 364-3467 within two weeks of receipt of this letter so that we may move forward with the process of bringing FiOS to your Property and/or other properties on your block.**

If you believe that Verizon's installation of cable television facilities constitutes an undue "taking" of your Property, you may file a petition for "just compensation" with the New York State Public Service Commission under the procedures set forth in Section 228 of the New York Public Service Law and Part 898, Title 16 of the NYCRR. Please note, however, that the filing of such a petition does not delay Verizon's right to access your Property. The complete text of Section 228 may be found on the enclosed copy of the notice of Verizon's intention to survey/install/upgrade cable television facilities and service.

If we do not hear from you within two weeks as mentioned above, Verizon's Legal Department may be forced to file a Petition for Order of Entry to the New York State Public Service Commission, after which you will be afforded, per 16 NYCRR 898.4(b)(9), twenty days to answer the Petition and set forth any additional matter not contained in the Petition. The Petition will seek an order granting Verizon the right to survey for and/or install/upgrade cable television facilities and service at your Property. If you have specific legal questions about Verizon's rights under New York law or Verizon's Cable Franchise Agreement, we recommend that you engage an attorney. You may also contact Michael Morano, Assistant General Counsel for Verizon's National Operations, at (908) 559-3332 to discuss legal issues or questions, but please be advised that he represents Verizon and cannot provide you with legal advice.

Your cooperation in this matter would be greatly appreciated. We look forward to hearing from you.

Sincerely,

Alyson M. Seigal  
Manager, FiOS Franchise Assurance – New York City

RE: Notice of Intention to Inspect, Survey and Install/Upgrade Cable Television Facilities and Service at:  
56 Mac Dougal, New York NY

Dear Property Owner/ Manager:

I have been advised by Verizon New York Inc.'s ("Verizon") NYC FiOS Real Estate Department of Verizon's unsuccessful attempts to either inspect, survey and/or install FiOS facilities at **56 Mac Dougal, New York NY** ("Property"). Our records indicate that you have not responded to our previous correspondence or that you have denied Verizon access to the Property. The purpose of this letter is to restate and explain our need to gain access to your Property.

By way of background, Verizon is attempting to gain access to your Property because we have received a request for FiOS service(s) from a tenant(s) in your building and/or a resident(s) on your block, and our access to your Property is necessary to provide cable television services to those tenants and/or residents. We are very excited about the opportunity to provide world-class voice, data and video services to you and the area residents using a fiber based network to deliver these services at unprecedented speeds and capacities. Your cooperation in allowing Verizon access to your Property will enable your tenants and/or other residents on your block to receive the services they want in a timely manner.

Please be advised that under Section 228 of the New York Public Service Law and Part 898, Title 16 of the New York Codes, Rules and Regulations ("NYCRR"), Verizon has the right to install cable television facilities upon the Property. *Loretto v. Teleprompter Manhattan CATV Corp.*, 53 N.Y. 2d 124 (1981). In addition, Verizon's Cable Franchise Agreement with the City of New York requires Verizon to provide cable television service to residents in its franchise area who request it, and Verizon has a limited timeframe in which to do so. Verizon's compliance with these franchise requirements may be compromised by the delay we are experiencing in trying to gain access to and install cable television facilities at your Property.

Verizon's proposed installation will protect the safety, functioning and appearance of the premises, and Verizon will bear the cost of the installation of its cable television facilities. Verizon will also indemnify the landlord for damage caused by the installation of Verizon's facilities. Verizon's policy is to work with you to arrange convenient dates for access and to reach agreement on engineering plans / designs for the Property. **Please contact Verizon's NYC FiOS Real Estate**

**Department at (888) 364-3467 within two weeks of receipt of this letter so that we may move forward with the process of bringing FiOS to your Property and/or other properties on your block.**

If you believe that Verizon's installation of cable television facilities constitutes an undue "taking" of your Property, you may file a petition for "just compensation" with the New York State Public Service Commission under the procedures set forth in Section 228 of the New York Public Service Law and Part 898, Title 16 of the NYCRR. Please note, however, that the filing of such a petition does not delay Verizon's right to access your Property. The complete text of Section 228 may be found on the enclosed copy of the notice of Verizon's intention to survey/install/upgrade cable television facilities and service.

If we do not hear from you within two weeks as mentioned above, Verizon's Legal Department may be forced to file a Petition for Order of Entry to the New York State Public Service Commission, after which you will be afforded, per 16 NYCRR 898.4(b)(9), twenty days to answer the Petition and set forth any additional matter not contained in the Petition. The Petition will seek an order granting Verizon the right to survey for and/or install/upgrade cable television facilities and service at your Property. If you have specific legal questions about Verizon's rights under New York law or Verizon's Cable Franchise Agreement, we recommend that you engage an attorney. You may also contact Michael Morano, Assistant General Counsel for Verizon's National Operations, at (908) 559-3332 to discuss legal issues or questions, but please be advised that he represents Verizon and cannot provide you with legal advice.

