SHORT TERM PUBLIC NOTICE UNDER RULE 51.333(a)

June 12, 2026

Carrier: Verizon Maryland LLC, 12 West Street, Annapolis, MD 21401

Contact: For additional information on these planned network changes, please contact:

Lisa M Thompson
Global Engineering and System Performance
Verizon Wireline Network Operations
13100 Columbia Pike
Silver Spring, MD 20904
(410) 375-9777

Michael Childs
Associate Director
Verizon Network Engineering
5055 North Point Pkwy.
Alpharetta, GA 30022
(469) 497-4466

Implementation Date: On or after August 1, 2026

Planned Network Change(s) Will Occur at the Following Maryland Location(s):

Verizon Central Office	Address	CLLI
Silver Spring MD 5ESS Switch	8670 Georgia Avenue Silver Spring, MD 20910	SLSPMDSSDS0
Hyattsville MD CS2K Switch	5500 Baltimore Avenue Hyattsville, MD 20781	HYVLMDHYP0

This notice may also be viewed at:

<http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Silver Spring MD 5ESS switch are associated with CLLI code SLSPMDSSDS0 and will not be repeated throughout the notice.
- All references to the Hyattsville MD CS2K switch are associated with CLLI code HYVLMDHYP0 and will not be repeated throughout the notice.

Description of the Planned Network Change(s):

The Verizon Silver Spring MD 5ESS switch, located at 8670 Georgia Avenue, Silver Spring, MD 20910, will be retired and removed from the Verizon network after all traffic served by this switch is migrated to the Hyattsville MD CS2K switch, located at 5500 Baltimore Avenue, Hyattsville, MD 20781. All traffic to be migrated to the Hyattsville MD CS2K switch includes, but is not limited to Inter-LATA (ACCESS/FG-B-D/CLEC IXC), wireless and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

All carriers—including competitive local exchange carriers (CLECs), Interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers—will need to provision new trunk groups to support direct end office trunking to the Hyattsville MD CS2K switch or have existing trunk groups to that switch augmented.

All ASRs for the Hyattsville MD CS2K must be received no later than **July 6, 2026**, to provide sufficient time to migrate the traffic described above. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Silver Spring MD 5ESS switch (**on or after August 1, 2026**). This will serve to guide interconnect re-routes of traffic for the NPA codes currently served by the Silver Spring MD 5ESS switch to reflect the Hyattsville MD CS2K switch as the new home switch. All trunks to the Hyattsville MD CS2K switch must be in place prior to the decommissioning of the Silver Spring MD 5ESS switch.
