

Connecting with customers has never been easier.

Verizon Contact Center Hub offers a simple, affordable contact center solution to help you deliver exceptional customer service.

Providing great customer service is key to growing your business. Verizon Contact Center Hub is an easy-to-use, cloud-based contact center solution that enables customers to connect with your business anytime, anywhere. It's an agile service that scales to meet your business needs. It can be set up quickly, so you can spend more time engaging with customers and less time dealing with technology.

62% of customers contacted customer service for any reason over the past month.¹

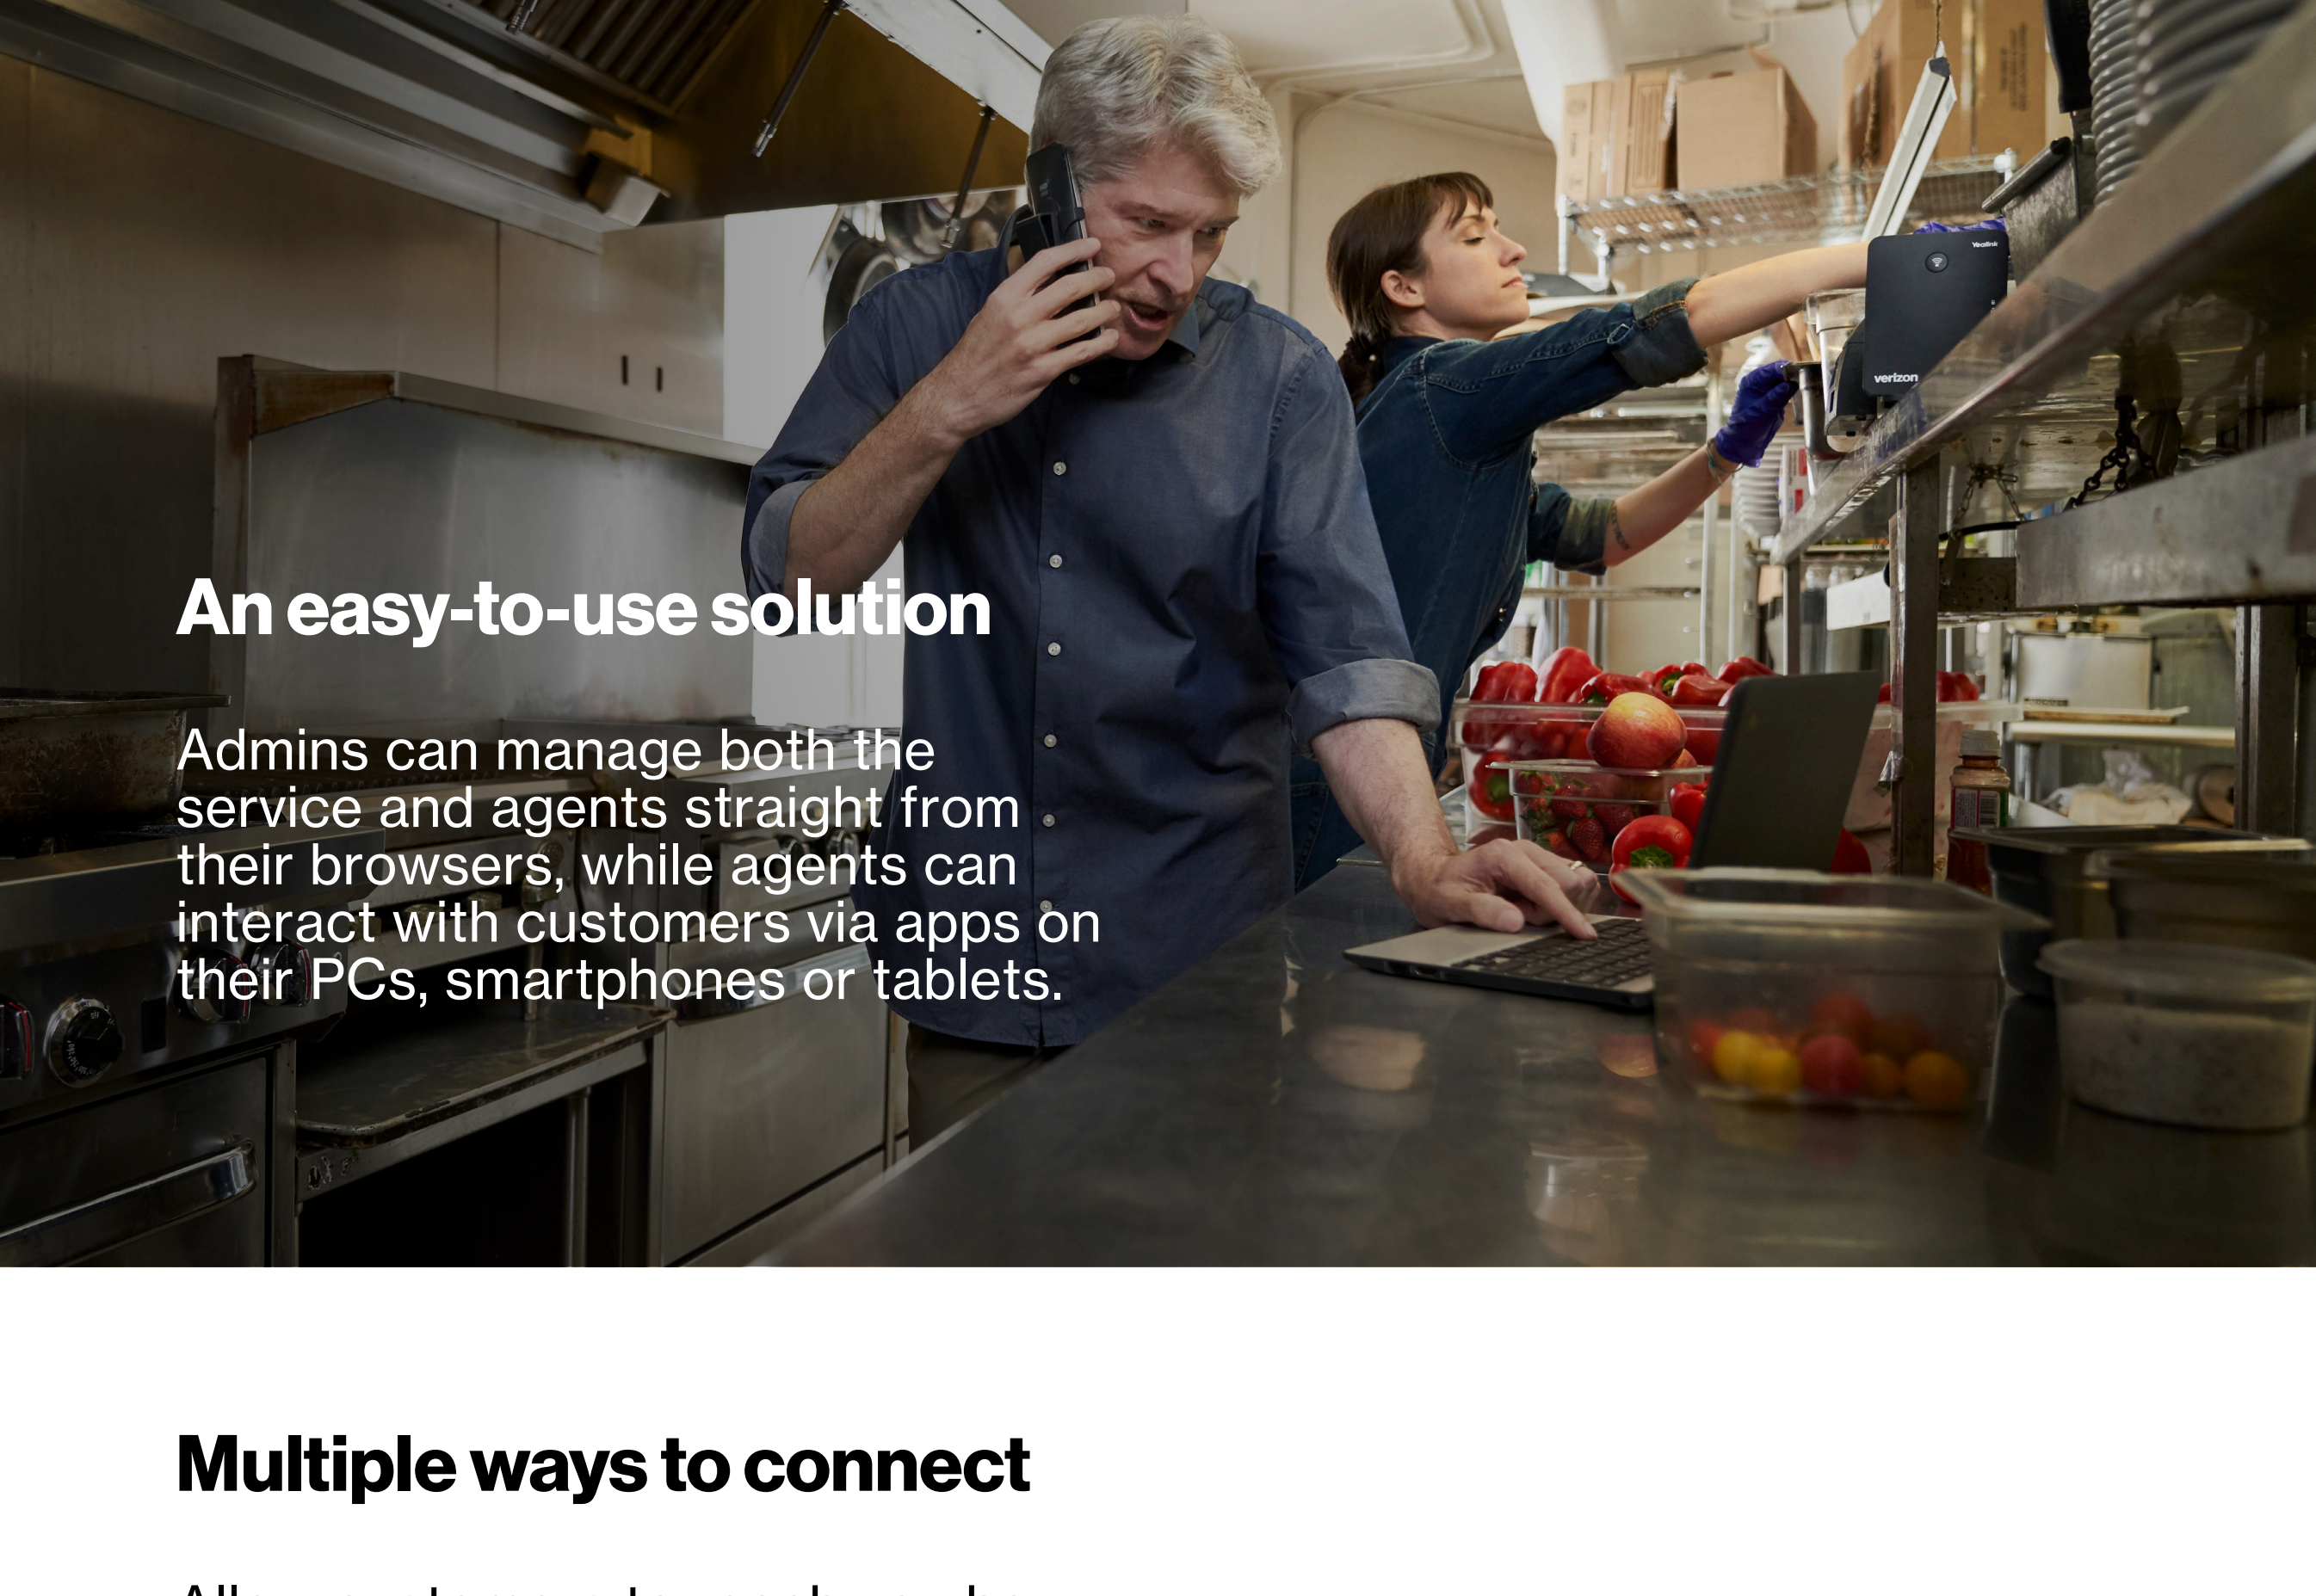

A simple installation

Get a contact center up and going quickly, with no hardware or IT staff needed. In fact, we'll help you do it for free.

An easy-to-use solution

Admins can manage both the service and agents straight from their browsers, while agents can interact with customers via apps on their PCs, smartphones or tablets.

Multiple ways to connect

Allow customers to reach you how they want, 24/7, through voice calls or text messages.

Built for a mobile workforce

Enable agents to work remotely from any location with mobile apps and devices to satisfy customer needs from virtually anywhere.

An agile solution that flexes with your business

Quickly and easily add or remove users and numbers on the fly as your business grows or scales down.

Flat-rate pricing

Choose a per-agent plan that includes the features, minutes and SMS texting capabilities that your business needs.

Essential