Your cooperation in this matter would be greatly appreciated. We look forward to hearing from you.

Sincerely,

RE: Notice of Intention to Install/Upgrade Cable Television Facilities and Service at:  
19 W 69, New York NY

Dear Property Owner/Manager:

I have been advised by Verizon New York Inc.'s ("Verizon") NYC FiOS Real Estate Department of the difficulty Verizon has encountered in attempting to install and/or attach its FiOS facilities at **19 W 69, New York NY** ("Property"). Our records indicate that you have not responded to our previous correspondence, that you have conditioned Verizon's access on unreasonable terms and conditions or that you have denied Verizon access to the Property. The purpose of this letter is to restate our need to gain access to your Property.

By way of background, Verizon is attempting to gain access to your building because we have received a request for FiOS service(s) from a tenant(s) in your building and/or a resident(s) on your block, and our access to your Property is necessary to provide cable television services to those tenants and/or residents. We are very excited about the opportunity to provide world-class voice, data and video services to you and the area residents using a fiber based network to deliver these services at unprecedented speeds and capacities. Your cooperation in allowing Verizon access to your Property will enable your tenants and/or other residents on your block to receive the services they want in a timely manner.

However, in the event that you do not cooperate in providing Verizon access, you should know that under Section 228 of the New York Public Service Law and Part 898, Title 16 of the New York Codes, Rules and Regulations ("NYCRR"), Verizon has the right to install cable television facilities upon the Property. *Loretto v. Teleprompter Manhattan CATV Corp.*, 53 N.Y. 2d 124 (1981). Section 228 of the New York Public Service Law states that "[n]o landlord shall interfere with the installation of cable television facilities upon his property or premises ...." In addition, Verizon's Cable Franchise Agreement with the City of New York requires Verizon to provide cable television service to residents in its franchise area who request it, and Verizon has a limited timeframe in which to do so. Verizon's compliance with these franchise requirements may be compromised by the delay we are experiencing in trying to gain access to and install cable television facilities at your Property.

Verizon's proposed installation will protect the safety, functioning and appearance of the premises, and Verizon will bear the cost of the installation of its cable television facilities. Verizon will also indemnify the landlord for damage caused by the installation of Verizon's facilities. Verizon's policy is to work with you to arrange convenient dates for access and to reach agreement on engineering plans / designs for the Property. **Please contact Verizon's NYC FiOS Real Estate Department at (888) 364-3467 within two weeks of receipt of this letter so that we may move forward with the process of bringing FiOS to your Property and/or other properties on your block.**

If you believe that Verizon's installation of cable television facilities constitutes an undue "taking" of your Property, you may file a petition for "just compensation" with the New York State Public Service Commission under the procedures set forth in Section 228 of the New York Public Service Law and Part 898, Title 16 of the NYCRR. Please note, however, that the filing of such a petition does not delay Verizon's right to access your Property. The complete text of Section 228 may be found on the enclosed copy of the notice of Verizon's intention to survey/install/upgrade cable television facilities and service.

If we do not hear from you within two weeks as mentioned above, Verizon's Legal Department may be forced to file a Petition for Order of Entry to the New York State Public Service Commission, after which you will be afforded, per 16 NYCRR 898.4(b)(9), twenty days to answer the Petition and set forth any additional matter not contained in the Petition. The Petition will seek an order granting Verizon the right to survey for and/or install/upgrade cable television facilities and service at your Property. If you have specific legal questions about Verizon's rights under New York law or Verizon's Cable Franchise Agreement, we recommend that you engage an attorney. You may also contact Michael Morano, Assistant General Counsel for Verizon's National Operations, at (908) 559-3332 to discuss legal issues or questions, but please be advised that he represents Verizon and cannot provide you with legal advice.

Your cooperation in this matter would be greatly appreciated. We look forward to hearing from you.

Sincerely,

Alyson M. Seigal  
Manager, FiOS Franchise Assurance – New York City

Verizon's compliance with these franchise requirements may be compromised by the delay we are experiencing in trying to gain access to and install cable television facilities at your Property.

Verizon's proposed installation will protect the safety, functioning and appearance of the premises, and Verizon will bear the cost of the installation of its cable television facilities. Verizon will also indemnify the landlord for damage caused by the installation of Verizon's facilities. Verizon's policy is to work with you to arrange convenient dates for access and to reach agreement on engineering plans / designs for the Property. **Please contact Verizon's NYC FiOS Real Estate**

**Department at (888) 364-3467 within two weeks of receipt of this letter so that we may move forward with the process of bringing FiOS to your Property and/or other properties on your block.**

If you believe that Verizon's installation of cable television facilities constitutes an undue "taking" of your Property, you may file a petition for "just compensation" with the New York State Public Service Commission under the procedures set forth in Section 228 of the New York Public Service Law and Part 898, Title 16 of the NYCRR. Please note, however, that the filing of such a petition does not delay Verizon's right to access your Property. The complete text of Section 228 may be found on the enclosed copy of the notice of Verizon's intention to survey/install/upgrade cable television facilities and service.

