

SHORT TERM PUBLIC NOTICE UNDER RULE 51.333(a)

April 3, 2026

Carrier: Verizon Pennsylvania LLC, 900 Race Street, Philadelphia, PA 19107

Contact: For additional information on these planned network changes, please contact:

Lisa Thompson
Global Data Network Engineering
Verizon Wireline Network Operations
13100 Columbia Pike, Floor 5 Room 505
Silver Spring, MD 20904
410-375-9777

Michael Childs
Associate Director
Verizon Network Engineering
5055 North Point Pkwy.
Alpharetta, GA 30022
469-497-4466

Implementation Date: On or after May 25, 2026

Planned Network Change(s) will occur at the following locations in Pennsylvania:

Verizon Central Office	Address	CLLI
Downtown DS1 PA 5ESS Switch	416 7th Avenue Pittsburgh, PA 15219	PITBPADTDS1
Oakland PA CS2K Switch	530 N. Neville Street Pittsburgh, PA 15213	PITBPAOKPS0

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Downtown DS1 PA 5ESS switch are associated with CLLI code PITBPADTDS1 and will not be repeated throughout this notice.
- All references to the Oakland PA CS2K switch are associated with CLLI code PITBPAOKPS0 and will not be repeated throughout this notice.

Description of the Planned Network Change(s):

The Verizon Downtown DS1 PA 5ESS switch, located at 416 7th Avenue, Pittsburgh, PA 15219, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Oakland PA CS2K switch, located at 530 N. Neville Street, Pittsburgh, PA 15213. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Oakland PA CS2K switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Downtown DS1 PA 5ESS switch will be required to reposition the codes to the Oakland PA CS2K switch.

All ASRs for the Oakland PA CS2K switch must be received no later than April 25, 2026, to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Downtown DS1 PA 5ESS switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Downtown DS1 PA 5ESS switch (**on or after May 25, 2026**). This will serve to guide interconnect re-routes of traffic for the seventeen (17) native codes currently served by the Downtown DS1 PA 5ESS switch to reflect the Oakland PA CS2K switch as the new home switch.