If we do not hear from you within two weeks as mentioned above, Verizon's Legal Department may be forced to file a Petition for Order of Entry to the New York State Public Service Commission, after which you will be afforded, per 16 NYCRR 898.4(b)(9), twenty days to answer the Petition and set forth any additional matter not contained in the Petition. The Petition will seek an order granting Verizon the right to survey for and/or install/upgrade cable television facilities and service at your Property. If you have specific legal questions about Verizon's rights under New York law or Verizon's Cable Franchise Agreement, we recommend that you engage an attorney. You may also contact Michael Morano, Assistant General Counsel for Verizon's National Operations, at (908) 559-3332 to discuss legal issues or questions, but please be advised that he represents Verizon and cannot provide you with legal advice.

RE: Notice of Intention to Inspect, Survey and Install/Upgrade Cable Television Facilities and Service at:  
1270 E 18, Brooklyn NY

Dear Property Owner/ Manager:

I have been advised by Verizon New York Inc.'s ("Verizon") NYC FiOS Real Estate Department of Verizon's unsuccessful attempts to either inspect, survey and/or install FiOS facilities at **1270 E 18, Brooklyn NY** ("Property"). Our records indicate that you have not responded to our previous correspondence or that you have denied Verizon access to the Property. The purpose of this letter is to restate and explain our need to gain access to your Property.

By way of background, Verizon is attempting to gain access to your Property because we have received a request for FiOS service(s) from a tenant(s) in your building and/or a resident(s) on your block, and our access to your Property is necessary to provide cable television services to those tenants and/or residents. We are very excited about the opportunity to provide world-class voice, data and video services to you and the area residents using a fiber based network to deliver these services at unprecedented speeds and capacities. Your cooperation in allowing Verizon access to your Property will enable your tenants and/or other residents on your block to receive the services they want in a timely manner.

Please be advised that under Section 228 of the New York Public Service Law and Part 898, Title 16 of the New York Codes, Rules and Regulations ("NYCRR"), Verizon has the right to install cable television facilities upon the Property. *Loretto v. Teleprompter Manhattan CATV Corp.*, 53 N.Y. 2d 124 (1981). In addition, Verizon's Cable Franchise Agreement with the City of New York requires Verizon to provide cable television service to residents in its franchise area who request it, and Verizon has a limited timeframe in which to do so. Verizon's compliance with these franchise requirements may be compromised by the delay we are experiencing in trying to gain access to and install cable television facilities at your Property.

Verizon's proposed installation will protect the safety, functioning and appearance of the premises, and Verizon will bear the cost of the installation of its cable television facilities. Verizon will also indemnify the landlord for damage caused by the installation of Verizon's facilities. Verizon's policy is to work with you to arrange convenient dates for access and to reach agreement on engineering plans / designs for the Property. **Please contact Verizon's NYC FiOS Real Estate**

**Department at (888) 364-3467 within two weeks of receipt of this letter so that we may move forward with the process of bringing FiOS to your Property and/or other properties on your block.**

If you believe that Verizon's installation of cable television facilities constitutes an undue "taking" of your Property, you may file a petition for "just compensation" with the New York State Public Service Commission under the procedures set forth in Section 228 of the New York Public Service Law and Part 898, Title 16 of the NYCRR. Please note, however, that the filing of such a petition does not delay Verizon's right to access your Property. The complete text of Section 228 may be found on the enclosed copy of the notice of Verizon's intention to survey/install/upgrade cable television facilities and service.

If we do not hear from you within two weeks as mentioned above, Verizon's Legal Department may be forced to file a Petition for Order of Entry to the New York State Public Service Commission, after which you will be afforded, per 16 NYCRR 898.4(b)(9), twenty days to answer the Petition and set forth any additional matter not contained in the Petition. The Petition will seek an order granting Verizon the right to survey for and/or install/upgrade cable television facilities and service at your Property. If you have specific legal questions about Verizon's rights under New York law or Verizon's Cable Franchise Agreement, we recommend that you engage an attorney. You may also contact Michael Morano, Assistant General Counsel for Verizon's National Operations, at (908) 559-3332 to discuss legal issues or questions, but please be advised that he represents Verizon and cannot provide you with legal advice.

Your cooperation in this matter would be greatly appreciated. We look forward to hearing from you.

Sincerely,

Alyson Seigal

RE: Notice of Intention to Inspect, Survey and Install/Upgrade Cable Television Facilities and Service at:  
83-02 Cornish Av, Queens NY

Dear Property Owner/ Manager:

I have been advised by Verizon New York Inc.'s ("Verizon") NYC FiOS Real Estate Department of Verizon's unsuccessful attempts to either inspect, survey and/or install FiOS facilities at **83-02 Cornish Av, Queens NY** ("Property"). Our records indicate that you have not responded to our previous correspondence or that you have denied Verizon access to the Property. The purpose of this letter is to restate and explain our need to gain access to your Property.

By way of background, Verizon is attempting to gain access to your Property because we have received a request for FiOS service(s) from a tenant(s) in your building and/or a resident(s) on your block, and our access to your Property is necessary to provide cable television services to those tenants and/or residents. We are very excited about the opportunity to provide world-class voice, data and video services to you and the area residents using a fiber based network to deliver these services at unprecedented speeds and capacities. Your cooperation in allowing Verizon access to your Property will enable your tenants and/or other residents on your block to receive the services they want in a timely manner.

Please be advised that under Section 228 of the New York Public Service Law and Part 898, Title 16 of the New York Codes, Rules and Regulations ("NYCRR"), Verizon has the right to install cable television facilities upon the Property. *Loretto v. Teleprompter Manhattan CATV Corp.*, 53 N.Y. 2d 124 (1981). In addition, Verizon's Cable Franchise Agreement with the City of New York requires Verizon to provide cable television service to residents in its franchise area who request it, and Verizon has a limited timeframe in which to do so. Verizon's compliance with these franchise requirements may be compromised by the delay we are experiencing in trying to gain access to and install cable television facilities at your Property.

Verizon's proposed installation will protect the safety, functioning and appearance of the premises, and Verizon will bear the cost of the installation of its cable television facilities. Verizon will also indemnify the landlord for damage caused by the installation of Verizon's facilities. Verizon's policy is to work with you to arrange convenient dates for access and to reach agreement on engineering plans / designs for the Property. **Please contact Verizon's NYC FiOS Real Estate**

**Department at (888) 364-3467 within two weeks of receipt of this letter so that we may move forward with the process of bringing FiOS to your Property and/or other properties on your block.**

If you believe that Verizon's installation of cable television facilities constitutes an undue "taking" of your Property, you may file a petition for "just compensation" with the New York State Public Service Commission under the procedures set forth in Section 228 of the New York Public Service Law and Part 898, Title 16 of the NYCRR. Please note, however, that the filing of such a petition does not delay Verizon's right to access your Property. The complete text of Section 228 may be found on the enclosed copy of the notice of Verizon's intention to survey/install/upgrade cable television facilities and service.

If we do not hear from you within two weeks as mentioned above, Verizon's Legal Department may be forced to file a Petition for Order of Entry to the New York State Public Service Commission, after which you will be afforded, per 16 NYCRR 898.4(b)(9), twenty days to answer the Petition and set forth any additional matter not contained in the Petition. The Petition will seek an order granting Verizon the right to survey for and/or install/upgrade cable television facilities and service at your Property. If you have specific legal questions about Verizon's rights under New York law or Verizon's Cable Franchise Agreement, we recommend that you engage an attorney. You may also contact Michael Morano, Assistant General Counsel for Verizon's National Operations, at (908) 559-3332 to discuss legal issues or questions, but please be advised that he represents Verizon and cannot provide you with legal advice.

Your cooperation in this matter would be greatly appreciated. We look forward to hearing from you.

Sincerely,

RE: Notice of Intention to Inspect, Survey and Install/Upgrade Cable Television Facilities and Service at:  
7 Bond, New York NY

Dear Property Owner/ Manager:

I have been advised by Verizon New York Inc.'s ("Verizon") NYC FiOS Real Estate Department of Verizon's unsuccessful attempts to either inspect, survey and/or install FiOS facilities at **7 Bond, New York NY** ("Property"). Our records indicate that you have not responded to our previous correspondence or that you have denied Verizon access to the Property. The purpose of this letter is to restate and explain our need to gain access to your Property.

By way of background, Verizon is attempting to gain access to your Property because we have received a request for FiOS service(s) from a tenant(s) in your building and/or a resident(s) on your block, and our access to your Property is necessary to provide cable television services to those tenants and/or residents. We are very excited about the opportunity to provide world-class voice, data and video services to you and the area residents using a fiber based network to deliver these services at unprecedented speeds and capacities. Your cooperation in allowing Verizon access to your Property will enable your tenants and/or other residents on your block to receive the services they want in a timely manner.

Please be advised that under Section 228 of the New York Public Service Law and Part 898, Title 16 of the New York Codes, Rules and Regulations ("NYCRR"), Verizon has the right to install cable television facilities upon the Property. *Loretto v. Teleprompter Manhattan CATV Corp.*, 53 N.Y. 2d 124 (1981). In addition, Verizon's Cable Franchise Agreement with the City of New York requires Verizon to provide cable television service to residents in its franchise area who request it, and Verizon has a limited timeframe in which to do so. Verizon's compliance with these franchise requirements may be compromised by the delay we are experiencing in trying to gain access to and install cable television facilities at your Property.

Verizon's proposed installation will protect the safety, functioning and appearance of the premises, and Verizon will bear the cost of the installation of its cable television facilities. Verizon will also indemnify the landlord for damage caused by the installation of Verizon's facilities. Verizon's policy is to work with you to arrange convenient dates for access and to reach agreement on engineering plans / designs for the Property. **Please contact Verizon's NYC FiOS Real Estate**

**Department at (888) 364-3467 within two weeks of receipt of this letter so that we may move forward with the process of bringing FiOS to your Property and/or other properties on your block.**

If you believe that Verizon's installation of cable television facilities constitutes an undue "taking" of your Property, you may file a petition for "just compensation" with the New York State Public Service Commission under the procedures set forth in Section 228 of the New York Public Service Law and Part 898, Title 16 of the NYCRR. Please note, however, that the filing of such a petition does not delay Verizon's right to access your Property. The complete text of Section 228 may be found on the enclosed copy of the notice of Verizon's intention to survey/install/upgrade cable television facilities and service.

If we do not hear from you within two weeks as mentioned above, Verizon's Legal Department may be forced to file a Petition for Order of Entry to the New York State Public Service Commission, after which you will be afforded, per 16 NYCRR 898.4(b)(9), twenty days to answer the Petition and set forth any additional matter not contained in the Petition. The Petition will seek an order granting Verizon the right to survey for and/or install/upgrade cable television facilities and service at your Property. If you have specific legal questions about Verizon's rights under New York law or Verizon's Cable Franchise Agreement, we recommend that you engage an attorney. You may also contact Michael Morano, Assistant General Counsel for Verizon's National Operations, at (908) 559-3332 to discuss legal issues or questions, but please be advised that he represents Verizon and cannot provide you with legal advice.

Your cooperation in this matter would be greatly appreciated. We look forward to hearing from you.

Sincerely,

Alyson Seigal

RE: Notice of Intention to Inspect, Survey and Install/Upgrade Cable Television Facilities and Service at:  
383 E 195, Bronx NY

Dear Property Owner/ Manager:

I have been advised by Verizon New York Inc.'s ("Verizon") NYC FiOS Real Estate Department of Verizon's unsuccessful attempts to either inspect, survey and/or install FiOS facilities at **383 E 195, Bronx NY** ("Property"). Our records indicate that you have not responded to our previous correspondence or that you have denied Verizon access to the Property. The purpose of this letter is to restate and explain our need to gain access to your Property.

By way of background, Verizon is attempting to gain access to your Property because we have received a request for FiOS service(s) from a tenant(s) in your building and/or a resident(s) on your block, and our access to your Property is necessary to provide cable television services to those tenants and/or residents. We are very excited about the opportunity to provide world-class voice, data and video services to you and the area residents using a fiber based network to deliver these services at unprecedented speeds and capacities. Your cooperation in allowing Verizon access to your Property will enable your tenants and/or other residents on your block to receive the services they want in a timely manner.

Please be advised that under Section 228 of the New York Public Service Law and Part 898, Title 16 of the New York Codes, Rules and Regulations ("NYCRR"), Verizon has the right to install cable television facilities upon the Property. *Loretto v. Teleprompter Manhattan CATV Corp.*, 53 N.Y. 2d 124 (1981). In addition , Verizon's Cable Franchise Agreement with the City of New York requires Verizon to provide cable television service to residents in its franchise area who request it, and Verizon has a limited timeframe in which to do so. Verizon's compliance with these franchise requirements may be compromised by the delay we are experiencing in trying to gain access to and install cable television facilities at your Property.

Verizon's proposed installation will protect the safety, functioning and appearance of the premises, and Verizon will bear the cost of the installation of its cable television facilities. Verizon will also indemnify the landlord for damage caused by the installation of Verizon's facilities. Verizon's policy is to work with you to arrange convenient dates for access and to

reach agreement on engineering plans / designs for the Property. **Please contact Verizon's NYC FiOS Real Estate Department at (888) 364-3467 within two weeks of receipt of this letter so that we may move forward with the process of bringing FiOS to your Property and/or other properties on your block.**

If you believe that Verizon's installation of cable television facilities constitutes an undue "taking" of your Property, you may file a petition for "just compensation" with the New York State Public Service Commission under the procedures set forth in Section 228 of the New York Public Service Law and Part 898, Title 16 of the NYCRR. Please note, however, that the filing of such a petition does not delay Verizon's right to access your Property. The complete text of Section 228 may be found on the enclosed copy of the notice of Verizon's intention to survey/install/upgrade cable television facilities and service.

If we do not hear from you within two weeks as mentioned above, Verizon's Legal Department may be forced to file a Petition for Order of Entry to the New York State Public Service Commission, after which you will be afforded, per 16 NYCRR 898.4(b)(9), twenty days to answer the Petition and set forth any additional matter not contained in the Petition. The Petition will seek an order granting Verizon the right to survey for and/or install/upgrade cable television facilities and service at your Property. If you have specific legal questions about Verizon's rights under New York law or Verizon's Cable Franchise Agreement, we recommend that you engage an attorney. You may also contact Michael Morano, Assistant General Counsel for Verizon's National Operations, at (908) 559-3332 to discuss legal issues or questions, but please be advised that he represents Verizon and cannot provide you with legal advice.

Your cooperation in this matter would be greatly appreciated. We look forward to hearing from you.

Sincerely,

Our records indicate that you have not responded to our previous correspondence or that you have denied Verizon access to the Property. The purpose of this letter is to restate and explain our need to gain access to your Property.

By way of background, Verizon is attempting to gain access to your Property because we have received a request for FiOS service(s) from a tenant(s) in your building and/or a resident(s) on your block, and our access to your Property is necessary to provide cable television services to those tenants and/or residents. We are very excited about the opportunity to provide world-class voice, data and video services to you and the area residents using a fiber based network to deliver these services at unprecedented speeds and capacities. Your cooperation in allowing Verizon access to your Property will enable your tenants and/or other residents on your block to receive the services they want in a timely manner.

Please be advised that under Section 228 of the New York Public Service Law and Part 898, Title 16 of the New York Codes, Rules and Regulations ("NYCRR"), Verizon has the right to install cable television facilities upon the Property. *Loretto v. Teleprompter Manhattan CATV Corp.*, 53 N.Y. 2d 124 (1981). In addition, Verizon's Cable Franchise Agreement with the City of New York requires Verizon to provide cable television service to residents in its franchise area who request it, and Verizon has a limited timeframe in which to do so. Verizon's compliance with these franchise requirements may be compromised by the delay we are experiencing in trying to gain access to and install cable television facilities at your Property.

Verizon's proposed installation will protect the safety, functioning and appearance of the premises, and Verizon will bear the cost of the installation of its cable television facilities. Verizon will also indemnify the landlord for damage caused by the installation of Verizon's facilities. Verizon's policy is to work with you to arrange convenient dates for access and to reach agreement on engineering plans / designs for the Property. **Please contact Verizon's NYC FiOS Real Estate**

**Department at (888) 364-3467 within two weeks of receipt of this letter so that we may move forward with the process of bringing FiOS to your Property and/or other properties on your block.**

If you believe that Verizon's installation of cable television facilities constitutes an undue "taking" of your Property, you may file a petition for "just compensation" with the New York State Public Service Commission under the procedures set forth in Section 228 of the New York Public Service Law and Part 898, Title 16 of the NYCRR. Please note, however, that the filing of such a petition does not delay Verizon's right to access your Property. The complete text of Section 228 may be found on the enclosed copy of the notice of Verizon's intention to survey/install/upgrade cable television facilities and service.

If we do not hear from you within two weeks as mentioned above, Verizon's Legal Department may be forced to file a Petition for Order of Entry to the New York State Public Service Commission, after which you will be afforded, per 16 NYCRR 898.4(b)(9), twenty days to answer the Petition and set forth any additional matter not contained in the Petition. The Petition will seek an order granting Verizon the right to survey for and/or install/upgrade cable television facilities and service at your Property. If you have specific legal questions about Verizon's rights under New York law or Verizon's Cable Franchise Agreement, we recommend that you engage an attorney. You may also contact Michael Morano, Assistant General Counsel for Verizon's National Operations, at (908) 559-3332 to discuss legal issues or questions, but please be advised that he represents Verizon and cannot provide you with legal advice.

Your cooperation in this matter would be greatly appreciated. We look forward to hearing from you.

RE: Notice of Intention to Install/Upgrade Cable Television Facilities and Service at:  
1571 Undercliff Av, Bronx NY

Dear Property Owner/Manager:

I have been advised by Verizon New York Inc.'s ("Verizon") NYC FiOS Real Estate Department of the difficulty Verizon has encountered in attempting to install and/or attach its FiOS facilities at **1571 Undercliff Av, Bronx NY** ("Property"). Our records indicate that you have not responded to our previous correspondence, that you have conditioned Verizon's access on unreasonable terms and conditions or that you have denied Verizon access to the Property. The purpose of this letter is to restate our need to gain access to your Property.

By way of background, Verizon is attempting to gain access to your building because we have received a request for FiOS service(s) from a tenant(s) in your building and/or a resident(s) on your block, and our access to your Property is necessary to provide cable television services to those tenants and/or residents. We are very excited about the opportunity to provide world-class voice, data and video services to you and the area residents using a fiber based network to deliver these services at unprecedented speeds and capacities. Your cooperation in allowing Verizon access to your Property will enable your tenants and/or other residents on your block to receive the services they want in a timely manner.

However, in the event that you do not cooperate in providing Verizon access, you should know that under Section 228 of the New York Public Service Law and Part 898, Title 16 of the New York Codes, Rules and Regulations ("NYCRR"), Verizon has the right to install cable television facilities upon the Property. *Loretto v. Teleprompter Manhattan CATV Corp.*, 53 N.Y. 2d 124 (1981). Section 228 of the New York Public Service Law states that "[n]o landlord shall interfere with the installation of cable television facilities upon his property or premises ...." In addition, Verizon's Cable Franchise Agreement with the City of New York requires Verizon to provide cable television service to residents in its franchise area who request it, and Verizon has a limited timeframe in which to do so. Verizon's compliance with these franchise requirements may be compromised by the delay we are experiencing in trying to gain access to and install cable television facilities at your Property.

Verizon's proposed installation will protect the safety, functioning and appearance of the premises, and Verizon will bear the cost of the installation of its cable television facilities. Verizon will also indemnify the landlord for damage caused by the installation of Verizon's facilities. Verizon's policy is to work with you to arrange convenient dates for access and to reach agreement on engineering plans / designs for the Property. **Please contact Verizon's NYC FiOS Real Estate Department at (888) 364-3467 within two weeks of receipt of this letter so that we may move forward with the process of bringing FiOS to your Property and/or other properties on your block.**

If you believe that Verizon's installation of cable television facilities constitutes an undue "taking" of your Property, you may file a petition for "just compensation" with the New York State Public Service Commission under the procedures set forth in Section 228 of the New York Public Service Law and Part 898, Title 16 of the NYCRR. Please note, however, that the filing of such a petition does not delay Verizon's right to access your Property. The complete text of Section 228 may be found on the enclosed copy of the notice of Verizon's intention to survey/install/upgrade cable television facilities and service.

If we do not hear from you within two weeks as mentioned above, Verizon's Legal Department may be forced to file a Petition for Order of Entry to the New York State Public Service Commission, after which you will be afforded, per 16 NYCRR 898.4(b)(9), twenty days to answer the Petition and set forth any additional matter not contained in the Petition. The Petition will seek an order granting Verizon the right to survey for and/or install/upgrade cable television facilities and service at your Property. If you have specific legal questions about Verizon's rights under New York law or Verizon's Cable Franchise Agreement, we recommend that you engage an attorney. You may also contact Michael Morano, Assistant General Counsel for Verizon's National Operations, at (908) 559-3332 to discuss legal issues or questions, but please be advised that he represents Verizon and cannot provide you with legal advice.

Your cooperation in this matter would be greatly appreciated. We look forward to hearing from you.

Sincerely,

Alyson M. Seigal

RE: Notice of Intention to Inspect, Survey and Install/Upgrade Cable Television Facilities and Service at:  
1555 Grand Concourse, 1555 Grand Conc, Bronx NY

Dear Property Owner/ Manager:

I have been advised by Verizon New York Inc.'s ("Verizon") NYC FiOS Real Estate Department of Verizon's unsuccessful attempts to either inspect, survey and/or install FiOS facilities at **1555 Grand Concourse, 1555 Grand Conc, Bronx NY** ("Property"). Our records indicate that you have not responded to our previous correspondence or that you have denied Verizon access to the Property. The purpose of this letter is to restate and explain our need to gain access to your Property.

By way of background, Verizon is attempting to gain access to your Property because we have received a request for FiOS service(s) from a tenant(s) in your building and/or a resident(s) on your block, and our access to your Property is necessary to provide cable television services to those tenants and/or residents. We are very excited about the opportunity to provide world-class voice, data and video services to you and the area residents using a fiber based network to deliver these services at unprecedented speeds and capacities. Your cooperation in allowing Verizon access to your Property will enable your tenants and/or other residents on your block to receive the services they want in a timely manner.

Please be advised that under Section 228 of the New York Public Service Law and Part 898, Title 16 of the New York Codes, Rules and Regulations ("NYCRR"), Verizon has the right to install cable television facilities upon the Property. *Loretto v. Teleprompter Manhattan CATV Corp.*, 53 N.Y. 2d 124 (1981). In addition, Verizon's Cable Franchise Agreement with the City of New York requires Verizon to provide cable television service to residents in its franchise area who request it, and Verizon has a limited timeframe in which to do so. Verizon's compliance with these franchise requirements may be compromised by the delay we are experiencing in trying to gain access to and install cable television facilities at your Property.

Verizon's proposed installation will protect the safety, functioning and appearance of the premises, and Verizon will bear the cost of the installation of its cable television facilities. Verizon will also indemnify the landlord for damage caused by the installation of Verizon's facilities. Verizon's policy is to work with you to arrange convenient dates for access and to

reach agreement on engineering plans / designs for the Property. **Please contact Verizon's NYC FiOS Real Estate Department at (888) 364-3467 within two weeks of receipt of this letter so that we may move forward with the process of bringing FiOS to your Property and/or other properties on your block.**

If you believe that Verizon's installation of cable television facilities constitutes an undue "taking" of your Property, you may file a petition for "just compensation" with the New York State Public Service Commission under the procedures set forth in Section 228 of the New York Public Service Law and Part 898, Title 16 of the NYCRR. Please note, however, that the filing of such a petition does not delay Verizon's right to access your Property. The complete text of Section 228 may be found on the enclosed copy of the notice of Verizon's intention to survey/install/upgrade cable television facilities and service.

If we do not hear from you within two weeks as mentioned above, Verizon's Legal Department may be forced to file a Petition for Order of Entry to the New York State Public Service Commission, after which you will be afforded, per 16 NYCRR 898.4(b)(9), twenty days to answer the Petition and set forth any additional matter not contained in the Petition. The Petition will seek an order granting Verizon the right to survey for and/or install/upgrade cable television facilities and service at your Property. If you have specific legal questions about Verizon's rights under New York law or Verizon's Cable Franchise Agreement, we recommend that you engage an attorney. You may also contact Michael Morano, Assistant General Counsel for Verizon's National Operations, at (908) 559-3332 to discuss legal issues or questions, but please be advised that he represents Verizon and cannot provide you with legal advice.

Your cooperation in this matter would be greatly appreciated. We look forward to hearing from you.

Sincerely,

Alyson Seigal

RE: Notice of Intention to Inspect, Survey and Install/Upgrade Cable Television Facilities and Service at:  
31 W Tremont Av, Bronx NY

Dear Property Owner/ Manager:

I have been advised by Verizon New York Inc.'s ("Verizon") NYC FiOS Real Estate Department of Verizon's unsuccessful attempts to either inspect, survey and/or install FiOS facilities at **31 W Tremont Av, Bronx NY** ("Property"). Our records indicate that you have not responded to our previous correspondence or that you have denied Verizon access to the Property. The purpose of this letter is to restate and explain our need to gain access to your Property.

By way of background, Verizon is attempting to gain access to your Property because we have received a request for FiOS service(s) from a tenant(s) in your building and/or a resident(s) on your block, and our access to your Property is necessary to provide cable television services to those tenants and/or residents. We are very excited about the opportunity to provide world-class voice, data and video services to you and the area residents using a fiber based network to deliver these services at unprecedented speeds and capacities. Your cooperation in allowing Verizon access to your Property will enable your tenants and/or other residents on your block to receive the services they want in a timely manner.

Please be advised that under Section 228 of the New York Public Service Law and Part 898, Title 16 of the New York Codes, Rules and Regulations ("NYCRR"), Verizon has the right to install cable television facilities upon the Property. *Loretto v. Teleprompter Manhattan CATV Corp.*, 53 N.Y. 2d 124 (1981). In addition, Verizon's Cable Franchise Agreement with the City of New York requires Verizon to provide cable television service to residents in its franchise area who request it, and Verizon has a limited timeframe in which to do so. Verizon's compliance with these franchise requirements may be compromised by the delay we are experiencing in trying to gain access to and install cable television facilities at your Property.

Verizon's proposed installation will protect the safety, functioning and appearance of the premises, and Verizon will bear the cost of the installation of its cable television facilities. Verizon will also indemnify the landlord for damage caused by the installation of Verizon's facilities. Verizon's policy is to work with you to arrange convenient dates for access and to reach agreement on engineering plans / designs for the Property. **Please contact Verizon's NYC FiOS Real Estate**

**Department at (888) 364-3467 within two weeks of receipt of this letter so that we may move forward with the process of bringing FiOS to your Property and/or other properties on your block.**

If you believe that Verizon's installation of cable television facilities constitutes an undue "taking" of your Property, you may file a petition for "just compensation" with the New York State Public Service Commission under the procedures set forth in Section 228 of the New York Public Service Law and Part 898, Title 16 of the NYCRR. Please note, however, that the filing of such a petition does not delay Verizon's right to access your Property. The complete text of Section 228 may be found on the enclosed copy of the notice of Verizon's intention to survey/install/upgrade cable television facilities and service.

If we do not hear from you within two weeks as mentioned above, Verizon's Legal Department may be forced to file a Petition for Order of Entry to the New York State Public Service Commission, after which you will be afforded, per 16 NYCRR 898.4(b)(9), twenty days to answer the Petition and set forth any additional matter not contained in the Petition. The Petition will seek an order granting Verizon the right to survey for and/or install/upgrade cable television facilities and service at your Property. If you have specific legal questions about Verizon's rights under New York law or Verizon's Cable Franchise Agreement, we recommend that you engage an attorney. You may also contact Michael Morano, Assistant General Counsel for Verizon's National Operations, at (908) 559-3332 to discuss legal issues or questions, but please be advised that he represents Verizon and cannot provide you with legal advice.

Your cooperation in this matter would be greatly appreciated. We look forward to hearing from you.

Sincerely,
